Beast Mode Principles and Mindset of Success, Unleash Your Inner Animal Darnell Smith, 2015-12-17

Beast mode principles and mindset of success unleash your inner animal How this book can help you succeed in life Each person must follow their own path to success which is why so many programs fail This book however will teach you how to find your own path personalized to attain the goals that will bring you true happiness Animals find happiness and fulfillment when they follow their path and you will learn to identify your true path in life using their instincts The animals have much to teach us The quick agility of the rabbit the consistency and perseverance of the turtle the courage of the lion and the relentless drive of the pit bull are only a few of the topics covered in this unique book With thirteen animals to cover there is a comprehensive view of the instincts and traits required to achieve success Each section teaches you about the traits you can learn from an animal and how to develop those traits in yourself Amazing animal instincts can be learned and you will soon be able to put them to work in your life You will also be inspired by the stories of success contained in each section that demonstrate the principles that are taught Inspirational quotes throughout will also keep you motivated Sample content The world is filled with animals that find their type of success every day Have you ever seen a tiger or a bird or a rabbit that did not seem to be fulfilling its own destiny Of course not These animals feel an overwhelming instinct that guides them to gratification in their lives They do not question themselves or second guess their motivations desires or actions Each animal listens to its inner voice and follows it without question You too can find this kind of fulfillment in your life and it is the instincts of the animals that will teach you how to do it Have you ever searched for the kind of motivation that makes a pit bull hold on until the very end Maybe you wish you had the clear vision of your future that an eagle uses to see its target or the quick judgment shown by rabbits who run without pausing to question where they are heading These animals follow their instincts but you too have instincts that can guide you to success Nobody else has the same combination of traits and abilities that you do so your success will not look exactly like anyone else s You are an individual a rare and unique being that can accomplish great things you may not yet have even imagined When some people decide to learn to be successful they think there is a program they can follow that will teach them what to do Perhaps you have tried some of these programs A so called expert writes a book that promises that if you follow the same steps they followed you can achieve the same type of success

Some of these programs can be helpful but many of them only reach their primary goal of increasing the income of the program's founder. And you must beware of people who promise to sell you their secrets. If they hold all the secrets of success, they may not be willing to share them. At the very least, truly successful individuals probably don't need to supplement their income with a book that teaches you how to mimic their success. This book is different; there is no program to follow. Instead, you will learn to find the instincts deep inside of you that will inevitably lead you to your success. You will find that your instincts, when guided properly, will allow you to find your path, not follow somebody else's. They will help you to set the goals that will truly bring you happiness, not another person's definition of it. This is the book that will teach you to unlock your potential and become the incredible person that you have been waiting for all your life. **BUY TODAY** *Pawsitivity Unleashed: Unleashing Life Lessons Memoir Edition* Kristin Leest, 2024-06-01

This book, part memoir and part life coaching manual, is a testament to the profound lessons learned from the unlikelyst of mentors: dogs. For years, the author, Kristin Leest, grappled with a sense of dissatisfaction despite achieving success in various aspects of life. It wasn't until later in life that they uncovered the pivotal truths that reshaped their perspective. The first truth unveiled is the profound connection between our internal state and external circumstances. Through self-reflection and self-compassion, Kristin discovered that true contentment begins within. By nurturing a positive relationship with oneself, one can navigate life's challenges with resilience and peace. The second truth encourages readers not to shy away from questioning beliefs and assumptions that may be holding them back. By challenging limiting beliefs and exploring new perspectives, you can align your goals with your values, leading to a life filled with purpose and fulfillment. But transformation doesn't happen in isolation. Kristin emphasizes the importance of seeking external guidance, whether through mentors or life coaches, to expedite the journey of growth and change. As you embark on the 30-day journey outlined in the book, you are encouraged to approach it with an open heart and a curious mind. Through personal anecdotes, practical exercises, and additional resources, Kristin provides a roadmap for self-discovery and personal growth.
