Kenneth Burke

Permanence And Choice:

Permanence and Change Kenneth Burke, 1984-05-23 *Permanence and Change* was written and first published in the depths of the Great Depression *Attitudes Toward History* followed it two years later These were revolutionary texts in the theory of communication and as classics they retain their surcharge of energy *Permanence and Change* treats human communication in terms of ideal cooperation whereas *Attitudes Towards History* characterizes tactics and patterns of conflict typical of actual human associations It is in *Permanence and Change* that Burke establishes in path breaking fashion that form permeates society just as it does poetry and the arts Hence his master idea that forms of art are not exclusively aesthetic the cycles of a storm the gradations of a sunrise the stages of an epidemic the undoing of Prince Hamlet are all instances of progressive form This new edition of *Permanence and Change* reprints Hugh Dalziel Duncan's long sociological introduction and includes a substantial new afterward in which Burke reexamines his early ideas in light of subsequent developments in his own thinking and in social theory

The Art of Permanence Tim Swick, 2017-09-25 Mate selection is the second most important decision we make in life This decision determines whether our life will be blessed and full of joy or if it will be a painful calamity If it is a calamity then it will bring disastrous effects on us our mate our children and our extended family and friends Who can best guide us through this decision Parents frequently convey to their children that the only criteria for success in mate selection and marriage are money and education Parents want their children to excel in marriage but they give their children no specialized training or emphasis on preparing their lives and being the kind of person who can secure a godly mate and maintain a permanent lasting relationship I see churches striving to attract youths and young adults to the church I see churches challenging youths to be exceptional in their faithfulness to Jesus I want to see churches teaching teenagers and young adults to be intimate with one another while maintaining sexual purity I want to see churches teaching youths how to build the skills that will make them an excellent mate and future parent I want to see churches teaching youths and young adults how to find healing for the pains that are destroying their lives I see churches teaching that God demands holiness and I want to see them teaching that holiness is the most enjoyable beneficial and only lifestyle that can and will bring permanence to all of our relationships including marriage

Coupling... What Makes Permanence? Barbara Jo Brothers, 2014-10-10 Originally published in 1991 the theme for this title is the exploration of the components of lasting long term relationships It begins with the first part of an interview between Sheldon Starr and Virginia Satir made in 1985 and is followed by a comment on that interview by the Editor Other chapters discuss the subject of falling in love and the notion of being in love as distinguished from a love relationship The authors including some who have been married for many years themselves look at the many aspects that make long term relationships successful The chapters range in essence from What is love to How is love maintained This title aims to share the information the authors have gained about what makes coupling work with

society as a whole **The Permanence of the Political** Joseph M. Schwartz,1995-11-13 Why have radical political theorists whose thinking inspired mass movements for democracy been so suspicious of political plurality According to Joseph Schwartz their doubts were involved with an effort to transcend politics Mistakenly equating all social difference with the harmful way in which particular interests dominated marketplace societies radical thinkers sought a comprehensive set of true human interests that would completely abolish political strife In extensive analyses of Rousseau Hegel Marx Lenin and Arendt Schwartz seeks to mediate the radical critique of democratic capitalist societies with the concern for pluralism evidenced in both liberal and postmodern thought He thus escapes the authoritarian potential of the radical position while appropriating its more democratic implications In Schwartz s view a reconstructed radical democratic theory of politics must sustain liberalism s defense of individual rights and social pluralism while redressing the liberal failure to question structural inequalities In proposing such a theory he criticizes communitarianism for its premodern longing for a monolithic virtuous society and challenges the politics of difference for its failure to question the undemocratic terrain of power on which difference is constructed In conclusion he maintains that an equitable distribution of power and resources among social groups necessitates not the transcendence of politics but its democratic expansion *Destiny and Deliberation* Jonathan L. Kvanvig,2013-10-03 Jonathan Kvanvig presents a compelling new work in philosophical theology on the universe creation and the afterlife Organised thematically by the endpoints of time the volume begins by addressing eschatological matters the doctrines of heaven and hell and ends with an account of divine deliberation and creation Kvanvig develops a coherent theistic outlook which reconciles a traditional high conception of deity with full providential control over all aspects of creation with a conception of human beings as free and morally responsible The resulting position and defense is labeled Philosophical Arminianism and deserves attention in a broad range of religious traditions **Contributions to Education** Columbia University. Teachers College,1945 **The permanence of Christianity, lectures preached before the University of Oxford on the foundation of the late John Bampton** John Richard T. Eaton,1873 **Suggestions for Thought on the Permanence of Individuality. By J. C., B.A. J. C. (B.A.),1870 The Permanence of Christianity Considered in Eight Lectures Preached Before the University of Oxford in the Year MDCCCLXXII on the Foundation of the Late Rev.
