New Handbook Of Counseling Supervision:

The New Handbook of Counseling Supervision L. DiAnne Borders, Lori L. Brown, 2022-04-25 The classic edition of this groundbreaking book includes a new preface from the authors discussing developments in the field since the handbook's initial publication. Chapters provide an overview of best principles and best practices in the counseling supervision process, one that is firmly rooted in the recent explosion of empirical research in this field. Sponsored by the Association for Counselor Education and Supervision (ACES), the book is targeted primarily at master's level practitioners who want practical how-to applications of the research literature rather than a comprehensive review of the supervision literature. It's also a useful supplement for more academic texts used for doctoral level instruction in counseling supervision. *The New Handbook of Counseling Supervision* L. Brown, 2009-10-19 There have been many recent developments in the research, theory, and practice of supervision in counseling, but few reliable resources are available for practitioners seeking to expand their knowledge in these areas. Culbreth and Brown have assembled a group of leading researchers, scholars, and professionals in the field to present a collection of chapters on the state of the art in clinical supervision. These chapters provide the reader with fresh approaches to core topics such as multicultural competence, religion, and spirituality, and the training of supervisors, as well as discussions of new areas of study. Alternative methods to conducting supervision are explored with expressive art techniques, and the uses of narrative therapy and concepts of emotional intelligence.
