Self Remembering Red Hawk, 2015-05-11 With hundreds of books on the market today urging readers to develop mindfulness pointing to the condition of awakening that most religious philosophical traditions aim toward this new addition by Red Hawk stands head and shoulders above the crowd It offers detailed practical guidelines that allow one to know with certainty not from imagination theory thought or lying when one is Present and Awake it details the objective feedback mechanisms available to everyone for attaining this certainty Am I awake now How do I know Sincere readers will find that help in answering these two questions is invaluable and life changing Written from the perspective of a practitioner of more than thirty years one who has studied the significant work of his predecessors received instruction from two spiritual masters Osho Rajneesh and Mister Lee Lozowick and trained rigorously within daily life This book is the first detailed examination of the Practice of Presence called self remembering in the Gurdjieff tradition The author's aim is to give general guidelines in this practice discuss its implications and then offer specific instruction Self Remembering The Path to Non Judgmental Love is meant to be a companion piece volume ii to the author's previous book Self Observation The Awakening of Conscience which is fast becoming a classic Taken together they present the most

detailed examination of the practice available in English He clearly points out that self remembering is only one half of a foundational spiritual practice called self observation self remembering Where other authors teachers have gone wrong in the past is to take only one half of this practice and consider it the whole entire unto itself Mister Gurdjieff's student A R Orage 1873 1934 made this mistake with self observation contemporary teacher Robert Burton made a similar error with his book also titled Self Remembering While P D Ouspensky speaks of the practice of self remembering in his seminal book In Search of the Miraculous and Rodney Collin in The Theory of Celestial Influence there has not been a book length study on self remembering that examines the practice from the many angles that Red Hawk's does His chapters cover such diverse yet integrated topics as The Removal of Self Importance Kaya Sadhana or the wisdom of the body and Separation Grief i e addressing the terror of our current situation without denial or dramatics

The Winds Of Grace ,2020-01-01 Drawing from the finest and most authentic texts available in the original Persian Farsi language Vraje Abramian offers this extensive collection of stories teachings and poetry from both major and unknown saints and mystics in the Sufi tradition Winds of Grace is a fresh and extensive collection that will both instruct and encourage individuals on the path of love and transformation Readers today need such roadmaps of sanity and wisdom pointing the way through life's obstacles and detours Indeed reading the works of saints and sages serves as a GPS for today's wayfarer The reader will find selections from today's most well recognized and highly acknowledged Masters like Rumi and Hafiz as well as hidden saints such as Sheikh Biabanaki and Sheikh Ali Mesri More uniquely however this book also introduces us to teachings and anecdotes of the obscure hermit the mad but unknown dervish the crazy naked ascetic Whether the mainstream punished tolerated or ignored these crazy wise people those who knew something about the pain they spoke of venerated them as saints Centuries ago many of these voices offered a shock to his or her contemporaries jarring them from the complacency that makes automatons of human beings Other voices contained a paradoxical twist on the religious life or practice of the times yet were soaked with an age old wisdom that is still vital to spiritual practitioners today The translator and editor Vraje Abramian advises readers that these secret sages often had to protect themselves from the powers that be in their society and therefore cloaked their messages in words that only disciples and initiates or those with a vulnerable mind and open heart could actually decipher He further reminds us that the language adopted by Sufi teachers was designed to break the habits that normally deaden our sensitivities Abramian has therefore selected pieces that remind us to wake up to take stock to continue carefully observing ourselves And by vigilant sequencing of topics his book gently guides readers toward the essence truths or core teachings of these wise ones The translator is uniquely qualified to make this offering to religious studies today As an Iranian by birth a lifelong practitioner of spiritual disciplines and an accomplished teacher of English his renderings are characterized by academic authority poetic word craft and spiritual wisdom

Zen & Karma Roshi Taisen Deshimaru,2016-04-27 Taisen Deshimaru 1914 1982 was a Japanese Zen Master and the individual largely responsible for bringing Soto Zen to Europe A

legendary figure widely acknowledged throughout the Zen world he stands in the ranks of the great Zen teachers of modern times including Suzuki Roshi Maezumi Roshi and others This second edition of his book *The Voice of the Valley* first issued in 1979 contains the pure Deshimaru vintage teaching Uniquely it is one of the few Zen books treating the subject of karma a principle deeply entrenched in Hindu and some Buddhist traditions but rarely taught within Zen Karma generally refers to the principle of cause and effect acknowledging that each individual will reap what they sow whether in this lifetime or some future life Deshimaru however explains that this doctrine really has nothing to do with a simple good or bad balance chart for the individual person but rather concerns the activity of humanity as a whole He highlights the necessity for clearly seeing one's own thinking which is creating the hell that we and others endure an immediate karmic payback With zazen a practitioner becomes not only acquainted with the contents of mind but able to refocus it allowing the body to think in ways that are beneficial to oneself and others As he compares this doctrine of karma within Mahayana Buddhism with Western philosophy he points to the need for wise and ethical action in all aspects of life His dedication like that of great masters in all traditions is with the relief of suffering and the clarity needed to pierce to the cause of suffering Serious sitting practice in the way he presents it creates that access The book is a live record of the Master's teaching content kusens and his style of presentation during a practice sesshin retreat of several days Deshimaru spoke in English and his words were recorded and compiled from notes taken by the editor Coupey and other students His subjects are as timely today as they were in the late 70s At a time when contemporary Zen practice has been co-opted by the culture of new and now his teachings do not compromise This is no self-oriented wellness Zen cultivated for feeling more relaxed This is the real deal a call to a stark no gain approach to clear perception of reality from one who studied and practiced this tradition fully aligned to its source As such this book is a precious vehicle of direct transmission

MOTHER GURU Red Hawk, 2014-08-20 Mother Guru is a collection of refined devotional poetry in the tradition of Hafiz and Rumi whose poems of love continue to inspire millions throughout the world The fact that this poetry appears in contemporary dress is more gracious still The author Red Hawk is a widely published and awardwinning poet professor of English at the University of Arkansas at Monticello He is also an unabashed disciple of a great contemporary Master Mister Lee Lozowick 1943 2010 and one who is willing to bare that discipleship in poetry written as prayer expressly for and with his guru in mind and heart In this sense Mother Guru is a daring book and courageous as the author overlooks scholarly reputation trusting rather in the love that infuses what he writes He also risks the opprobrium of those who limit the expression of the spiritual to sweet words and lofty sentiments These are poems of a truly broken heart pleading poems begging poems prayers and curses bawdy ironic hilarious tough minded sometimes angry often just broken Few books of poetry today attempt to traverse this razor s edge fewer still can do so with respect dignity and passion Mother Guru is a guidebook to such a challenge and offers inspiration and a call to profound honesty to the sincere seeker of any mystical tradition
