Practical Guide to Simulation in Delivery Room Emergencies Gilda Cinnella, Renata Beck, Antonio Malvasi, 2023-06-13 In this book the use of hybrid simulation in delivery room emergencies is described and shown. The use of a patient actor combined with a task trainer within the same session substantially improves the training for practical management of intrapartum emergencies in real life, reducing the risk of failure of operative vaginal delivery and of related adverse events including perinatal or maternal complications. Furthermore, simulation with high reality computerized mannequin and scenography of emergency situation can improve technical and manual skills of the participants. For this book and the related videos, a new generation of mannequins suitable for both clinical manoeuvres and ultrasound examination is used to simulate all clinical scenarios of emergency that can happen in the delivery room for both the mother and the child. This unique book is a useful tool for medical students, residents practicing pediatricians, anesthetists, obstetricians and all health care professionals working in the delivery room in their ability to deal with critical and emergency situations with safety and good medical practice.

30 Rights of Muslim Women Daisy Khan, 2024-05-21 2025 Nautilus Award Winner Gold Religion. This authoritative go-to publication aims to educate women on how to express their rights within Islam. Perfect for enabling activists to integrate an egalitarian Islamic belief system into their movements. The most effective means of improving Muslim women's lives is connecting them to their deeply held beliefs that affirm human dignity and gender equality at the core of the Islamic faith. But Muslim women lack this information that enlightens and vouches for their sacred rights and they have no accessible tools that encourage faith-based activism consistent with the Islamic faith. To protect them from being misrepresented by or outside their communities, there is a need to provide pre-packaged, easy-to-understand literacy tools to women so they can lead lives of choice, dignity and opportunity. 30 Rights of Muslim Women aims to fill this gap.
