Emergency Management for Law Enforcement James F. Prescott, Jr., 2023-12-06 With renewed interest in both emergency management and homeland security disproportionate attention and resources have been focused on terrorist threats However natural hazards pose a far greater risk of death injury and property damage to the typical American jurisdiction Hurricanes floods and tornadoes cause billions of dollars in damage and substantial numbers of deaths and injuries each year The aim of this book is to focus on these natural hazards and the linkage between law enforcement and emergency management It draws from criminal justice psychology public administration emergency management public health meteorology leadership and management in an effort to synthesize a wealth of knowledge to better prepare police officers to respond to the complete range of emergencies and disasters they encounter on the job *Emergency Management for Law Enforcement Strategies Operations and Tactics* will help to better integrate law enforcement officers with other first responder agencies as they work together to resolve critical incidents It pulls together important information obtained from empirical research and disaster experience This knowledge is designed to help law enforcement officers deal with disasters and emergencies more effectively as important players in emergency management Learning these evidence based practical applications will assist police officers in making better decisions in order to take more effective actions at critical incident scenes

Contractual Management Ralph Schuhmann, Bert Eichhorn, 2019-10-24 The Concept Contractual Management offers a holistic approach to managerial decision making based on contracts or business processes that are related to contracts It explains management from the point of view of the contract just as it interprets the contract from the point of view of management Thus the approach highlights the great inherent potential of contracts for managing companies transactions and business relationships The book

addresses students as well as practitioners and gives insights into the usage of contracts to manage companies or relationships. It covers contract handling from preliminary deliberations to negotiations, implementation, and all the way to the evaluation of the contract within the company. Furthermore, it provides competencies to design and implement a contract and to organize the relevant processes. The Content: In Part 1, the book explains the theoretical foundations of Contractual Management; in Part 2, the application of the approach is illustrated through case studies which cover various sectors, industries, company sizes, contract types, and management situations. Theory part: Contractual Management: A Holistic Approach to a Diverse Issue. Case study part: 11 case studies arranged according to specific contract-related topics: Information and Communication, Change, Enterprise Networks, Conflict, Accounting and Financing, Legal Compliance, Societal Steering. The Editors: Professor Dr. Ralph Schuhmann. After holding a senior management position in industry, Ralph Schuhmann now teaches Business Law at Ernst Abbe Hochschule in Jena, Germany. He is the scientific director of the Contractual Management Institute at SRH Hochschule Berlin and has published various articles on contract law and contract management. Professor Dr. Bert Eichhorn. Before his appointment as professor for International Law and Business Law at SRH Hochschule Berlin, Bert Eichhorn worked as a legal consultant at the EU Parliament and as a lawyer. He has published numerous articles in national and international scientific journals in the area of contract management and international law. He is the managing director of the Contractual Management Institute at SRH Hochschule Berlin.

Disaster Management Handbook Jack Pinkowski, 2008-01-22. Record-breaking hurricane seasons, tornados, tsunamis, earthquakes, and intentional acts of mass casualty violence give lie to the delusion that disasters are the anomaly and not the norm. Disaster management is rooted in the fundamental belief that we can protect ourselves. Even if we cannot control all the causes, we can prepare and respond. We.

Mapping Legal Innovation Antoine Masson, Gavin Robinson, 2021-03-01. The legal sector is being hit by profound economic and technological changes: digitalization, open data, blockchain, artificial intelligence, forcing law firms and legal departments to become ever more creative in order to demonstrate their added value. To help lawyers meet this challenge, this book draws on the perspectives of lawyers and creative specialists to analyze the concept and life cycle of legal innovations, techniques, and services, whether related to legislation, legal engineering, legal services, or legal strategies, as well as the role of law as a source of creativity and interdisciplinary collaboration.
