intermediary metabolism it is essential to have detailed knowledge of the interactions between lipids and their cognant binding proteins In view of this growing interest in lipid protein interaction the 4th International Conference on Lipid Binding Proteins was held in Maastricht The Netherlands in June 2001 The proceedings of the previous three meetings have been published in Molecular and Cellular Biochemistry The present focused issue of Molecular and Cellular Biochemistry comprises selected papers based on the lectures and posters presented during the 4th conference and provides insight into the significance of these proteins for the functioning of the cell *The Scientist* ,1998-07
