Malenczyk Anna Rita Napoleone Julie Prebel Rebecca Rodriguez Carey Ryan Skinnell Trixie Smith Stacey Waite Kelsey Walker Shannon Walters Isaac Wang Jennie Young **A Teacher, His Students, and the Great Questions of Life, Second Edition** John C. Morgan, 2017-01-13 Throughout history philosophers have attempted to unravel the mystery of life. People from many diverse traditions have been invited to sit face to face at the table of philosophy to engage in analytical and critical reflection in what Dr John Morgan calls the great questions of life. This book invites students to explore the meaning of life in an easy and understandable manner through the infamous character Professor Plotimus. The antics of Professor Plotimus make philosophy interesting, uncomplicated, and easy to grasp while deeply compelling. It allows our minds to wonder and listen to the wisdom of the ages that life has meaning and purpose if we only loosen the chains of dogma and venture out of our caves as we attempt to see life in a fresh way from the Preface by Linda Lewis Riccardi, Adjunct Professor of Humanities and Philosophy, Reading Area Community College **The Power of Vital Force** Rajshree Patel, 2019-10-01 By contemplating and applying the precious knowledge in these pages, you will learn to make everything in your life easier: Relationships, Jobs, Family, Creativity, Happiness. And maybe even doing something more game-changing than you've ever thought possible. Dave Asprey: Why do some people thrive while others just get by? What's their secret to peak performance and maximum happiness? Some call it the zest, the gusto, or the extra edge in life. The ancient Indian spiritual tradition Vedanta calls it prana, or life force. We can call it vital force. By any name, it's the fundamental fuel that activates and optimizes all physical, emotional, and cognitive functions, including consciousness, perception, thinking, judgment, and memory. In modern life, we have forgotten the golden key: the higher our energy, the better our performance in everything we do. Energy naturally impacts mind, set, and moves us toward greater happiness, success, and self-awareness. This book gives you back your power with simple tools to take hold of the limitless energy of life itself more swiftly and easily than you ever thought possible. Rajshree Patel is a former federal prosecutor who discovered Vedanta by accident and went on to become an internationally renowned teacher of its deep wisdom and dynamic practice. In these pages, she reveals: What vital force is, how it influences every single aspect of your life, how to enhance it, and how your mind, the biggest energy hog, can drain it. Tools to dial down the chatter of your racing mind and resolve your personal energy crisis. Why traditional mindfulness meditation may not be your best path to inner peace. Easy biohacking techniques from breath work to meditation to movement that reduce stress and maximize joy. And ancient secrets to fuel your purpose and performance in every aspect of your life. The Power of Vital Force is a practical pathway to the unlimited source of energy and intelligence that exists beyond the thinking and reasoning mind **The Last Good Man** A.J. Kazinski, 2013-03-12 A story based on the Jewish legend about how the world is always protected by 36 people.
