Prison Getting Out By Going In:

Coming Back to Jail Elizabeth Comack, 2021-01-10T00:00:00Z Published some two decades ago Elizabeth Comack's *Women in Trouble* explored the connections between the women's abuse histories and their law violations as well as their experience of imprisonment in an aged facility. What has changed for incarcerated women in those twenty years? Are experiences of abuse continuing to have an impact on the lives of criminalized women? How do women find the experience of imprisonment in a new facility? Drawing on the stories of forty-two incarcerated women, *Coming Back to Jail* broadens the focus to examine the role of trauma in the women's lives. Resisting the popular move to understand trauma in psychiatric terms as post-traumatic stress disorder (PTSD), the book frames trauma as lived experience and locates the women's lives within the context of a settler colonial capitalist patriarchal society. Doing so enables a better appreciation of the social conditions that produce trauma and the problems, conflicts, and dilemmas that bring women into the criminal justice net. In *Coming Back to Jail*, Comack shows how, despite recent moves to be more gender responsive, the prisoning of women is ultimately more punishing than empowering. What is more, because the sources of the women's trauma reside in the systemic processes that have contoured their lives and their communities, true healing will require changing women's social circumstances on the outside so they no longer keep coming back to jail.

Women Leaving Prison Jill L. Snodgrass, 2018-11-16 *Women Leaving Prison* examines the oft-ignored experiences of female returning citizens, our returning sisters, who face numerous individual and systemic barriers as they return to life beyond bars. In the age of mass incarceration with 700,000 inmates leaving prison each year, spiritual and religious support during reentry is a crucial component of prison ministry. *Women Leaving Prison* describes women's pathways to prison, their spiritual and religious experiences inside, and then utilizes interpretative phenomenological analysis, a qualitative research method, to uncover the spiritual and religious beliefs and practices of returning sisters. The findings from the qualitative study then ground the book's call for a revised prison ministry praxis entitled Project Sister Connect, that details how churches as well as concerned citizens and people of faith can welcome and care for returning sisters. Project Sister Connect offers a model for facilitating female returning citizens' successful reentry via communal and individual spiritual care and support and by working toward the eradication of structural injustices.

Going Back to Prison Joseph Sebenick, 2025-08-05 In September 2015, four inmates were murdered inside an Oklahoma correctional facility. Was it a planned encounter with rival gangs, or did it occur spontaneously? *The Prison Investigator* provides insight into the internal culture within a prison system, which demonstrates the day-to-day activities through the eyes of an inmate whose life of incarceration and addiction to drugs has been threatening to him and the lives of his family members. It illustrates how employees working inside the prison are both being manipulated and compromised and how they will then become instrumental in the criminal activity that takes place inside the prison and how closely they are connected to the outside communities for the purpose of providing financial support to the inmates and their families. **Academic**
