Barry L. Cross, M. Kathryn Brohman

Project Leadership Creating Value With An Adaptive Project Organization:

Project Leadership Barry L. Cross,M. Kathryn Brohman,2014-07-01 Look around your organization can you identify who owns project management Would that person appreciate that they own responsibility for your projects *Project Leadership Creating Value with an Adaptive Project Organization* highlights the importance of these questions underlining the importance not only of the project team but on the culture of *Project Leadership* Barry L. Cross,M. Kathryn Brohman,2014-07-01 Look around your organization can you identify who owns project management Would that person appreciate that they own responsibility for your projects *Project Leadership Creating Value with an Adaptive Project Organization* highlights the importance of these questions underlining the importance not only of the project team but on the culture of executive leadership to the success of projects It offers straight forward takeaways and solutions to provide executives with the tools to implement an effective project environment The book begins with a discussion of the project environment and what it means for a project to succeed or fail in today s world It introduces the Adaptive Project Management Model followed by a review of the systems and tools that give firms increasing ability to maintain priority on strategic projects and manage their associated uncertainty Working through the book you can progressively apply tactics from each chapter to increase your project leadership capability and improve your process so that your projects adapt as required depending on the nature of the portfolio itself Ask yourself this what is my customer buying What do they really want The one element that all organizations have in common is that customers are buying execution and not much else Therefore ultimately this book is about execution getting things done and making things happen It details methods and tactics that help you execute projects more effectively and give your organization the edge in the current fast paced marketplace *Industrial Engineering in the Era of Artificial Intelligence* Fethi Calisir,Semail Ülgen,Murat

Durucu,2025-04-26 This book gathers revised and extended versions of the best papers presented at the Global Joint Conference on Industrial Engineering and Its Application Areas GJCIE 2024 held in from Antalya Turkey on August 7 9 2024 as a hybrid event Continuing the tradition of previous volumes the chapters highlight recent developments in industrial engineering methods for improving different kinds of business Special emphasis is given to combined strategies integrating conventional engineering methods with intelligent algorithms and technologies such as machine learning artificial intelligence and blockchain technology to improve business efficiency user engagement and industrial performance
