The Intense Reality of Eternity John Carpenter, 2020-11-20 Mankind has pondered the existence of life beyond death for centuries Religions propose a variety of interesting but differing beliefs So what does actually happen Initially science assumed it was some kind of neurological process sparking memory fragments at the moment of death Having studied thousands of firsthand experiences science now finds undeniable credibility and fascinating patterns of details that cannot be easily dismissed These witnesses are from various cultures and countries around the world yet they report the same types of visual auditory and sensory details People blind since birth are seeing and testifying to the same sights that sighted people are also reporting Preschool children are claiming the same experiences as mature educated worldly individuals Atheists are stunned into becoming devoted to God What is going on Author John Carpenter returns with his third book providing the reader with a breath taking and inspirational journey through three realms of the afterlife Instead of recounting hundreds of individual tales as in other books he constructs a unique experience by orchestrating one composite journey illustrated by hundreds of firsthand witnesses Crafting the fascinating pieces of their testimonies into a masterful flowing collection creates an unforgettable journey for the reader Masterminding this jigsaw puzzle of credible experiences takes the reader where no other book has gone before But it can be intense in its joy love and beauty or its nightmarish and dark terrors Be not afraid Learn the truth of what people are reporting so that you can navigate your own spiritual journey wisely toward your future place in eternity

are authenticated is expertly told by John Thavis one of the world's leading Vaticanologists. In fact that a book on so secretive and complex a topic is so deeply researched, beautifully written and artfully told is something of a small miracle itself. James Martin S.J., author of *Jesus A Pilgrimage* from the New York Times bestselling author of *The Vatican Diaries*, a fascinating behind-the-scenes look at how the Vatican investigates claims of miraculous events. Apocalyptic prophecies and miraculous apparitions are headline grabbing events that often put the Catholic Church's concept of rational faith at odds with the passion of its more zealous followers. To some these claims teeter on the edge of absurdity. Others see them as evidence of a private connection with God. For the Vatican the issue is much more nuanced as each supposed miraculous event could have serious theological and political consequences. In response the Vatican has developed a highly secretive and complex evaluation system to judge the authenticity of supernatural phenomena. Former journalist John Thavis uses his thirty years experience covering the Vatican to shed light on this little known process revealing deep internal debates on the power of religious relics, private revelations, exorcisms and more. Enlightening and accessible to Catholics and non Catholics alike the book illustrates the Church's struggle to balance the tension between traditional beliefs and contemporary skepticism.
