Productivity Vol 1 Postwar U S Economics Growth:

Productivity: International comparisons of economic growth Dale Weldeau Jorgenson, 1995 These two volumes present empirical studies that have permanently altered professional debates over investment and productivity as sources of postwar economic growth in industrialized countries The distinctive feature of investment is that returns can be internalized by the investor The most straightforward application of this idea is to investments that create property rights but these volumes broaden the meaning of capital formation to include investments in education and training International Comparisons of Economic Growth focuses on comparisons among industrialized countries Although Germany and Japan are often portrayed as economic adversaries of the U S postwar experiences in all three countries support policies that give high priority to stimulating and rewarding capital formation In the Asian model of growth exemplified by Japan investments in tangible assets and human capital are especially critical during periods of rapid growth Measuring Economic Growth and Productivity Barbara Fraumeni, 2019-11-08 Measuring Economic Growth and Productivity Foundations KLEMS Production Models and Extensions presents new insights into the causes mechanisms and results of growth in national and regional accounts It demonstrates the versatility and usefulness of the KLEMS databases which generate internationally comparable industry level data on outputs inputs and productivity By rethinking economic development beyond existing measurements the book's contributors align the measurement of growth and productivity to contemporary global challenges addressing the need for measurements as well as the Gross Domestic Product All contributors in this foundational volume are recognized experts in their fields all inspired by the path breaking research of Dale W Jorgenson Demonstrates how an approach based on sources of economic growth KLEMS capital labor energy materials and services can be used to analyze economic growth and productivity Includes examples covering the G7 E7 EU Latin America Norway China Taiwan Japan Korea India and other South Asian countries Examines the effects of digital information communication and integrated technologies on national and regional economies **Handbook of Economic Growth** Philippe Aghion, Steven N. Durlauf, 2005-12-21 Featuring survey articles by leading economists working on growth theory this two volume set covers theories of economic growth the empirics of economic growth and growth policies and mechanisms It also covers technology trade and geography and growth and socio economic development *Nber Macroeconomics Annual 1997* Ben S. Bernanke, Julio J. Rotemberg, 1997

Econometrics: Economic growth in the information age Dale Weldeau Jorgenson, 2000 Volumes 1 and 3 contain papers written or co written by Jorgenson Volume 2 is a collection of 13 revised and updated papers presented at a conference held on May 7 8 1993 at the John F Kennedy School of Government Harvard University to honor Jorgenson on the occasion of his 60th birthday *The Economics of Disappearing Distance* Börje Johansson, 2019-09-18 This title was first published in 2003 This book focuses on the role of tangible and intangible networks that affect spatial interdependencies in economic and social life It addresses the question is the effect of distance disappearing In examining this question the book

considers the types of interaction that bring about globalisation of markets as well as social life in general and the distortion of distance patterns and changes in spatial interdependencies The contributions elaborate theory and methods by examining hierarchical fields of internal and external influence on regional change sources of productivity growth in a network of industries endogenous growth and development policies The book concludes with an assessment of plan evaluation methodologies for a changing and globalizing world characterized by new economic networks and networking arrangements

New Developments in Productivity Analysis Charles R. Hulten, Edwin R. Dean, Michael Harper, 2007-11-01 The productivity slowdown of the 1970s and 1980s and the resumption of productivity growth in the 1990s have provoked controversy among policymakers and researchers Economists have been forced to reexamine fundamental questions of measurement technique Some researchers argue that econometric approaches to productivity measurement usefully address shortcomings of the dominant index number techniques while others maintain that current productivity statistics underreport damage to the environment In this book the contributors propose innovative approaches to these issues The result is a state of the art exposition of contemporary productivity analysis Charles R Hulten is professor of economics at the University of Maryland He has been a senior research associate at the Urban Institute and is chair of the Conference on Research in Income and Wealth of the National Bureau of Economic Research Michael Harper is chief of the Division of Productivity Research at the Bureau of Labor Statistics Edwin R Dean formerly associate commissioner for Productivity and Technology at the Bureau of Labor Statistics is adjunct professor of economics at The George Washington University **Nber**
Macroeconomics Annual 2000 Ben S. Bernanke, 2001 **Measuring Productivity - OECD Manual Measurement of Aggregate and Industry-level Productivity Growth** OECD, 2001-07-16 This manual presents the theoretical foundations to productivity measurement and discusses implementation and measurement issues Growth: Energy, the environment, and economic growth Dale Welsch, Jorgenson, 1998
