Law, 2012-04-26 Historical Critical Analysis is the main way in which the Bible both the Hebrew Bible Old Testament and the New Testament has been examined and read by scholars in the last century The term refers to a range of methodologies which examine the origins of biblical texts in relation to other contemporaneous texts to form critical approaches and to questions of authorship audience and authenticity The aim is to get as close to the original text and its original meaning as possible For many years Historical Critical Method has been the cornerstone upon which biblical scholarship is built even as modern studies examine other theoretical approaches to reading the text in history tradition and from different audience perspectives the Historical Critical Method still presents the crucial starting point for students and scholars Der Weg der christlichen Theologie Alister McGrath, 2016-10-20 Alister McGrath s Der Weg der christlichen Theologie ist in zahlreiche Sprachen übersetzt und weltweit eine der am meisten verwendeten Einführungen in die Entwicklung der christlichen Theologie Es geht den Weg durch die gesamte Geschichte des christlichen Denkens und ist auch für den Leser geschrieben dem alte Sprachen und theologische Fachausdrücke noch nicht vertraut sind Dieses Buch gibt einen fundierten Überblick über die Geschichte der Theologie von der Zeit der Kirchenväter ab ca 100 n Chr bis zur Gegenwart und die bedeutendsten theologischen Debatten die Quellen und Methoden theologischen Denkens die großen Themen wie Person und Werk Jesu Christi Dreieinigkeit oder die letzten Dinge Ein umfangreiches Glossar und Register sowie Angaben zu weiterführender Literatur geben die nötigen Querverweise und regen zum Weiterstudium an **Conceptions of "Gospel" and Legitimacy in Early Christianity** James A. designate a written Gospel James A Kelhoffer's patient and careful exegesis provides an intriguing lens through which to view early Christianity Many struggles of early Christ believers he finds reflect intra ecclesial struggles to establish the legitimacy of a view or a religious leader vis a vis competing ideologies or leaders Those already familiar with Kelhoffer's *Miracle and Mission* 2000 *The Diet of John the Baptist* 2005 and *Persecution Persuasion and Power* 2010 will find in this volume refreshing insights suggested but not developed in his other books

Contemporary Biblical Hermeneutics

Manfred Oeming, translated by Joachim Vette, 2017-09-29 Appearing in English for the first time this classic introduction to the field of hermeneutics covers a wide range of approaches to biblical interpretation Presenting a brief history of philosophical hermeneutics Manfred Oeming uses a clear structure to emphasize why there are and why there must be different and differing approaches to the interpretation of a text in this case particularly the biblical text The often confusing multiplicity of approaches to biblical interpretation are introduced along accessible lines concluding with an argument for an acceptance of a multiplicity of approaches to account for the many layers of the biblical text Incorporating discussion of the German hermeneutical tradition exemplified by the work of Heidegger Bultmann and Gadamer this book helps to bridge Anglo American and German scholarly traditions It will be of great assistance to students teachers and preachers

Beyond Biblical Theology Timo Eskola, 2013-10-02 Reading Heikki Rönkä's hermeneutics in context Timo Eskola explores the development of Western New Testament interpretation Reclaiming a Wredean approach to the Scriptures Rönkä focuses on tradition and interpretation He builds on Weberian sociology adopted through Peter Berger's theories and substitutes sacralized culturalism for biblical theology After examining fourteenth century Quran criticism and its impact on Reimarus Eskola discusses the genesis of the revised history of religion theory that Rönkä developed when investigating the Quran's relationship to the Bible Sociology then becomes a link between standard historicism and poststructuralism as Rönkä reinterprets Berger's sociology of knowledge Rönkä's sacralized culturalism finally becomes the theory from which his magnum opus *The Rise of Christian Beliefs* has been written
