A description of these prerequisite courses is available in the [CGA-Canada Syllabus](#) on the CGA-Canada website.
- **Mathematics:** You are expected to have a sound understanding of basic mathematics and its application in the business context, which you will find in any standard business mathematics text.
- **Ethics:** An understanding of ethical principles and how the accounting profession addresses ethical issues is an essential part of the CGA program of professional studies. The *Ethics Readings Handbook [ERH]* has been developed as a study resource in this area and is provided electronically through the "Reference library" link under the Resources tab.
