Mojo Special Limited Edition 1000 Days Of Beatlemania:

The Songwriting Secrets Of The Beatles Dominic Pedler, 2010-05-25 Thirty years after The Beatles split up the music of Lennon McCartney Harrison and Starr lives on What exactly were the magical ingredients of those legendary songs Why are they still so influential for today's bands This ground breaking book sets out to explore The Beatles songwriting techniques in a clear and readable style It is aimed not only at musicians but anyone who has ever enjoyed the work of one of the most productive and successful songwriting partnerships of the 20th Century Author Dominic Pedler explores the chord sequences melodies harmonies rhythms and structures of The Beatles self penned songs while challenging readers to enhance their appreciation of the lyrics themselves with reference to the musical context Throughout the book the printed music and lyrics of The Beatles songs appear alongside the text illustrating the author's explanations The Songwriting Secrets Of The Beatles is an essential addition to Beatles literature a new and perceptive analysis of both the music and the lyrics written and performed by what Paul McCartney still calls a really good tight little band

The Beatles on Film Roland Reiter, 2015-09-15 This book provides the production history and a contextual interpretation of The Beatles movies A Hard Day's Night Help! Yellow Submarine Let It Be and describes their ability to project the group's image at different stages in their career It also includes a discussion of all of The Beatles promotional films and videos as well as their television cartoon series and the self produced television special Magical Mystery Tour Along with The Beatles feature movies and promos this analysis also contains documentaries such as The Complete Beatles and Anthology as well as dramatizations of the band's history such as Backbeat The Hours and Times and Two of Us

Read the Beatles June Skinner Sawyers, 2006-10-31 A must have volume for all Beatles fans a career spanning selection of writings about the Fab Four There are of course many books on the Beatles but this is the only one available that is a comprehensive career spanning collection of journalism about the legendary band before and after the breakup Consisting of more than fifty articles essays interviews record and movie reviews poems and book excerpts many of them rare and hard to find Read the Beatles is an unprecedented compilation that follows the arc of the Fab Four's iconic and idiosyncratic career from their early days in Liverpool through their tragic and triumphant histories after the group's split The book also includes original essays from noted musicians and journalists about the Beatles lasting influence and why they still matter today

The Beatles , Love and Let Die John Higgs, 2022-09-15 Smart analytical and enormously good fun Stuart Maconie Mail on Sunday Ingenious conjures a whole cultural history of the past six decades The Spectator Strikingly insightful page after page of glorious anecdotes The i Newspaper A book to leave you shaken and stirred Independent Poignant and entertaining Observer If you take popular culture seriously this is the book for you Jeremy Deller Dr No the first Bond film and Love Me Do the first Beatles record were released on the same day Most countries can only dream of creating a phenomenon on this scale Britain produced two on one windy October afternoon Told over sixty dramatic years Love and Let Die is the story of two culture

touchstones that continue to define our aspirations and fantasies of opposing values visions of Britain and ideas about male identity and of how a clash between working class liberation and establishment control exploded on the global stage **The Unknown Paul McCartney** Ian Peel, 2013-04-05 Paul McCartney has often initiated and participated in projects that have taken him a long way from the kind of music associated with The Beatles Wings and his work as a solo artist These projects include the psychedelic tape loop experiments of the 1960s the Percy Thrillington diversion in the 1970s and more recent albums recorded as The Fireman as well as even more obscure activity much of which this book reveals in depth for the first time Ian Peel has interviewed many of McCartney s intimate musical associates from this less familiar side of his career These include Youth Super Furry Animals Nitin Sawhney playwright Arnold Wesker and perhaps most surprisingly of all Yoko Ono What emerges is a unique insight into an apparently over familiar public figure Paul McCartney experimental musician

Ink on the Tracks Adrian Grafe, Andrew McKeown, 2024-08-22 This book embraces the multiplicity of forms of writing inspired by rock and roll Exploring a diverse range of formats including rock autobiography and gender race and class in American rock journalism rock obituaries rock literature and spirituality rock writing and promotion packaging and more this book identifies and prioritizes writing forms often excluded from the categorization of rock music writing Vitally the volume places rock and roll writing within a wider cultural frame often overlooked by studies of traditional white male led music journalism **The Rock Canon** Carys Wyn Jones, 2017-07-05 Canons are central to our understanding of our culture and yet in the last thirty years there has been much conflict and uncertainty created by the idea of the canon In essence the canon comprises the works and artists that are widely accepted to be the greatest in their field Yet such an apparently simple construct embodies a complicated web of values and mechanisms Canons are also inherently elitist however Carys Wyn Jones here explores the emerging reflections of values terms and mechanisms from the canons of Western literature and classical music in the reception of rock music Jones examines the concept of the canon as theorized by scholars in the fields of literary criticism and musicology before moving on to search for these canonical facets in the reception of rock music as represented by ten albums Bob Dylan s Highway 61 Revisited The Beach Boys Pet Sounds The Beatles Revolver The Velvet Underground s The Velvet Underground Nico Van Morrison s Astral Weeks Marvin Gaye s What s Going On The Rolling Stones Exile on Main St Patti Smith s Horses The Sex Pistols Never Mind the Bollocks Here s the Sex Pistols and Nirvana s Nevermind Jones concludes that in the reception of rock music we are not only trying to organize the past but also mediate the present and any canon of rock music must now negotiate a far more pluralized culture and possibly accept a greater degree of change than has been evident in the canons of literature and classical music in the last two centuries **The Re-Enchantment of the West** Christopher Partridge, 2005-03-04 As a book about emergent spirituality in the contemporary West it focuses on the nature evolution and significance of new forms of religion and alternative spiritualities Part One of the book provides the theoretical background and guides the reader through some of the principal debates After an overview of the secularization

thesis which argues that the West is becoming increasingly disenchanted the second chapter turns to the sociological analysis of new religions and alternative spiritualities Particular attention is given to the ideas of the sociologist of religion Ernst Troeltsch especially his enigmatic analysis of the emergence mystical religion which presciently provides helpful insights into understanding the contemporary alternative religious milieu Against sociologists such as Bryan Wilson and Steve Bruce this and the subsequent chapter argues that rather than being insignificant new forms of spirituality are actually proving to be a significant part of Western re enchantment Chapter 3 constructs a general theory of the re enchantment of the West Chris Partridge argues that Western Society is permeated by a broad occulture by which he means a reservoir of ideas beliefs theories and practices to which new religions unorthodox spiritualities film and popular music all draw attention This re enchantment of the West should not be seen as a superficial secondary development in the shadow of Christianity In many ways it is a religious phenomom in its own right Partridge s arguments in this regard are well put and I warmly welcome this timely book Mikhael Rothstein University of Copenhagen Denmark **Les Beatles** Frédéric
