

RICHARD HOOKER

Prophet of Anglicanism

PHILIP B. SECOR

Richard Hooker Prophet Of Anglicanism

Mark Chapman

Richard Hooker Prophet Of Anglicanism:

Richard Hooker Philip Bruce Secor, 1999-01-01 This long neglected figure is arguably the closest counterpart in the English Reformation to Luther and Calvin This new biography is the culmination of fifteen years of intensive research into Hooker's life and thought

The Sermons of Richard Hooker Richard Hooker, Philip Bruce Secor, 2001 Philip Secor provides readers with an intimate look at theologian Richard Hooker's sermons that addressed not only the great religious issues of his day but also the more immediate concerns and problems of his flock *Richard Hooker and the English Reformation* W.J. Kirby, 2013-03-14 P G STANWOOD HOOKER it might almost be said is the name of a book rather than H the name of a man wrote Christopher Morris in his introduction to the Everyman's Library edition of the first five books of the Lawes of Ecclesiasticall Politie Now almost 100 years later we know much more both about the book and the man Of Hooker himself C J Sisson's 1 Judicious Marriage of Mr Hooker 1940 opened up and clarified many details of the life His biographical research has been expanded in a number of ways especially through the careful scrutiny and reassembling of Izaak Walton's early official Life 1666 by David Novarr in The Making of Walton's Lives 1958 and most recently by Jessica Martin in her fascinating study of Walton's Lives Conformist Commemorations and the Rise of Biography 2001 Georges Edelen left his biography of Hooker unfinished at the time of his death but much of his deep learning and scholarship is displayed in his detailed chronology of Hooker's life prefixed to the commentary volumes of the Folger Library Edition of the Works of Richard Hooker and also in his editorial work on the Preface and Books I N of the Lawes in that edition In addition Philip Secor has recently published Richard Hooker Prophet of Anglicanism 1999 a lively and engaging portrait aimed at a general audience

Richard Hooker and his Early Doctrine of Justification Corneliu C. Simut, 2019-10-01 Richard Hooker and his Early Doctrine of Justification explores the doctrine of justification the doctrine of faith and grace and the doctrine of Scripture and use of reason in the early theology of Richard Hooker In order to prove that Hooker was a Protestant Reformed theologian Simu concentrates on Hooker's doctrine of justification as reflected in his Learned Discourse of Justification which is the most important work of his early theology Unlike previous books on Hooker which use primarily the theology of Luther and Calvin to draw conclusions this book brings together quotations and ideas from the works of Luther Melancthon Zwingli Bucer Calvin and Beza to show that Hooker was a Protestant Reformed theologian Simu also discusses the theological context of Hooker's career by offering an analysis of the doctrine of justification in the theology of John Jewel John Whitgift Hooker's patrons and Thomas Cartwright and Walter Travers Hooker's Puritan opponents

Richard Hooker and the Vision of God Charles Miller, 2013-07-25 Charles Miller's rigorous and sensitive examination of Richard Hooker's theology makes a valuable addition to the field of study of the cleric one of the founding theologians of modern Anglicanism Miller examines Hooker's works in detail leading the reader through different facets of his vision of God creation Scripture the sacraments and practices of Christian devotion Hooker's theology challenges an increasingly time bound relativistic

approach to doctrine and truth his sources were as wide as ancient and as modern as Hooker could make them Miller's thoughtful analysis is informed throughout by an understanding of the context of Hooker's theological development against the backdrop of continental Calvinism and the remnants of Roman Catholicism in England The growth of interest in Hooker among specialists has been accompanied by an abandonment of the serious study of Hooker's thought among theological students clergy and theologians Miller's work addresses this lack Hooker's insights must not be forgotten in the daily distribution of theological food to Christian people A study which attunes readers to Hooker's particular theological voice and teaches its value both in his own context and as a present day interlocutor this volume will be of great interest to Christians and theological students alike

Richard Hooker Philip Hobday, 2023-09-07 For some Hooker and Anglicanism are basically reformed for others fundamentally Catholic for some embodying a middle way between Roman Catholic and Protestant extremes and for others simply confused and incoherent This book challenges those perceptions by showing that reformed and catholic are not intrinsically opposed Reading Hooker alongside a representative theologian of each tradition the catholic Aquinas and the reformed Calvin on theological method Hobday shows there is much greater congruity between theologies and theologians often considered in tension On the role of scripture in theology the theological capacity of human reason and the place of tradition these 3 theologians have far more in common than many subsequent commentators have understood This book shows how both Hooker and the Anglicanism he defended in such elegant prose can be coherently both catholic and reformed rather than one or the other or some middle way Relocating Hooker and Anglicanism in this way reveals them to be rich fruitful conversation partners in ecumenical dialogue and theological debates across Christian traditions

Richard Hooker, Reformer and Platonist W.J. Torrance Kirby, 2016-04-08 This book explores key aspects of Richard Hooker's philosophical and theological discourse in the context of currents of thought prevalent in the Magisterial Reformation of the sixteenth century Hooker's treatment of natural law his dependence upon the philosophical discourse and traditional cosmology of Christian Neoplatonism and his appeal to the authority of patristic sources are all closely examined Challenging the received exceptionalist model of much of the twentieth century interpretation of Hooker in particular the concept of his supposed defence of the English Reformation as striking a via media between Rome and mainstream Protestant reform W J Torrance Kirby argues that Hooker adheres to principles of magisterial reform while building upon the assumptions of a distinctively Protestant version of Platonism

A Companion to Richard Hooker Torrance Kirby, 2008-02-28 Richard Hooker was a learned philosophical theologian and engaged polemicist of the later sixteenth century who explained and defended the Elizabethan religious and political settlement and shaped definitively the self understanding of the English ecclesiastical establishment for centuries to come This Companion to Richard Hooker brings together a representative body of contributors with a view to offering a summary of the current state of scholarly debate and a synthesis of emerging trends in criticism Contributions to this volume reflect the major current trends of scholarly opinion

on Hooker's place within the mainstream of Protestant reform This Companion aims to provide a comprehensive and systematic introduction to Richard Hooker's life works thought reputation and influence Contributors are Rudolph P Almasry Daniel Eppley Lee W Gibbs Egil Grisli William Harrison W Speed Hill Ranall Ingalls Dean Kernan Torrance Kirby Diarmaid MacCulloch A S McGrade W David Neelands W Brown Patterson Debora K Shuger Corneliu C Simu John K Stafford Paul Stanwood James F Turrell and the Archbishop of Canterbury Dr Rowan Williams

The Evolving Reputation of Richard Hooker Michael Brydon, 2006-12-14 Richard Hooker has long been viewed as one of England's great theological and political writers When he died however at the end of the sixteenth century his writings had proved to be something of a damp squib This book examines against the background of the political and religious crises of the seventeenth century how he came to rise from comparative obscurity to be regarded as a universal authority It will be seen how an unintended alliance of Reformed Protestants suspicious of Hooker and Catholics anxious to exploit his perceived sympathies led to his establishment as a distinctive well regarded English writer Whilst the boundaries of Hooker's comprehensiveness have expanded and contracted in response to particular situations the belief that he is an important writer has remained remarkably constant ever since

Anglican Theology Mark Chapman, 2012-02-02 This book seeks to explain the ways in which Anglicans have sought to practise theology in their various contexts It is a clear insightful and reliable guide which avoids technical jargon and roots its discussions in concrete examples The book is primarily a work of historical theology which engages deeply with key texts and writers from across the tradition e g Cranmer Jewel Hooker Taylor Butler Simeon Pusey Huntington Temple Ramsey and many others As well as being suitable for seminary courses it will be of particular interest to study groups in parishes and churches as well as to individuals who seek to gain a deeper insight into the traditions of Anglicanism While it adopts a broad and unpartisan approach it will also be provocative and lively
