Palestinian Nakba Doctor Nahla Abdo, Nur Masalha, 2018-05-15 In 2018 Palestinians mark the 70th anniversary of the Nakba when over 750 000 people were uprooted and forced to flee their homes in the early days of the Israeli Palestinian conflict Even today the bitterness and trauma of the Nakba remains raw and it has become the pivotal event both in the shaping of Palestinian identity and in galvanising the resistance to occupation Unearthing an unparalleled body of rich oral testimony *An Oral History of the Palestinian Nakba* tells the story of this epochal event through the voices of the Palestinians who lived it uncovering remarkable new insights both into Palestinian experiences of the Nakba and into the wider dynamics of the ongoing conflict Drawing together Palestinian accounts from 1948 with those of the present day the book confronts the idea of the Nakba as an event consigned to the past instead revealing it to be an ongoing process aimed at the erasure of Palestinian memory and history In the process each unique and wide ranging contribution leads the way for new directions in Palestinian scholarship The Palestine Nakba Nur Masalha, 2012-02-09 2012 marks the 63rd anniversary of the Nakba the

most traumatic catastrophe that ever befell Palestinians This book explores new ways of remembering and commemorating the Nakba In the context of Palestinian oral history it explores social history from below subaltern narratives of memory and the formation of collective identity Masalha argues that to write more truthfully about the Nakba is not just to practise a professional historiography but an ethical imperative The struggles of ordinary refugees to recover and publicly assert the truth about the Nakba is a vital way of protecting their rights and keeping the hope for peace with justice alive This book is essential for understanding the place of the Palestine Nakba at the heart of the Israel Palestine conflict and the vital role of

memory in narratives of truth and reconciliation **Palestine** Azmi Bishara, 2022-03-17 In January 2020 US President Donald Trump announced his deal of the century. Supposedly intended to resolve the Palestine-Israel conflict, it accepted Israeli occupation as a *fait accompli*. Azmi Bishara places this normalisation of occupation in its historical context, examining Palestine as an unresolved case of settler colonialism that has now evolved into an apartheid regime. Drawing on extensive research and rich theoretical analysis, Bishara examines the overlap between the long-discussed Jewish Question and what he calls the Arab Question, complicating the issue of Palestinian nationhood. He addresses the Palestinian Liberation Movement's failure to achieve self-determination and the emergence of a Palestinian Authority under occupation. He contends that no solution to problems of nationality or settler colonialism is possible without recognising the historic injustices inflicted on Palestinians since the Nakba. This book compellingly argues that Palestine is not simply a dilemma awaiting creative policy solutions but a problem requiring the application of justice. Attempts by regional governments to marginalise the Palestinian cause and normalise relations with Israel have emphasised this aspect of the struggle and boosted Palestinian interactions with justice movements internationally. Bishara provides a sober perspective on the current political situation in Palestine and a fresh outlook for its future.

Women, Reconciliation and the Israeli-Palestinian Conflict Giulia Daniele, 2014-04-16 *Women, Reconciliation and the Israeli-Palestinian Conflict* explores the most prominent instances of women's political activism in the occupied Palestinian territories and in Israel, focussing primarily on the last decade. By taking account of the heterogeneous narrative identities existing in such a context, the author questions the effectiveness of the contributions of Palestinian and Israeli Jewish women activists towards a feasible renewal of the peace process founded on mutual recognition and reconciliation. Based on feminist literature and field research, this book re-problematizes the controversial liaison between ethno-national narratives, feminist backgrounds, and women's activism in Palestine-Israel. In detail, the most relevant salience of this study is the provision of an additional contribution to the recent debate on the process of making Palestinian and Israeli women activists more visible and the importance of this process as one of the most meaningful ways to open up areas of enquiry around major prospects for the end of the Israeli-Palestinian conflict. Tackling topical issues relating to alternative resolutions to the Israeli-Palestinian conflict, this book will be a valuable resource for both academics and activists with an interest in Middle East Politics, Gender Studies, and Conflict Resolution.

Emotions and Belonging in Forced Migration Basem Mahmud, 2021-09-27 *Emotions and Belonging in Forced Migration* takes a sociology of emotions approach to gain a better understanding of the present situation of forced migration. Furthermore, it helps to bring the voices and views of forced migrants to academic and public debates in Western society where they have been generally absent and often investigated with predefined concepts and categories based on theories having little relevance to their cultural and social experiences. This work, however, is based on an inductive methodology that carefully carries the voices of forced migrants throughout the research. Therefore, it will be of interest for various audiences from different disciplines in social sciences as for any readers.
