Mirrors Julia M. Walker, 1998 The question of selfhood in Renaissance texts constitutes a scholarly and critical debate of almost unmanageable proportions The author of this work begins by questioning the strategies with which male writers depict powerful women Although Spenser's Britomart Shakespeare's Cleopatra and Milton's Eve figure selfhood very differently and to very different ends they do have two significant elements in common mirrors and transformations that diminish the power of the female self *Medusa's Ear* Dawne McCance, 2012-02-01 In traditional mythology and

iconography Medusa's killing powers are attributed to visual means the monster is slain for her looks and her effect is to kill men for looking at her Challenging the familiar account of the modern era as ocularcentric this book reads the Medusa effect on the philosophy of the modern research university as rooted in an audiocentric fantasy Author Dawne McCance links phonocentrism to an aural imaginary by tracking the trope and terror of the deaf ear and mute mouth in the discourse on the university that was inaugurated by Kant and that extends through Hegel and Heidegger to the present She shows how repeatedly in founding texts on the modern research university the philosopher's fearful recoil from an animal female figure that he defines as deaf and dumb has the effect the Medusa effect of cutting off his own and therefore the institution's ear and tongue McCance also considers some recent efforts to shake the modern institution out of its Medusa effect petrification

The ^AOxford Handbook of Feminism and Music Education Marissa Silverman, Nasim Niknafs, 2025-07-07 The Oxford Handbook of Feminism and Music Education brings together a wide range of international philosophical and qualitative scholars practicing music teachers educators policymakers and community musicians to conceptualize analyze and critique the multifaceted practices and problems in music education through feminist perspectives Collaborative Theatre David Williams, 2005-08-16 Over the past thirty years Ariane Mnouchkine's Théâtre du Soleil has become one of the most celebrated companies in Europe and Mnouchkine one of its best known directors Collaborative Theatre is the first in depth sourcebook in English on Théâtre du Soleil providing English readers with first hand accounts of the development of its collectivist practices and ideals Collaborative Theatre presents critical and historical essays by theatre scholars from around the world as well as the writings of and interviews with members of le Théâtre du Soleil past and present Projects discussed include 1789 L'Age d'Or Richard II L'Indiade and Les Atrides Medusa's Gaze, 1991-03 This book examines the central role of casuistry the science of resolving problems of moral choice known as cases of conscience in Elizabethan religious political and literary culture In the process that author develops a theory of casuistical hermeneutics in a synthesis of new historicist and post structuralist methodologies a synthesis made intelligible in terms applied within the discourses of ideological and

epistemological crisis that late sixteenth century casuistry both addressed and provoked Casuistry gained unprecedented notoriety in the last two decades of Elizabeth's reign emerging as an ambiguous practice that continued to be claimed as a heuristic procedure while it also came to function as a locus of moral and epistemological uncertainty The author shows the equivocal nature of casuistry to be the effect of the inherently dialogic activity of the word conscience Believed to be a sacred repository of truth as well as a hermeneutic operation conscience both embodied the culture's received norms and subjected to scrutiny the social and political negotiations that produced and maintained these norms The author examines the application of casuistry in wide ranging but interrelated documents Elizabeth's two speeches to Parliament concerning the fate of Mary Queen of Scots representative manuals of casuistry accounts of the secret movements of the English Catholic mission and Walsingham's intelligence network the Siena Sieve portrait of Spencer's *The Faerie Queene* The author establishes casuistical hermeneutics as a central organizing principle of Spenserian narrative and charts the connection between Spenserian narrative and novelistic discourse in Bakhtin's sense of the term These documents yield new insights into the politics of ambiguity and misreading in the Elizabethan period variously exploiting the casuistical doctrines of equivocation honest dissimulation and mental reservation as well as what the author calls the rhetoric of inviolability which was associated with the voice of conscience and appropriated by monarch and dissidents alike That rhetoric depended on a politic self censorship that proved indispensable to the maintenance of the culture's norms producing narrative structures that represent scandalous and theoretically unrepresentable insights Reading the text of casuistry in the Renaissance illumines the pivotal complementary processes of reading and writing the texts through which Elizabethan culture defined itself its texts of power its hierarchy of values and norms its taboos and its tacit or naturalized protocol for determining canonical texts and good readings

The Reader's Theatre of Mythology Plays Henry Gilfond,1980-06 Medusa'S Cause P. E. Zimmerman,2012-11-30

Love is immeasurable On an isolated cape high above a churning sea a mysterious young woman of enchanting beauty enters a lonely temple Lulled there by inconceivable desire it is a clandestine meeting that will forever alter her fate Wishing only to capture the love of a god she instead commits a grievous act of sin against an angry goddess and sets in motion a chain of events that not only tears her world apart but those that love her as well In a world ruled by men and explained by myth two brave sisters must break the rules and embark on a perilous journey Divided by difference yet united by a singular cause they must go out into a world that is at once cruel and capricious a world which often views and treats women as being no better than slaves It is a journey that will take them across the width and breadth of ancient Greece From the highest of mountains to the deepest of valleys to the most fabled of lands where myths come to life and futures are told and finally to the dark confines of the Underworld itself in search of answers It is a journey that will see them pitted against unforeseen challenges and dangers and at times against each other But as their journey of struggle and discovery unfolds something unusual begins to take shape and the question of what happened to their sister is invariably replaced with one of a much deeper meaning How far would you go to save the soul of someone you love
