Peter Robinson,2002 Poetry Poets Readers is a defence of poetry against the protective moves which claim that poets never lie because they never affirm or that their poems exist in a separate world These much re iterated manoeuvres for safe guarding poetry by banishing it from an active role in life can paradoxically go hand in hand with a poet s yearning for the authority of a legislator Through detailed considerations of poetry by Shakespeare Keats Yeats Auden Elizabeth Bishop and Paul Muldoon along with sustained meditations on question forms in poems the role of fact in fictions the nature of literary value speech acts and performative utterances issued by poets the book sets out a fresh model for relationships between poetry poets and readers one which allows the historical fact of poems having made things happen to be itself happening Peter Robinson himself an award winning poet explores what we do by imagining when we read or write poems In describing how poetry poets and readers make things happen the poet offers us an invitation and implies a promise Taking up the one we find out how to keep the other The Well-Educated Mind Susan Wise Bauer,2015-11-05 The enduring and engaging
