## **Realizing Human Rights Realizing Human Rights:**

*Realizing Human Rights* NA NA,2016-09-27 At the dawn of a new era this book brings together leading activists policy makers and critics to reflect upon fifty years of attempts to improve respect for human rights Authors include President Jimmy Carter who helped inject human rights concerns into US policy Wei Jingsheng who struggled to do so in China Louis Henkin the modern father of international law and Richard Goldstone the former chief prosecutor for the Yugoslav and Rwandan war crimes tribunals A half century since the adoption of the Universal Declaration of Human Rights the time is right to assess how policies and actions effect the realization of human rights and to point to new directions and challenges that lie ahead A must have for everyone in the human rights community and the broader foreign policy community as well as the reader who is increasingly aware of the visibility of human rights concerns on the public stage **Realizing Human**

**Rights** Samantha Power,Graham Allison,2000-09-30 At the dawn of a new era this book brings together leading activists policy makers and critics to reflect upon fifty years of attempts to improve respect for human rights Authors include President Jimmy Carter who helped inject human rights concerns into US policy Wei Jingsheng who struggled to do so in China Louis Henkin the modern father of international law and Richard Goldstone the former chief prosecutor for the Yugoslav and Rwandan war crimes tribunals A half century since the adoption of the Universal Declaration of Human Rights the time is right to assess how policies and actions effect the realization of human rights and to point to new directions and challenges that lie ahead A must have for everyone in the human rights community and the broader foreign policy community as well as the reader who is increasingly aware of the visibility of human rights concerns on the public stage *Realizing Human Rights Through Government Budgets* United Nations,2017 This publication explores the linkages between obligations under international human rights law and budget policies and processes It seeks to sensitize government officials to better understand their human rights obligations as they decide budget allocations implement planned expenditures and assess the budget s impact on the realization of human rights And it aims to provide non governmental actors with information about the relationship of human rights to budget processes and specific budget decisions so that they are better able to hold their governments to account This is especially important for the poorest and most marginalized groups because they are more dependent on government programmes to realize their rights than those who are better off *Regulating Human Rights, Social Security, and Socio-Economic Structures in a Global Perspective* Alaverdov, Emilia,Bari, Muhammad

Waseem,2022-06-24 The social security of a person in the modern world can only be ensured by a purposeful policy and actions of the state and society aimed at achieving it This requires favorable socio economic conditions and creating an effective personal security system protecting property and citizens Human social security can be threatened by phenomena and processes that lead to drastic changes in the life of society and dangerous deformations that entail severe social consequences for the individual social groups and institutions *Regulating Human Rights Social Security and Socio Economic*

Structures in a Global Perspective discusses the global regulation of human rights social security and socio economic structures in an era of acute challenges and crises It presents comprehensive research on political structures and the conflicts within causing challenges to individual identity and insecurity Covering topics such as legal socio studies digital authoritarianism and regional security this premier reference source is an essential resource for government officials politicians geopolitical experts economists non profit organizations human rights advocates libraries students researchers and academicians

**Human Rights Praxis and the Struggle for Survival** William T. Armaline, Davita Silfen Glasberg, 2024-09-30 Asserting a critical sociological perspective Human Rights Praxis and the Struggle for Survival reveals the contested historical processes through which fundamental human needs are constructed as rights under international law and how those rights are confronted by the ruling relations and crises inherent to contemporary global capitalism and the waning American hegemonic world order Put simply the book explores why human rights as a formal legal project has failed to deliver on guaranteeing human survival let alone universal human dignity Rather than stopping at critique the authors propose a specific materialist intellectual and political agenda for the preservation of collective human survival that can achieve the historically unique notions of common humanity and human emancipation The authors build on previous work further developing the sociology of human rights as a distinct field at the intersection of Social Sciences and International Law They take on several provocative theoretical debates such as those over connections between racism and capitalism the existence of a global or transnational police state the control growth and exploitation of migrants migration and the complex relationship between political repression and various forms of domination Human Rights Praxis and the Struggle for Survival offers critical analysis of contemporary politics and options for students scholars organizers and stakeholders to grapple with some of the most pressing social problems of human history

**The Political Economy of Universal Healthcare in Africa** Philip C. Aka, Hassan Wahab, Yvette M. Alex-Assensoh, 2022-04-27 The global rise in pandemics most recently COVID 19 and other health challenges some of which are due to climate change have imposed significant challenges on the healthcare systems in economies around the world Thus this book deals with an issue that is very timely and relevant not just in Africa but globally It critically assesses healthcare reforms in Ghana under the Fourth Republic since 1993 Although it focuses on Ghana s National Health Insurance Scheme of 2003 the book instructively goes beyond this program The book argues that although Ghana is a bellwether of healthcare reforms in Africa its healthcare initiatives are still far from the service haven of healthcare as a human right Themes that animate the book s argument include the need to translate human rights law such as the right to health into practical policies that work for ordinary citizens Key highlights of the book include an increased accent on health as a human right emphasis on comparative analysis in healthcare studies and the formulation of a four hallmark framework embedded in economics law politics and human rights to act as a guide for assessment of healthcare reforms in Africa in particular and Ghana more specifically Using Ghana

as a case study and analytical window into the world the book offers a valuable and timely resource for academics students and policymakers across the disciplines of development and healthcare economics law public policy political science sociology and African and Caribbean studies as well as in various fields in health science     *Issues in Culture, Rights, and Governance Research: 2012 Edition* ,2013-01-10 *Issues in Culture Rights and Governance Research 2012 Edition* is a ScholarlyBrief that delivers timely authoritative comprehensive and specialized information about Political Science in a concise format The editors have built *Issues in Culture Rights and Governance Research 2012 Edition* on the vast information databases of ScholarlyNews You can expect the information about Political Science in this eBook to be deeper than what you can access anywhere else as well as consistently reliable authoritative informed and relevant The content of *Issues in Culture Rights and Governance Research 2012 Edition* has been produced by the world s leading scientists engineers analysts research institutions and companies All of the content is from peer reviewed sources and all of it is written assembled and edited by the editors at ScholarlyEditions and available exclusively from us You now have a source you can cite with authority confidence and credibility More information is available at <http://www.ScholarlyEditions.com>     *The Right to Food* Katarina Tomaševski, Philip Alston, 2021-09-27     **Dimensions of Poverty** Valentin Beck, Henning Hahn, Robert Lepenies, 2020-06-10 This anthology constitutes an important contribution to the interdisciplinary debate on poverty measurement and alleviation Absolute and relative poverty both within and across state boundaries are standardly measured and evaluated in monetary terms However poverty researchers have highlighted the shortfalls of one dimensional monetary metrics A new consensus is emerging that effectively addressing poverty requires a nuanced understanding of poverty as a relational phenomenon involving deprivations in multiple dimensions including health standard of living education and political participation This volume advances the debate on poverty by providing a forum for philosophers and empirical researchers It combines philosophically sound analysis and genuinely global research on poverty s social embeddedness Next to an introduction to this interdisciplinary field which links Practical Philosophy Development Economics Political Science and Sociology it contains articles by leading international experts and early career scholars The contributors analyse the concept of poverty detail its multiple dimensions reveal epistemic injustices in poverty research and reflect on the challenges of poverty related social activism The unifying theme connecting this volume s contributions is that poverty must be understood as a multidimensional and socially relational phenomenon and that this insight can enhance our efforts to measure and alleviate poverty     **Clearinghouse Review** ,2009
