Moms Five Second Memory Journal:

Mom's Five-Second Memory Journal Potter Style, Whether you're a mom with only five seconds to spare or a mom with an attention span of five seconds this journal is for you Mom's Five Second Memory Journal includes playful breezy and sometimes eccentric prompts to jot down thoughts on your life as a wife a professional and of course a mother to those wild and crazy kids The journal is portable enough to carry in your bag yet substantial enough to become a keepsake And best of all since the journal isn't chronological you won't feel guilty if you don't fill it out for a week or a month or three *The Memory Book* Lara Avery, 2016-07-07 Fans of *All the Bright Places* and *The Fault in Our Stars* will fall head over heels for this wonderfully original portrait of love and loss Samantha McCoy has it all mapped out First she's going to win the national debating championship then she's going to move to New York and become a human rights lawyer But when Sam discovers that a rare disease is going to take away her memory the future she'd planned so perfectly is derailed before it's started Realising that her life won't wait to be lived Sam sets out on a summer of firsts The first party The first rebellion The first friendship The last love [Mom Genes](#) Abigail Tucker, 2021-04-27 From the New York Times bestselling author of *The Lion in the Living Room* comes a fascinating and provocative exploration of the biology of motherhood that is witty reassuring and takes motherhood out of the footnotes and places it front and center where it belongs Louann Brizendine MD New York Times bestselling author Everyone knows how babies are made but scientists are only just beginning to understand the making of a mother *Mom Genes* reveals the hard science behind our tenderest maternal impulses tackling questions such as why mothers are destined to mimic their own moms or not how maternal aggression makes females the world's most formidable creatures and how a crisis like the Covid 19 pandemic can make or break a mom Weaving the latest research with Abigail Tucker's personal experiences *Mom Genes* is an eye opening tour through the biology and psychology of a role that is at once utterly ordinary and wondrously strange Annie Murphy Paul author of *Origins* [A Book About Love](#) Jonah Lehrer, 2017-07-25 Weaving together scientific studies from clinical psychologists longitudinal studies of health and happiness historical accounts and literary depictions child rearing manuals and the language of online dating sites Jonah Lehrer's *A Book About Love* plumbs the most mysterious most formative most important impulse governing our lives Love confuses and compels us and it can destroy and define us It has inspired our greatest poetry defined our societies and our beliefs and governs our biology From the way infants attach to their parents to the way we fall in love with another person to the way some find a love for God or their pets to the way we remember and mourn love after it ends this book focuses on research that attempts even in glancing ways to deal with the long term and the everyday The most dangerous myth of love is that it's easy that we fall into the feeling and then the feeling takes care of itself While we can easily measure the dopamine that causes the initial feelings of falling in love the partnerships and devotions that last decades or longer remain a mystery This book is about that mystery Love Lehrer argues is not built solely on overwhelming passion but fascinatingly on a set of
