**Dickens's Working Notes for 'Dombey and Son'** Tony Laing, 2017-09-04. This critical edition of the working notes for *Dombey and Son* 1848 is ideal for readers who wish to know more about Charles Dickens's craft and creativity. Drawing on the author's manuscript in the Victoria and Albert Museum, London, and containing hyperlinked facsimiles, *Dickens's Working Notes for Dombey and Son* offers a new digital transcription with a fresh commentary by Tony Laing. Unique and innovative, this is the only edition to make Dickens's working methods visible. John Mullan has called *Dombey and Son* Dickens's first great novel. Set amid the coming of the railways, it tells the story of a powerful man, typical of the commercial and banking magnates of the period, and the effect he has on his family and those around him. Laing presents the worksheets and other materials transcribed for the first time that together grew into the

novel Reading the book alongside this edition of the notes enlarges the understanding of Dickens's art among teachers students researchers and Dickens enthusiasts As cultural tastes shift from print to digital Dickens's Working Notes helps preserve Dickens's work for the future The magnifying and linking functions of the edition mean that the notes are more easily and usefully not to mention accessibly exhibited here than elsewhere Laing gives present day readers the chance not only to recapture the effect of serial publication but also to gain greater insight into the making of a work which by general agreement and Dickens's own admission has a special place in his development as a novelist
