Modernism Evolution Of An Idea New Modernisms:

Modernism Sean Latham, Gayle Rogers, 2020 Modernism Evolution of an Idea traces the development of the term modernism from cultural debates in the early twentieth century to the dynamic contemporary field of modernist studies Rather than assuming and recounting the contributions of modernism's chief literary and artistic figures this book focuses on critical formulations and reception through topics such as the evolution of modernism from a pejorative term in intellectual arguments to its subsequent centrality to definitions of new art new criticism and its legacies in the formation of the modernist canon in anthologies classrooms and literary histories and shifting conceptions of modernism during the rise of gender and race studies French theory Marxist criticism postmodernism and more **Modernism: Evolution of an Idea** Sean Latham, Gayle Rogers, 2015-10-22 What exactly is modernism And how and why has its definition changed over time Modernism Evolution of an Idea is the first book to trace the development of the term modernism from cultural debates in the early twentieth century to the dynamic contemporary field of modernist studies Rather than assuming and recounting the contributions of modernism's chief literary and artistic figures this book focuses on critical formulations and reception through topics such as The evolution of modernism from a pejorative term in intellectual arguments through its condemnation by Pope Pius X in 1907 and on to its subsequent centrality to definitions of new art by T S Eliot Laura Riding and Robert Graves F R Leavis Edmund Wilson and Clement Greenberg New Criticism and its legacies in the formation of the modernist canon in anthologies classrooms and literary histories The shifting conceptions of modernism during the rise of gender and race studies French theory Marxist criticism postmodernism and more The New Modernist Studies and its contemporary engagements with the politics institutions and many cultures of modernism internationally With a glossary of key terms and movements and a capacious critical bibliography this is an essential survey for students and scholars working in modernist studies at all levels **The New Modernist Studies** Douglas Mao, 2021-02-04 This is the first book specifically devoted to the new modernist studies Bringing together a range of perspectives on the past present and future of this vibrant complicated scholarly enterprise the collection reconsiders its achievements and challenges as both a mode of inquiry and an institutional formation In its first section the volume offers a fresh history of the new modernist studies origins amid the intellectual configurations of the end of the twentieth century and changing views of the value influence and scope of modernism In the second section a dozen leading scholars examine recent trends in modernist scholarship to suggest possible new paths of research showing how the field continues to engage with other areas of study and how it makes a case for the ongoing meaning of modernist literature and art in the contemporary world Race and New Modernisms K. Merinda Simmons, James A. Crank, 2019-09-05 From the Harlem and Southern Renaissances to postcolonial writing in the Caribbean Race and New Modernisms introduces and critically explores key issues and debates on race and ethnicity in the study of transnational modernism today Topics covered include Key terms and concepts in scholarly discussions of race and

ethnicity European modernism and cultural appropriation Modernism colonialism and empire Southern and Harlem
 Renaissances Social movements and popular cultures in the modernist period Covering writers and artists such as Josephine
 Baker W E B Du Bois T S Eliot William Faulkner Marcus Garvey douard Glissant Ernest Hemingway Zora Neale Hurston
 Claude McKay and Paul Robeson the book considers the legacy of modernist discussions of race in twenty first century
 movements such as Black Lives Matter The New Modernist Novel Elizabeth Pender,2024-09-30 Considers relationships
 between modernist literature and literary criticism and argues that new modernist fiction can bring with it new modes of
 reading Considers how close reading may change as the study of modernism changes to include recently recovered fiction
 Asks what reading meant for selected critics of modernist literature around 1930 and around 1960 Offers readings of three
 new modernist novels Djuna Barnes s Nightwood John Rodker s Adolphe 1920 and Mina Loy s Insel Considers key cultural
 moments of the novels composition and reception Extends the questions about reading raised by these novels to Samuel
 Beckett s Comment c est How It Is and Jean Rhys s short stories Since the late twentieth century new understandings of
 modernism have come with new attention to a range of writers Yet if the academic study of modernism took shape around an
 older narrower selection of writers and works how can its modes of reading be relevant to newly recovered modernist writing
 This book considers how close reading may change as the subjects of literary study change Elizabeth Pender asks what
 reading meant for critics of modernist literature around 1930 and around 1960 and then what close reading might look like
 now for three new modernist novels Djuna Barnes s Nightwood John Rodker s Adolphe 1920 and Mina Loy s Insel tend to
 resist some of the strategies of reading that helped construct a narrowed modernist canon at mid century such as the pursuit
 of coherence These novels offer new thinking about the temporality of reading style and the ethics of narration Reading these
 novels now suggests that other new modernist fiction too may require revisions to vocabularies with which modernist
 literature has sometimes been read *After Modernism* Pelagia Goulimari,2023-03-31 While celebrating the centenary of
 the annus mirabilis of modernism we now encounter modernism after postmodernist poststructuralist postcolonial critical
 race feminist queer and trans writing and theory Out of the figures narratives and concepts they have developed a less
 universal more global decentred context specific interconnected modernism emerges In after modernism the meanings of
 after include periodisation homage and critique This book attends to neglected genealogies and intertexts high and low yet
 offering unacknowledged ontological epistemological conceptual and figurative resources How have artists of the Global
 South negotiated the hierarchical division of art capital into Western high art vs Global South culture Modernity s location
 has been the Western metropolis but other origin stories have been centring slavery colonialism the nation state If modernity
 did not originate once why not multiple and still to come modernities Instead of a universalizable Western modernity vs local
 non Western traditions the contributors to this book discern multiple modern traditions Rather than reifying their
 heterogeneity the authors tunnel for lost transnational connections The nation state and the citizen have together defined

Western modernity and the civilized Yet they have required the gender binary gender and sexual normativity assimilation exclusion forced migration partition segregation In between the public and the private humans and the natural world this book explores a multiple relational modern subjectivity collectivity and cosmic interconnectivity whose space is indivisible entangled ever folding and unfolding It was originally published as a special issue of the journal *Angelaki* **Modernist Crisis and the Pedagogy of Form** Matthew Cheney, 2020-01-23 What is the role of the author in times of crisis *Modernist Crisis and the Pedagogy of Form* examines how Virginia Woolf Samuel R Delany and J M Coetzee developed literary strategies in common to cope with crisis periods they were anticipating living through or looking back on Matthew Cheney outlines how the three writers shaped their art to create an author audience relationship congruent with the goals of critical pedagogy espoused by such thinkers as Paulo Freire and bell hooks Seeking to stimulate ethical thought Woolf Delany and Coetzee required their readers to be active interpreters of their texts forms contents and contexts By pushing against fiction's fictionality these writers of very different backgrounds geographies privileges situations tastes and styles discovered complex ways to address the world wars in England the AIDS crisis in New York and apartheid in South Africa going so far as to question the value of fiction itself **The New Modernist Studies Reader** Sean Latham, Gayle Rogers, 2021-01-28 Bringing together 17 foundational texts in contemporary modernist criticism in one accessible volume this book explores the debates that have transformed the field of modernist studies at the turn of the millennium and into the 21st century *The New Modernist Studies Reader* features chapters covering the major topics central to the study of modernism today including Feminism gender and sexuality Empire and race Print and media cultures Theories and history of modernism Each text includes an introductory summary of its historical and intellectual contexts with guides to further reading to help students and teachers explore the ideas further Includes essential texts by leading critics such as Anne Anlin Cheng Brent Hayes Edwards Rita Felski Susan Stanford Friedman Mark Goble Miriam Bratu Hansen Andreas Huyssen David James Heather K Love Douglas Mao Mark S Morrisson Michael North Jessica Pressman Lawrence Rainey Paul K Saint Amour Bonnie Kime Scott Urmila Seshagiri Robert Spoo and Rebecca L Walkowitz *Modernism, War, and Violence* Marina MacKay, 2017-05-18 The modernist period was an era of world war and violent revolution Covering a wide range of authors from Joseph Conrad and Thomas Hardy at the beginning of the period to Elizabeth Bowen and Samuel Beckett at the end this book situates modernism's extraordinary literary achievements in their contexts of historical violence while surveying the ways in which the relationships between modernism and conflict have been understood by readers and critics over the past fifty years Ranging from the colonial conflicts of the late 19th century to the world wars and the civil wars in between and concluding with the institutionalization of modernism in the Cold War *Modernism War and Violence* provides a starting point for readers who are new to these topics and offers a comprehensive and up to date survey of the field for a more advanced audience *Modernism, Science, and Technology* Mark S. Morrisson, 2016-11-17 From quantum physics and genetics to psychology

and the social sciences from the development of atomic weapons to the growing mass media of film and radio the early 20th century was a period of intense scientific and technological change Modernism Science and Technology surveys the scientific contexts of writers from H G Wells and Gertrude Stein to James Joyce and Virginia Woolf and the ways in which modernist writers responded to these paradigm shifts Introducing key concepts from science studies and their implications for the study of modernist literature the book includes chapters covering the physical sciences mathematics life sciences social sciences and pseudosciences Including a timeline of key developments and guides to further reading this is an essential guide to students and researchers studying the topic at all levels
