

Reading Across the Content Areas: An Overview

Why Focus on Reading Across the Content Areas?

- ➡ Educators need to know how to support students and promote literacy skills across content areas in later grades.¹
- ➡ While most improvement efforts focus on building literacy skills from K-3, after grade 4, students' learning begins to rely more heavily on comprehension and content area specific knowledge.²
- ➡ A sustained drop in reading scores suggests a need for more consistent reading instruction as students age.³
- ➡ While some common comprehension strategies can be used for all content areas, there are specific literacy skills required to understand math content versus biology content, for example.⁴
- ➡ To effectively engage with different subjects, students need support in developing subject-specific strategies.^{5, 6}
