The Crime of All Crimes Nicole Rafter, 2016-03-29 Cambodia Rwanda Armenia Nazi Germany History remembers these places as the sites of unspeakable crimes against humanity and indisputably of genocide Yet throughout the twentieth century the world has seen many instances of violence committed by states against certain groups within their borders from the colonial ethnic cleansing the Germans committed against the Herero tribe in Africa to the Katyn Forest Massacre in which the Soviets shot over 20 000 Poles to anti communist mass murders in 1960s Indonesia Are mass crimes against humanity like these still genocide And how can an understanding of crime and criminals shed new light on how genocide the crime of all crimes transpires In *The Crime of All Crimes* criminologist Nicole Rafter takes an innovative approach to the study of genocide by comparing eight diverse genocides large scale and small well known and obscure through the lens of criminal behavior Rafter explores different models of genocidal activity reflecting on the popular use of the Holocaust as a model for genocide and ways in which other genocides conform to different patterns For instance Rafter questions the assumption that only ethnic groups are targeted for genocidal cleansing and she also urges that actions such as genocidal rape be considered alongside traditional instances of genocidal violence Further by examining the causes of genocide on different levels Rafter is able to construct profiles of typical victims and perpetrators and discuss means of preventing genocide in addition to delving into the social psychology of genocidal behavior and the ways in which genocides are brought to an end A sweeping and innovative investigation into the most tragic of events in the modern world *The Crime of All Crimes* will fundamentally change how we think about genocide in the present day

Only for the Brave at Heart Leon E. Pettiway, 2023-12-14. Only when we transform our minds can we break the chains of our mental enslavement and find true liberation from our misperceptions about race, crime and justice. Social commentators and scholars have presented numerous theories on these topics. But while all lament the horrors associated with discrimination and racism, few so far have proposed a viable way to escape these sufferings. By taking a critical look at the writings of novelists, social commentators and scholars in the fields of sociology, criminology, criminal justice, black studies, philosophy and law, Professor Leon E. Pettiway presents a series of essays that provide a path that liberates us from these sufferings. In doing so, he provides a unique perspective that reframes the social realities of racial membership and institutional racism in the US and how they impact our perceptions of crime and justice. Buddhism and race are essential elements of these discussions, but Pettiway's commentary is also informed by an Afrocentric perspective. In these ways, Pettiway examines our thoughts concerning race, the causes of crime and the administration of justice. He uses these frameworks to demonstrate how our current modes of thinking reinforce and perpetuate white supremacy, influence our scholarly endeavors and frame today's public policies and social agendas. In *Only for the Brave at Heart: Essays Rethinking Race, Crime and Justice*, readers will:

1. learn new ways of thinking that can liberate our world from injustice;
2. assess the ways we create the realities of race, crime and justice;
3. explore how love and compassion lead to meaningful actions that can reduce human suffering.

Pettiway has spent his career as an academic and Buddhist monk reflecting on and writing about the African American experience. *Only for the Brave at Heart* attempts to create an intellectual movement that reimagines how we think about the perceived differences that fracture our society and disenfranchise so many. In the end, *Only for the Brave at Heart* is a critique and commentary on social justice. This powerful collection of essays about discrimination and racism will prove to be one of the most important books about race in America today.
