Reassessing Jewish Life in Medieval Europe. Robert Chazan Robert Chazan,2014-05-14 Chazan argues that the challenges of life for Jews in medieval Western Christendom stimulated ingenuity leading to later Jewish successes

Reassessing Jewish Life in Medieval Europe Robert Chazan,2010-09-27 This book re evaluates the prevailing notion that Jews in medieval Christian Europe lived under an appalling regime of ecclesiastical limitation governmental exploitation and expropriation and unceasing popular violence Robert Chazan argues that while Jewish life in medieval Western Christendom was indeed beset with grave difficulties it was nevertheless an environment rich in opportunities the Jews of medieval Europe overcame obstacles grew in number explored innovative economic options and fashioned enduring new forms of Jewish living His research also provides a reconsideration of the legacy of medieval Jewish life which is often depicted as equally destructive and projected as the underpinning of the twentieth century catastrophes of antisemitism and the Holocaust Dr Chazan s research proves that although Jewish life in the medieval West laid the foundation for much Jewish suffering in the post medieval world it also stimulated considerable Jewish ingenuity which lies at the root of impressive Jewish successes in the modern West

A Mahzor from Worms Katrin Kogman-Appel, 2012-04-17 The Leipzig Mahzor is one of the most lavish Hebrew illuminated manuscripts of all time A prayer book used during Jewish holidays it was produced in the Middle Ages for the Jewish community of Worms in the German Rhineland Though Worms was a vibrant center of Judaism in the eleventh and twelfth centuries and drew celebrated rabbis little is known about the city's Jews in the later Middle Ages In the pages of its famous book Katrin Kogman Appel discovers a portal into the life of this fourteenth century community Medieval mahzorim were used only for special

services in the synagogue and belonged to the whole congregation so their visual imagery reflected the local cultural associations and beliefs The Leipzig Mahzor pays homage to one of Worms's most illustrious scholars Eleazar ben Judah Its imagery reveals how his Ashkenazi Pietist worldview and involvement in mysticism shaped the community's religious practice Kogman Appel draws attention to the Mahzor's innovations including its strategy for avoiding visual representation of God and its depiction of customs such as the washing of dishes before Passover something less common in other mahzorim In addition to decoding its iconography Kogman Appel approaches the manuscript as a ritual object that preserved a sense of identity and cohesion within a community facing a wide range of threats to its stability and security

Practicing Piety in Medieval Ashkenaz Elisheva Baumgarten, 2014-11-07 In the urban communities of medieval Germany and northern France the beliefs observances and practices of Jews allowed them to create and define their communities on their own terms as well as in relation to the surrounding Christian society Although medieval Jewish texts were written by a learned elite the laity also observed many religious rituals as part of their everyday life In *Practicing Piety in Medieval Ashkenaz* Elisheva Baumgarten asks how Jews especially those who were not learned expressed their belonging to a minority community and how their convictions and deeds were made apparent to both their Jewish peers and the Christian majority *Practicing Piety in Medieval Ashkenaz* provides a social history of religious practice in context particularly with regard to the ways Jews and Christians separately and jointly treated their male and female members Medieval Jews often shared practices and beliefs with their Christian neighbors and numerous notions and norms were appropriated by one community from the other By depicting a dynamic interfaith landscape and a diverse representation of believers Baumgarten offers a fresh assessment of Jewish practice and the shared elements that composed the piety of Jews in relation to their Christian neighbors

Popes and Jews, 1095-1291 Rebecca Rist, 2016 In *Popes and Jews 1095-1291* Rebecca Rist explores the nature and scope of the relationship of the medieval papacy to the Jewish communities of western Europe Rist analyses papal pronouncements in the context of the substantial and ongoing social political and economic changes of the eleventh twelfth and thirteenth centuries as well the characters and preoccupations of individual pontiffs and the development of Christian theology She breaks new ground in exploring the other side of the story Jewish perceptions of both individual popes and the papacy as an institution through analysis of a wide range of contemporary Hebrew and Latin documents The author engages with the works of recent scholars in the field of Christian Jewish relations to examine the social and legal status of Jewish communities in light of the papacy's authorisation of crusading prohibitions against money lending and condemnation of the Talmud as well as increasing charges of ritual murder and host desecration the growth of both Christian and Jewish polemical literature and the advent of the Mendicant Orders *Popes and Jews 1095-1291* is an important addition to recent work on medieval Christian Jewish relations Furthermore its subject matter religious and cultural exchange between Jews and Christians during a period crucial for our understanding of the growth of the Western world the rise of nation states and the development of relations

between East and West makes it extremely relevant to today's multi cultural and multi faith society
