Malcolm Bull, Keith Lockhart, 2007 The story of a large yet little known Protestant denomination
Man Edwin Zackrison, 2020-11-11 This book is a journey book Sitting down at a computer and producing the story has been a grand trek I have learned that there is a principle in nature that some things need to mellow calm down and soak in The refusal of winemakers to take a wine before its time is a notion I am coming to understand It works with writers as well Like a fetus signaling its mother that it is time to head for the hospital a literary work stays in the mind until its time In my education I have read of the battles of great Church leaders who were eventually thrown out of their churches In my denominational education I was largely led to see them as heretics rebels eccentrics revolutionaries apostates and as generally representing a lower form of spirituality Church education often asked me to surrender my biases in favor of accepting a new set of assumptions my denominational ones We were to be critical of everything except our organization I submit that there is danger in that This book will cover incidents from the first forty years of my life as a religious addict You may find something here that you can identify with
Better Health through Spiritual Practices Dean D. VonDras Ph.D., 2017-08-18 An in depth examination of religious practices around the world and the fascinating science behind how they make us healthier Many religious and spiritual beliefs promote wellness through their practices or stated objectives for example focusing on simple living having compassion for others vegetarianism or meditation and mindfulness This refreshing work provides a review of the world s spiritual perspectives and traditions and explores how their guiding principles encourage healthy lifestyle choices An examination of religious and nonreligious perspectives from around the world from atheism Confucianism and Christianity to Islam Judaism Shamanism and Zoroastrianism reveals how faith beliefs and values influence behavior and inspire healthy living With contributions from leading international scholars the chapters include a discussion of Eastern and Western world religions and their practices such as fasting or the avoidance of alcohol and tobacco and how they may foster healthfulness A contemporary analysis of current research findings suggests possible interventions that individuals and health providers may utilize to enhance healthfulness A final chapter explores the connection between health illness and religious and nonreligious perspectives
The Present Truth and the LGBTQ+ Movement Nelson Mercado, 2024-10-15 The Present Truth refers to God s end time messages intended to prepare the world to meet Jesus These messages are found in Revelation 14 6 12 and are also known as the Three Angels Messages However as part of his deceptions Satan is seeking to distract and confuse the church by the LGBTQ ideology Today there are many voices in Christianity and in the Seventh day Adventist Church clamoring for the affirmation of the LGBTQ ideology and lifestyle Pastor Mercado believes that following the road of affirmation will lead to a loss of credibility and will dilute the end time messages of preparation Yet acknowledging that LGBTQ people are already in our churches he provides guidelines on how to
