The Problem of Slavery in Western Culture

David Brion Davis

Problem Of Slavery In Western Culture

Neal Dolan

Problem Of Slavery In Western Culture:

The Problem of Slavery in Western Culture David Brion Davis, 1988-10-20 Winner of several national awards including the 1967 Pulitzer Prize this classic study by David Brion Davis has given new direction to the historical and sociological research of society's attitude towards slavery Davis depicts the various ways different societies have responded to the intrinsic contradictions of slavery from antiquity to the early 1770s in order to establish the uniqueness of the abolitionists' response While slavery has always caused considerable social and psychological tension Western culture has associated it with certain religious and philosophical doctrines that gave it the highest sanction The contradiction of slavery grew more profound when it became closely linked with American colonization which had as its basic foundation the desire and opportunity to create a more perfect society Davis provides a comparative analysis of slave systems in the Old World a discussion of the early attitudes towards American slavery and a detailed exploration of the early protests against Negro bondage as well as the religious literary and philosophical developments that contributed to both sides in the controversies of the late eighteenth century This exemplary introduction to the history of slavery in Western culture presents the traditions in thought and value that gave rise to the attitudes of both abolitionists and defenders of slavery in the late eighteenth century as well as the nineteenth century *The Problem of Slavery in Western Culture* David Brion Davis, 1967

White Creole Culture, Politics and Identity During the Age of Abolition David Lambert, 2005-07-21 This book explores the articulation of white creole identity in Barbados during the age of abolitionism General Nonfiction Awards, 1962-1993 Heinz Dietrich Fischer, 1996 The School of Journalism at Columbia University has awarded the Pulitzer Prize since 1917 Nowadays there are prizes in 21 categories from the fields of journalism literature and music The Pulitzer Prize Archive presents the history of this award from its beginnings to the present In parts A to E the awarding of the prize in each category is documented commented and arranged chronologically Part F covers the history of the prize biographically and bibliographically Part G provides the background to the decisions

The Problem of Slavery in the Age of Revolution Duncan Money, Jason Xidas, 2017-07-05 How was it possible for opponents of slavery to be so vocal in opposing the practice when they were so accepting of the economic exploitation of workers in western factories many of which were owned by prominent abolitionists David Brion Davis's *The Problem of Slavery in the Age of Revolution 1770-1823* uses the critical thinking skill of analysis to break down the various arguments that were used to condemn one set of controversial practices and examine those that were used to defend another His study allows us to see clear differences in reasoning and to test the assumptions made by each argument in turn The result is an eye opening explanation that makes it clear exactly how contemporaries resolved this apparent dichotomy one that allows us to judge whether the opponents of slavery were clear eyed idealists or simply deployers of arguments that pandered to their own base economic interests

The Problem of Slavery in the Age of Emancipation David Brion Davis, 2014-02-04 Winner of the 2014 National Book Critics Circle Award for General Nonfiction

Shortlisted for the 2014 Cundill Prize in Historical Literature From the revered historian the long awaited conclusion of the magisterial history of slavery and emancipation in Western culture that has been nearly fifty years in the making David Brion Davis is one of the foremost historians of the twentieth century winner of the Pulitzer Prize the National Book Award the Bancroft Prize and nearly every award given by the historical profession Now with *The Problem of Slavery in the Age of Emancipation* Davis brings his staggeringly ambitious prizewinning trilogy on slavery in Western culture to a close Once again Davis offers original and penetrating insights into what slavery and emancipation meant to Americans He explores how the Haitian Revolution respectively terrified and inspired white and black Americans hovering over the antislavery debates like a bloodstained ghost and he offers a surprising analysis of the complex and misunderstood significance of colonization the project to move freed slaves back to Africa to members of both races and all political persuasions He vividly portrays the dehumanizing impact of slavery as well as the generally unrecognized importance of freed slaves to abolition Most of all Davis presents the age of emancipation as a model for reform and as probably the greatest landmark of willed moral progress in human history This is a monumental and harrowing undertaking following the century of struggle rebellion and warfare that led to the eradication of slavery in the new world An in depth investigation a rigorous colloquy of ideas ranging from Frederick Douglass to Barack Obama from British industrial wage slavery to the Chicago World s Fair *The Problem of Slavery in the Age of Emancipation* is a brilliant conclusion to one of the great works of American history Above all Davis captures how America wrestled with demons of its own making and moved forward

Emerson's Liberalism Neal Dolan, 2009-07-14 Emerson s *Liberalism* explains why Ralph Waldo Emerson has been and remains the central literary voice of American culture he gave ever fresh and lasting expression to its most fundamental and widely shared liberal values Liberalism after all is more than a political philosophy it is a form of civilization a set of values a culture a way of representing and living in the world This book makes explicit what has long been implicit in America s embrace of Emerson Neal Dolan offers the first comprehensive and historically informed exposition of all of Ralph Waldo Emerson s writings as a contribution to the theory and practice of liberal culture Rather than projecting twentieth century viewpoints onto the past he restores Emerson s great body of work to the classical liberal contexts that most decisively shaped its general political cultural outlook the libertarian liberalism of John Locke the Scottish Enlightenment the American founders and the American Whigs In addition to in depth consideration of Emerson s journals and lectures Dolan provides original commentary on many of Emerson s most celebrated published works including *Nature* the Divinity School Address *History Compensation* *Experience* the political addresses of the early 1840s *An Address on The Emancipation of the Negroes in the British West Indies* *Representative Men* *English Traits* and *The Conduct of Life* He considers Emerson s distinctive elaborations of foundational liberal values progress reason work property limited government rights civil society liberty commerce and empiricism And he argues that Emerson s ideas are a morally bracing and spiritually inspiring resource for the ongoing

sustenance of American culture and civilization reminding us of the depth breadth and strength of our common liberal inheritance

And There Was Light Jon Meacham, 2022-10-18 NEW YORK TIMES BESTSELLER Pulitzer Prize winning biographer Jon Meacham chronicles the life of Abraham Lincoln charting how and why he confronted secession threats to democracy and the tragedy of slavery to expand the possibilities of America Meacham has given us the Lincoln for our time Henry Louis Gates Jr Winner of the Gilder Lehrman Lincoln Prize Longlisted for the Biographers International Plutarch Award One of the Best Books of the Year The Christian Science Monitor Kirkus Reviews A president who governed a divided country has much to teach us in a twenty first century moment of polarization and political crisis Hated and hailed excoriated and revered Abraham Lincoln was at the pinnacle of American power when implacable secessionists gave no quarter in a clash of visions bound up with money race identity and faith In him we can see the possibilities of the presidency as well as its limitations At once familiar and elusive Lincoln tends to be seen as the greatest of American presidents a remote icon or as a politician driven more by calculation than by conviction This illuminating new portrait gives us a very human Lincoln an imperfect man whose moral antislavery commitment essential to the story of justice in America began as he grew up in an antislavery Baptist community who insisted that slavery was a moral evil and who sought as he put it to do right as God gave him to see the right This book tells the story of Lincoln from his birth on the Kentucky frontier in 1809 to his leadership during the Civil War to his tragic assassination in 1865 his rise his self education his loves his bouts of depression his political failures his deepening faith and his persistent conviction that slavery must end In a nation shaped by the courage of the enslaved of the era and by the brave witness of Black Americans Lincoln s story illustrates the ways and means of politics in a democracy the roots and durability of racism and the capacity of conscience to shape events

Slavery and Politics in the Early American Republic Matthew Mason, 2009-01-05 Giving close consideration to previously neglected debates Matthew Mason challenges the common contention that slavery held little political significance in America until the Missouri Crisis of 1819 Mason demonstrates that slavery and politics were enmeshed in the creation of the nation and in fact there was never a time between the Revolution and the Civil War in which slavery went uncontested The American Revolution set in motion the split between slave states and free states but Mason explains that the divide took on greater importance in the early nineteenth century He examines the partisan and geopolitical uses of slavery the conflicts between free states and their slaveholding neighbors and the political impact of African Americans across the country Offering a full picture of the politics of slavery in the crucial years of the early republic Mason demonstrates that partisans and patriots slave and free and not just abolitionists and advocates of slavery should be considered important players in the politics of slavery in the United States

Slavery, Religion and Regime Phillip J. Linden Jr. S.S.J., 2019-08-26 Slavery Religion and Regime challenged us to question the basis of a society founded on freedom for the elite and the subjugation and enslavement of natives and imported victims of slavery and slave trading The purpose of this book is to establish a critical theological interpretation of the

interplay among the significant political economic and religious expressions of modernity in the founding of industrial societies then and today The elite and justice for all while it heralds individualism materialism conceived in violence The dehumanization process along with the killing of natives is a history that extends up to the present day
