Never Swim Alone This Is A Play 2nd Edition:

Theatricality and the Arts Richard Rushton, Andrew Quick, 2024-04-30 Theatricality and the Arts presents a series of investigations of the notion of theatricality. Primarily theatricality concerns that which pertains to theatre but the term has always carried with it the potentially pejorative associations of exaggeration and fakery. The essays here question and contest such associations. The book is divided into four sections which together provide a comprehensive interrogation of theatricality. The four sections begin with multimedia where theatricality is examined in relation to mixed modes of media: internet art, painting, performance and digital display. A second section takes a philosophical approach to questions of theatricality. A third section looks at art broadly speaking but also at the historical contexts of art, photography and other media, literature, film, music. A final section features reflections on theatre and cinema often in conjunction. Considered as a whole the collection contributes to debates on theatricality in various fields while also enabling a cross examination of approaches to the topic.

Advanced Pediatric Assessment, Second Edition Ellen M. Chiocca, 2014-12-18 Now in its second edition, *Advanced Pediatric Assessment* is an in-depth current guide to pediatric focused assessment addressing the unique anatomic and physiological differences among infants, children and adults as they bear upon pediatric assessment. The second edition is updated to reflect recent advances in understanding of pediatric assessment for PNs, FNs and other practitioners as well as students enrolled in these advanced practice educational programs. This includes a new chapter on the integration of pediatric health history and physical assessment, a Notable Clinical Findings section addressing abnormalities and their clinical significance at the end of each assessment chapter, updated clinical practice guidelines for common medical conditions, updated screening and health promotion guidelines and summaries in each chapter. Based on a body system framework which highlights developmental and cultural considerations, the guide emphasizes the physical and psychosocial principles of growth and development with a focus on health promotion and wellness. Useful features include a detailed chapter on appropriate communication techniques to be used when assessing children of different ages and developmental levels and chapters on assessment of child abuse and neglect and cultural considerations during assessment. The text presents nearly 300 photos and helpful tables and boxes depicting a variety of commonly encountered pediatric physical findings and sample medical record documentation in each chapter. **NEW TO THE SECOND EDITION** A chapter on the integration of pediatric health history and physical assessment. Notable Clinical Findings addressing important abnormalities and their clinical significance in each assessment chapter. Updated clinical practice guidelines for common medical conditions. Updated screening and health promotion guidelines. Accompanying student case study workbook to be purchased separately. **KEY FEATURES** Focuses exclusively on the health history and assessment of infants, children and adolescents. Provides the comprehensive and in-depth information needed by APN students and new practitioners to assess children safely and accurately. Includes family, developmental, nutritional and child mistreatment assessment. Addresses cultural

competency including specific information about the assessment of immigrant and refugee children Fosters confidence in APNs new to primary care with children Ellen M Chiocca MSN CPNP APN RNC NIC is a clinical assistant professor in the School of Nursing at DePaul University She received a master of science degree in nursing and a postmaster nurse practitioner certificate from Loyola University Chicago and a bachelor of science degree in nursing from St Xavier University Prior to joining the faculty at DePaul University she taught at Loyola University Chicago from 1991 to 2013 Ms Chiocca s clinical specialty is the nursing of children Her research focuses on how various forms of violence affect children s health She is certified in neonatal intensive care nursing and as a pediatric nurse practitioner In addition to teaching at DePaul Ms Chiocca also continues clinical practice as a pediatric nurse practitioner at a community clinic in Chicago Ms Chiocca has published more than 25 journal articles and book chapters and is also a peer reviewer for the journal Neonatal Network She is currently pursuing a PhD in nursing
