Profane Waste Profane Waste:

Profane Waste Gretchen Rubin, 2006 Jewels buried in a grave cigarettes smoked in 100 bills champagne poured into a bathtub these perverse irrational acts are also somehow thrilling Profane Waste explores the workings of an unacknowledged taboo the taboo against willful dissipation Dana Hoey an acclaimed photographer appearing here in her first book presents a series of 30 haunting images that are at once ultra real and uncanny Bestselling biographer and social critic Gretchen Rubin uses lucid analysis and explosive examples the actions of Rauschenberg Jesus Ivan Boesky Thoreau and Goebbels among others to demonstrate the power of the title concept Together Hoey's photographs and Rubin's provocative arguments create a shock of recognition they lay bare intentions that stand outside the conventional goals of acquisition and accumulation

Heinrich Walter Guggenheimer, 2002 **Tractates Terumot and Ma'serot** Heinrich W.

Joshua Reno, 2016 Though we are the most wasteful people in the history of the world very few of us know what becomes of our waste In Waste Away Joshua O Reno reveals how North Americans have been shaped by their preferred means of disposal sanitary landfill Based on the author's fieldwork as a common laborer at a large transnational landfill on the outskirts of Detroit the book argues that waste management helps our possessions and dwellings to last by removing the transient materials they shed and sending them elsewhere Ethnography conducted with waste workers shows how they conceal and contain other people's wastes all while negotiating the filth of their occupation holding on to middle class aspirations and occasionally scavenging worthwhile stuff from the trash Waste Away also traces the circumstances that led one community to host two landfills and made Michigan a leading importer of foreign waste Focusing on local activists opposed to the transnational waste trade with Canada the book's ethnography analyzes their attempts to politicize the removal of waste out of sight that many take for granted Documenting these different ways of relating to the management of North American rubbish Waste Away demonstrates how the landfills we create remake us in turn often behind our backs and beneath our notice **The Routledge Handbook of Religious and Spiritual Tourism** Daniel H.
