Reading Sexualities Hermeneutic Theory And The Future Of Queer Studies:

Reading Sexualities Donald E. Hall, 2012-08-06 Reading Sexualities confronts the reigning practices priorities and preoccupations of queer theory and sexuality studies Looking at a range of texts from novels to travel narratives to internet porn Donald E Hall deftly weaves the theoretical with the literary in order to examine the vexed ethical critical and political questions arising from sexual consumerism and cross cultural encounters read the changing landscape of sexual identity finding great cause for optimism and enthusiastic engagement urge readers to embrace a far reaching dialogic practice as a mechanism for furthering radical social change Reading Sexualities shows how our sexual desires and bases for identification are being widely challenged and changed Drawing on hermeneutic theory and the work of Hans Georg Gadamer Hall argues that by approaching sexual diversity with openness and humility we become active participants in the politically urgent process of reading the self through the perspective of the other

James Baldwin and the Queer Imagination Matt Brim, 2023-06-20 The central figure in black gay literary history James Baldwin has become a familiar touchstone for queer scholarship in the academy Matt Brim s James Baldwin and the Queer Imagination draws on the contributions of queer theory and black queer studies to critically engage with and complicate the project of queering Baldwin and his work Brim argues that Baldwin animates and in contrast disrupts both the black gay literary tradition and the queer theoretical enterprise that have claimed him More paradoxically even as Baldwin s fiction brilliantly succeeds in imagining queer intersections of race and sexuality it simultaneously exhibits striking queer failures whether exploiting gay love or erasing black lesbian desire Brim thus argues that Baldwin s work is deeply marked by ruptures of the unqueer into transcendent queer thought and that readers must sustain rather than override this paradoxical dynamic within acts of queer imagination

Queer Experimental Literature

Teagan Bradway, 2017-05-09 This volume argues that postwar writers queer the affective relations of reading through experiments with literary form Tyler Bradway conceptualizes bad reading as an affective politics that stimulates queer relations of erotic and political belonging in the event of reading These incipiently social relations press back against legal economic and discursive forces that reduce

queerness into a mode of individuality Each chapter traces the affective politics of bad reading against moments when queer relationality is prohibited obstructed or destroyed from the pre Stonewall literary obscenity debates through the AIDS crisis to the emergence of neoliberal homonormativity and the gentrification of the queer avant garde Bradway contests the common narrative that experimental writing is too formalist to engender a mode of social imagination Instead he illuminates how queer experimental literature uses form to redraw the affective and social relations that structure the heteronormative public sphere Through close readings informed by affect theory *Queer Experimental Literature* offers new perspectives on writers such as William S Burroughs Samuel R Delany Kathy Acker Jeanette Winterson Eve Kosofsky Sedgwick Alison Bechdel and Chuck Palahniuk *Queer Experimental Literature* ultimately reveals that the recent turn to affective reading in literary studies is underwritten by a para academic history of bad reading that offers new idioms for understanding the affective agencies of queer aesthetics **Queer Books of Late Victorian Print Culture** Frederick D. King, 2024-05-31

Queer books like LGBTQ people adapt heteronormative structures and institutions to introduce space for discourses of queer desire *Queer Books of Late Victorian Print Culture* explores print culture adaptations of the material book examining the works of Aubrey Beardsley Michael Field John Gray Charles Ricketts Charles Shannon and Oscar Wilde It closely analyses the material book including the elements of binding typography paper ink and illustration and brings textual studies and queer theory into conversation with literary experiments in free verse fairy tales and symbolist drama King argues that queer authors and artists revised the Revival of Printing s ideals for their own diverse and unique desires adapting new technological innovations in print culture Their books created a community of like minded aesthetes who challenged legal and representational discourses of same sex desire with one of aesthetic sensuality **Object Lessons** Robyn

Wiegman, 2012-01-11 A passionate advocate of identity studies and a keen reader of U S institutional politics Robyn Wiegman turns her attention in *Object Lessons* to the critical practices and political ambitions of identity based fields In a series of case studies drawn from womens studies queer studies ethnic studies and American studies she examines the unspoken belief that better theory will produce progressive social change in order to consider the political desire that fuels current scholarly debate Her metacritical analysis is neither a defense nor a dismissal of such political commitment but a sustained inquiry into the hope it generates the thinking it inspires and the conformity it inadvertently demands *Global Academe* S.

Nagy-Zekmi, K. Hollis, 2012-01-30 Addresses the representation of the economic political and cultural interrelations between agents involved in the process of intellectual activity Analyzes the transformation in intellectual production and the changing role of academics themselves *Writing Queer Women of Color* Monalesia Earle, 2019-08-30 Queer women of color have historically been underrepresented or excluded completely in fiction and comics When present they are depicted as less than the white Eurocentric norm Drawing on semiotics queer theory and gender studies this book addresses the imbalanced representation of queer women of color in graphic narratives and fiction and explores ways of rewriting queer women of

color back into the frame The author interrogates what it means to be Other and how Othering can be more creatively resisted **Queer Externalities** W. C. Harris, 2009-09-10 Provocative take on the negative effects of increasing queer visibility and assimilation on the lives of queer people and politics in the U S **Decolonial Christianities** Raimundo Barreto, Roberto Sirvent, 2019-11-11 What does it mean to theorize Christianity in light of the decolonial turn This volume invites distinguished Latinx and Latin American scholars to a conversation that engages the rich theoretical contributions of the decolonial turn while relocating Indigenous Afro Latin American Latinx and other often marginalized practices and hermeneutical perspectives to the center stage of religious discourse in the Americas Keeping in mind that all religions Christianity included are cultured and avoiding the abstract references to Christianity common to the modern Eurocentric hegemonic project the contributors favor embodied religious practices that emerge in concrete contexts and communities Featuring essays from scholars such as Sylvia Marcos Enrique Dussel and Luis Rivera Pag n this volume represents a major step to bring Christian theology into the conversation with decolonial theory
