

PRISONERS OF THE GREAT WAR  
AUTHORITATIVE STATEMENT OF  
CONDITIONS IN THE PRISON CAMPS OF  
GERMANY [1919 ]  
CARL P. DENNETT

# Prisoners Great War Authoritative Conditions

**Arnold Krammer**

## **Prisoners Great War Authoritative Conditions:**

Catalog of Copyright Entries ,1919      Surviving the Great War Aaron Pegram,2020 Surviving the Great War is the first detailed analysis of Australians in German captivity in WW1 By placing the hardships of prisoners of war in a broader social and military context this book adds a new dimension to the national wartime experience and challenges popular representations of Australia s involvement in the First World War      *Prisoners, Diplomats, and the Great War* Richard Speed,1990 Military and civilian captivity practices by four major European powers and the United States during World War I are surveyed in this book Speed argues that while the pressures of total war as they emerged during the conflict drove the belligerents to violate many of the norms of war they attempted to behave in accordance with a liberal tradition of captivity which held that prisoners of war were merely men whom nobody had a right to harm Aside from a few journal articles that deal with small aspects of the topic there is no other scholarly work that focuses on captivity during the First World War Speed makes extensive use of rarely cited American diplomatic records in order to offer a more objective view of camp conditions A special feature is the depiction of American camps in France drawn from previously uncited War Department records The book explores the radical tradition of captivity that emerged in the Soviet Union This tradition held that the prisoner was not merely a man for whom the war was over but that he was a potential recruit in the class war whose national loyalty could be subverted in the interest of the ideological conflict Thus while the Western world entered the war with a single tradition of captivity it emerged from the conflict with two antithetical traditions While the United States and Western Europe in general have clung to the liberal tradition third world revolutionary states like Vietnam and North Korea have embraced the radical tradition This book is essential reading for all scholars and students of modern European American diplomatic and military history Government officials involved with hostages or prisoners of war will also find much of value here      British Prisoners of War in First World War Germany Oliver Wilkinson,2017-04-27 Over 185 000 British military servicemen were captured by the Germans during the First World War and incarcerated as prisoners of war POWs In this original investigation into their experiences of captivity Wilkinson uses official and private British source material to explore how these servicemen were challenged by and responded to their wartime fate Examining the psychological anguish associated with captivity and physical trials such as the controlling camp spaces harsh routines and regimes the lack of material necessities and for many forced labour demands he asks if how and with what effects British POWs were able to respond to such challenges The culmination of this research reveals a range of coping strategies embracing resistance leadership and organisation networks of support and links with home worlds British Prisoners of War in First World War Germany offers an original insight into First World War captivity the German POW camps and the mentalities and perceptions of the British servicemen held within      **Prisoners of War** Arnold Krammer,2007-11-30 America s current War on Terror is causing a readjustment of centuries of POW policies Prisoners of war are once again in the news as America and

Western Europe grapple with a new faceless enemy and the rules of war and the torture of POWs are open to reconsideration Until very recently there has been astonishingly little written on the subject of prisoners of war Yet to understand the present it is critical to look back over history To that end Arnold Krammer examines the fate of war prisoners from Biblical and Medieval times through the halting evolution of international law to the current reshuffling of the rules The issue of prisoners of war is of more immediate concern now than ever before and an examination of the history of their treatment and current status may well influence foreign policy The fate of war prisoners through history has been cruel and haphazard The lives of captives hung by a thread Execution enslavement torture or being held for ransom were equally likely International agreements developed haltingly through the 19th and 20th centuries to culminate in the Geneva Accords of 1929 America's current War on Terror is causing a readjustment of centuries of POW policies Prisoners of war are once again in the news as America and Western Europe grapple with a new faceless enemy and the rules of war and the torture of POWs are open to reconsideration Until very recently there has been astonishingly little written on the subject of prisoners of war Yet to understand the present it is critical to look back over history To that end Arnold Krammer examines the fate of war prisoners from Biblical and Medieval times through the halting evolution of international law to the current reshuffling of the rules Since biblical times war captives have been considered property and counted as booty to be enslaved or killed Americans were interested in generals and weapons and battles but not the fate of prisoners of war The Second World War when 90 000 Americans fell into enemy hands began to change that Concern for our POWs in Germany and Japan and close contact with enemy camps in America began to change our attitudes However it was the Vietnam War media driven and polarizing that caused the American public to truly reevaluate the plight of its sons and brothers heroic and clearly loyal as they fell into the hands of an inscrutable and apparently unyielding distant enemy More recently during the first Gulf War of 1991 and the current War on Terrorism the issue of prisoners of war has moved to center stage involving the clash of ideologies politics and expediency Since 9 11 the rights and safety of prisoners of war caught up in the War on Terror have been debated in Congress and adjudicated on by former Attorney General Alberto Gonzales whose conclusions were protested by numerous organizations The issue of prisoners of war is of more immediate concern now than ever before and an examination of the history of their treatment and current status may well influence foreign policy

### **Barbed Wire Disease** John

Yarnall, 2011-10-21 By the time of the Armistice in 1918 around 6 5 million prisoners of war were held by the belligerents Little has been written about these prisoners possibly because the story is not one of unmitigated suffering and cruelty Nevertheless hardships did occur and the alleged neglect and ill treatment of prisoners captured on the Western Front became the subject of major propaganda campaigns in Britain and Germany as the war progressed Barbed Wire Disease looks at the conditions facing those British and German prisoners and the claims and counter claims relating to their treatment At the same time it sets the story in the wider context of the commitment by both governments to treat prisoners

humanely in accordance with the recently agreed Hague and Geneva Conventions The political and diplomatic efforts to abide by the new rules are examined in detail along with the use of reprisals against prisoners Britain s voluntary relief effort and the effect of face to face negotiations at the height of the war This comprehensive analysis using unpublished official files and cabinet papers concludes by documenting the first ever efforts to bring war criminals to justice before international tribunals

Useful Captives Daniel Krebs,Lorien Foote,2021-02-15 Useful Captives The Role of POWs in American Military Conflicts is a wide ranging investigation of the integral role prisoners of war POWs have played in the economic cultural political and military aspects of American warfare In Useful Captives volume editors Daniel Krebs and Lorien Foote and their contributors explore the wide range of roles that captives play in times of conflict hostages used to negotiate vital points of contention between combatants consumers laborers propaganda tools objects of indoctrination proof of military success symbols political instruments exemplars of manhood ideals loyal and disloyal soldiers and agents of change in society The book s eleven chapters cover conflicts involving Americans ranging from colonial warfare on the Creek Georgia border in the late eighteenth century the American Revolution the Civil War the Great War World War II to twenty first century U S drone warfare This long historical horizon enables the reader to go beyond the prison camp experience of POWs to better understand the many ways they influence the nature and course of military conflict Useful Captives shows the vital role that prisoners of war play in American warfare and reveals the cultural contexts of warfare the shaping and altering of military policies the process of state building the impacts upon the economy and environment of the conflict zone their special place in propaganda and political symbolism and the importance of public history in shaping national memory

**Home Front in the American Heartland** Patty Sotirin,Steven A. Walton,Sue Collins,2020-05-28 This collection offers a multifaceted exploration of World War One and its aftermath in the northern American Heartland a region often overlooked in wartime histories The chapters feature archival and newspaper documentation and visual imagery from this era The first section Heartland Histories explores experiences of conscription and home front mobilization in the small communities of the heartland highlighting tensions associated with patriotism class ethnicities and locale In one chapter the previously unpublished cartoon art of a USAF POW displays his Midwestern sensibilities Section Two Homefront Propaganda examines the cultural networks disseminating national war messages notably the critical work of local theaters Four Minute Men the Allied War Exhibitions and the local commemorative displays of military relics Section Three Gender in and War highlights aspects often over shadowed by male experiences of the war itself including the patriotic mother androgynous representations in wartime propaganda and masculine violence following the war Together this volume provides rich portraits of the complexities of heartland home front experiences and legacies

**The War Behind the Wire** John Lewis-Stempel,2014-01-30 The last untold story of the First World War the fortunes and fates of 170 000 British soldiers captured by the enemy On capture British officers and men were routinely told by the Germans For you the war is over

Nothing could be further from the truth British Prisoners of War merely exchanged one barbed wire battleground for another In the camps the war was eternal There was the war against the German military fought with everything from taunting humour to outright sabotage with a literal spanner put in the works of the factories and salt mines prisoners were forced to slave in British PoWs also fought a valiant war against the conditions in which they were mired They battled starvation disease Prussian cruelties boredom and their own inner demons And of course they escaped Then escaped again No less than 29 officers at Holzminden camp in 1918 burrowed their way out via a tunnel dug with a chisel and trowel in the Great Escape of the Great War It was war with heart breaking consequences more than 12 000 PoWs died many of them murdered to be buried in shallow unmarked graves Using contemporary records from prisoners diaries to letters home to poetry John Lewis Stempel reveals the death life and above all the glory of Britain s warriors behind the wire For it was in the PoW camps far from the blasted trenches that the true spirit of the Tommy was exemplified

**Tennessee's Experience during the First World War** Michael E. Birdwell, 2024-02-02 On the day that Archduke Franz Ferdinand heir to the Austrian throne was assassinated Tennesseans worried about the weather Carole Bucy writes Indeed the war that began in Europe in 1914 was unimaginably remote from Tennessee until it wasn t Drawing on a depth of research into a wide array of topics this vanguard collection of essays aims to conceptualize World War I through the lens of Tennessee The book begins by situating life in Tennessee within the greater context of the war in Europe recounting America s growing involvement in the Great War As the volume unfolds editor Michael E Birdwell and the contributors weave together soldier narratives politics and agribusiness African American history and present day recollections to paint a picture of Tennessee s Great War experience that is both informative and gripping An essential addition to the broader historiography of the American experience during World War I this collection of essays presents Tennessee stories that are close to home in more than just geography and lineage By relating international conflict through the eyes of Tennessee s own editor Michael E Birdwell and the contributing authors provide new opportunities for academics and general readers alike to engage with the Great War from a unique and until now untold perspective

As recognized, adventure as skillfully as experience roughly lesson, amusement, as competently as accord can be gotten by just checking out a ebook **Prisoners Great War Authoritative Conditions** as a consequence it is not directly done, you could endure even more concerning this life, more or less the world.

We offer you this proper as without difficulty as simple quirk to get those all. We give Prisoners Great War Authoritative Conditions and numerous books collections from fictions to scientific research in any way. along with them is this Prisoners Great War Authoritative Conditions that can be your partner.
