Prismatic Performances April Sizemore-Barber, 2020-09-28 At his 1994 inauguration South African president Nelson Mandela announced the Rainbow Nation at peace with itself and the world This national rainbow notably extended beyond the bounds of racial coexistence and reconciliation to include sexual orientation as a protected category in the Bill of Rights Yet despite the promise of equality and dignity the new government's alliance with neoliberal interests and the devastation of the AIDS epidemic left South Africa an increasingly unequal society Prismatic Performances focuses on the queer embodiments that both reveal and animate the gaps between South Africa's self image and its lived realities It argues that performance has become a key location where contradictions inherent to South Africa's post apartheid identity are negotiated The book spans 30 years of cultural production and numerous social locations and includes a team of black lesbian soccer players who reveal and redefine the gendered and sexed limitations of racialized Africanness white gay performers who use drag and gender subversion to work through questions of racial and societal transformation black artists across the arts who have developed aesthetics that place on display their audiences complicity in the problem of sexual violence and a primarily heterosexual panAfrican online soap opera fandom community who by combining new virtual spaces with old melodramatic tropes allow for extended deliberation and new paradigms through which African same sex relationships are acceptable Prismatic Performances contends that when explicitly queer bodies emerge onto public stages audiences are made intimately aware of their own bodies identifications and desires As the sheen of the New South Africa began to fade these performances revealed the inadequacy and indeed the violence of the Rainbow Nation as an aspirational metaphor Simultaneously they created space for imagining new radical configurations of belonging

Queer Relajo David Tenorio, 2025-08-28 In 2015 Mexico City declared itself a gay friendly city and followed up with a gay tourist guide and new laws permitting changes to gender markers on legal documents sanctioning same sex marriage and allowing joint adoption of children At the same time patterns of violence and discrimination against women trans and queer people have continued throughout the country In Queer Relajo David Tenorio argues that while Mexico City aims to bring visibility to queer sociality the benefits of legitimizing queer space remain unclear Combining readings of film digital media and performance with drag autoethnography Queer Relajo quite literally plays with how relajo or playfulness structures the spaces of queer nightlife in urban contexts by revealing how nighttime intimacy can minimize the paralyzing effects of violence and precarity in a neoliberal Mexico Considering the political implications of when a queer trans person is present at night Tenorio argues that queer feelings of play are not only essential to sexual liberation but also resist neoliberal commodification and heteronormative extraction
