Christian Raffensperger

Medieval Scandinavia From Conversion To Reformation Circa 800 1500 Nordic Series:

Medieval Scandinavia Birgit Sawyer, 1993 The study of Scandinavia has been and still is deeply influenced by the interpretation of its earliest history that was developed in the 19th century by political legal and literary historians archaeologists and anthropologists Scandinavia figured prominently in discussions of early medieval Europe not only as the homeland of the Vikings but also as the region in which Germanic society remained uncontaminated by Christianity and other influences longer than anywhere else In Medieval Scandinavia Birgit and Peter Sawyer question assumptions about early Scandinavian history including the supposed leading role of free and equal peasants and their position in founding churches They meticulously trace the development of Scandinavia from the early ninth century through the second and third decades of the 16th century when rulers of Scandinavia rejected the authority of the Papacy and the attempt to establish a united Scandinavian monarchy finally collapsed The authors include a discussion of medieval history writing and comment on the use of history in the 16th century and modern attitudes to medieval history which differ in various parts of Scandinavia They ultimately conclude that historic Scandinavia held greater similarities to other European regions than has been commonly supposed Birgit Sawyer is one of the founders of the biennial interdisciplinary conferences on women in medieval

Scandinavia Peter Sawyer's previous books include *Kings and Vikings* and *The Age of the Vikings* **Sacred Medieval Objects and Their Afterlives in Scandinavia**, 2024-12-16 Interconnected investigations between conservators historians heritage scientists and museum professionals centre on objects that were essential to medieval Christianity in Scandinavia c 1100 1530 Through new and diverse physical data from polychrome sculptures shrines winged altarpieces and painted banners the authors probe a range of issues and problems from original devotional functions and changing appearances to the impacts of changing liturgies locations and priorities This book highlights the diversity of theoretical and practical approaches to sacred medieval religious objects and brings together new findings related to the transformations of these objects since the Reformations Contributors are Karl Christian Alvestad Alexandra B hme David Buti Francesco Caruso Aoife Daly Tine Fr ysaker Elina Gertsman Irka Hajdas Poul Grinder Hansen Karoline Kjesrud Lena Liepe Hana Lukasova Maite Maguregui Austin Nevin Elena Platania Anne Irene Riis y Katrine S Scharffenberg J n Vi ar Sigur sson Calin Constantin Steindal No lle L W Streeton Einar Uggerud Anna Vila and J rgen Wadum *A History of the Early Medieval Siege, C. 450-1220* Peter Fraser Purton, 2009 Byblos Lebanon An early twelfth century crusader castle with donjon Book Jacket

Rulers and Rulership in the Arc of Medieval Europe, 1000-1200 Christian Raffensperger, 2023-08-24 Rulers and Rulership in the Arc of Medieval Europe challenges the dominant paradigm of what rulership is and who rulers are by decentering the narrative and providing a broad swath of examples from throughout medieval Europe Within that territory the prevalent idea of monarchy and kingship is overturned in favor of a broad definition of rulership This book will demonstrate to the reader that the way in which medieval Europe has been constructed in both the popular and scholarly

imaginations is incorrect. Instead of a king we have multiple rulers male and female ruling concurrently. Instead of an independent church or a church striving for supremacy under the Gregorian Reform we have a pope and ecclesiastical leaders making deals with secular rulers and an in depth interconnection between the two. Finally instead of a strong centralizing polity growing into statehood we see weak rulers working hand in glove with weak subordinates to make the polity as a whole function. Medievalists, Byzantinists and Slavists typically operate in isolation from one another. They do not read each other's books or engage with each other's work. This book requires engagement from all of them to point out that the medieval Europe that they work in is one and the same and demands collaboration to best understand it.

Scandinavia since 1500 Byron J. Nordstrom, 2023-06-27. An updated edition of the definitive history of Scandinavia over the past five centuries. Despite certain distinctions and differences the lands of Scandinavia or Norden, Sweden, Norway, Finland, Iceland, Denmark and the Faroe Islands are united by bonds of culture, language and geography and by a shared history that comes richly to life in this landmark work. Now in an expanded updated edition, this authoritative chronicle of five centuries of Scandinavian history incorporates the geopolitical developments and momentous events that have marked the Nordic world in recent decades. Scandinavia since 1500 situates the region's political history within the traditional European chronology in which the long modern period is subdivided into the Renaissance, early modern, modern and contemporary. Within this framework, Byron J. Nordstrom traces the various ways in which economic, social and cultural ideas and practices have come to Scandinavia from abroad only to be modified and recast in a uniquely Nordic character. Long unquestioned national mythologies come under Nordstrom's scrutiny along with historical blind spots and erasures as he ranges from canonical figures like Gustavus Adolphus of Sweden and Christian IV of Denmark to the constitutions of the nineteenth and twentieth centuries, the resistance movements in World War II and the Scandinavian welfare states, literary culture and modern design. Expanded to include the nature and realities of the increasingly postindustrial economies of the late twentieth and early twenty-first centuries, including environmental concerns, integration with Europe, globalization and immigration, *Scandinavia since 1500* offers a comprehensive yet nuanced portrait of this unique region in all its political, diplomatic, social, economic and cultural complexity. Cover art: text, bold white title and author name across breathtaking snowy landscape of sun-touched cliffs beside a waterway and scattering of homes.

How Medieval Europe was Ruled Christian Raffensperger, 2023-09-06. The vast majority of studies on rulership in medieval Europe focus on one kingdom, one type of rule or one type of ruler. This volume attempts to break that mold and demonstrate the breadth of medieval Europe and the various kinds of rulership within it. *How Medieval Europe was Ruled* aims to demonstrate the multiplicity of types of rulers and polities that existed in medieval Europe. The contributors discuss not just kings or queens but countesses, dukes and town leadership. We see that rulers worked collaboratively with one another both across political boundaries and within their own borders in ways that are not evident in most current studies of kingship, inhibited by too narrow a focus. The volume also covers the breadth of

medieval Europe from Scandinavia in the north to the Italian peninsula in the south Iberia and the Anglo Normans in the west to Rus Byzantium and the Khazars in the east This book is geared towards a wide audience and thus provides a broad base of understanding via a clear explanation of concepts of rule in each of the areas that is covered The book can be utilized in the classroom to enhance the presentation of a medieval Europe survey or to discuss rulership more specifically for a region or all of Europe Beyond the classroom the book is accessible to all scholars who are interested in continuing to learn and expand their horizons *Lordship and the Decentralized State in Late Medieval Europe* Erika Graham-Goering, Jim van der Meulen, Frederik Buylaert, 2025-01-23 Lordship and the Decentralized State in Late Medieval Europe rethinks the rise of modern European states as a process of decentralization The idea that states made lordships obsolete is challenged by showing how the distribution of authority among local lords reinforced the development of new political systems Tracing the Jerusalem Code Kristin B. Aavitsland, Line M. Bonde, 2021-04-19 With the aim to write the history of Christianity in Scandinavia with Jerusalem as a lens this book investigates the image or rather the imagination of Jerusalem in the religious political and artistic cultures of Scandinavia through most of the second millennium Jerusalem is conceived as a code to Christian cultures in Scandinavia The first volume is dealing with the different notions of Jerusalem in the Middle Ages Tracing the Jerusalem Code in three volumes Volume 1 The Holy City Christian Cultures in Medieval Scandinavia ca 1100 1536 Volume 2 The Chosen People Christian Cultures in Early Modern Scandinavia 1536 ca 1750 Volume 3 The Promised Land Christian Cultures in Modern Scandinavia ca 1750 ca 1920 The Age of the Vikings Anders Winroth, 2016-03-01 A major reassessment of the vikings and their legacy The Vikings maintain their grip on our imagination but their image is too often distorted by myth It is true that they pillaged looted and enslaved But they also settled peacefully and traveled far from their homelands in swift and sturdy ships to explore The Age of the Vikings tells the full story of this exciting period in history Drawing on a wealth of written visual and archaeological evidence Anders Winroth captures the innovation and pure daring of the Vikings without glossing over their destructive heritage He not only explains the Viking attacks but also looks at Viking endeavors in commerce politics discovery and colonization and reveals how Viking arts literature and religious thought evolved in ways unequaled in the rest of Europe The Age of the Vikings sheds new light on the complex society culture and legacy of these legendary seafarers **Law and The Christian Tradition in Scandinavia** Kjell Å Modéer, Helle Vogt, 2020-10-08 This book presents a comprehensive history of law and religion in the Nordic context The entwining of law and religion in Scandinavia encompasses an unusual history not widely known yet important for its impact on contemporary political and international relations in the region The volume provides a holistic picture from the first written legal sources of the twelfth century to the law of the present secular welfare states It recounts this history through biographical case studies Taking the point of view of major influential figures in church politics university and law it thus presents the principal actors who served as catalysts in ecclesiastical and secular law through the centuries This refreshing

approach to legal history contributes to a new trend in historiography particularly articulated by a younger generation of experienced Nordic scholars whose work is featured prominently in this volume The collection will be a valuable resource for academics and researchers working in the areas of Legal History and Law and Religion

Thank you completely much for downloading **Medieval Scandinavia From Conversion To Reformation Circa 800 1500 Nordic Series**. Maybe you have knowledge that, people have see numerous time for their favorite books as soon as this Medieval Scandinavia From Conversion To Reformation Circa 800 1500 Nordic Series, but end occurring in harmful downloads.

Rather than enjoying a fine ebook as soon as a cup of coffee in the afternoon, on the other hand they juggled bearing in mind some harmful virus inside their computer. **Medieval Scandinavia From Conversion To Reformation Circa 800 1500 Nordic Series** is open in our digital library an online entrance to it is set as public correspondingly you can download it instantly. Our digital library saves in compound countries, allowing you to get the most less latency epoch to download any of our books behind this one. Merely said, the Medieval Scandinavia From Conversion To Reformation Circa 800 1500 Nordic Series is universally compatible taking into consideration any devices to read.
