Revolution Revolutionen

Hannah Arendt

Revolution Revolutionen:

, 1848 — A European Revolution? A. Körner, 2000-02-17 This book is among the rare contributions to the 150th anniversary of 1848 which takes a completely new theoretically informed approach Instead of a traditional social or political history the authors analyse the dichotomy between the international dimension in the ideas of the revolution and the nationalisation of memories in its commemorations over the past 150 years The book offers original research on the history of European ideas and takes part in the current debate about the relationship between history and memory **Über die Revolution** Hannah Arendt, 2020-10-12 Die globalen Veränderungen der letzten Jahrzehnte und das Ende des Kalten Krieges werfen ein neues Licht auf Hannah Arendts Schrift über die Revolution Arendt analysiert in dieser brillanten Studie eines der erstaunlichsten Phänomene des 20. Jahrhunderts Ausgehend von der amerikanischen und der französischen Revolution untersucht sie die Ablösung des Krieges als Mittel der gewaltsamen Veränderung durch die Revolution **Revolutionary Spring** Christopher Clark, 2024-06-11 New York Times Book Review Editors Choice From the bestselling author of *The Sleepwalkers* comes an epic history of the 1848 revolutions that swept Europe and the charismatic figures who propelled them forward Refreshingly original Familiar characters are given vibrancy and previously unknown players emerge from the shadows *The Times UK* A BEST BOOK OF THE YEAR *New Yorker* *The Economist* *Financial Times* As history the uprisings of 1848 have long been overshadowed by the French Revolution of 1789 and the Russian revolutions of the early twentieth century And yet in 1848 nearly all of Europe was aflame with conflict Parallel political tumults spread like brush fire across the entire continent leading to significant changes that continue to shape our world today These battles for the future were fought with one eye kept squarely on the past The men and women of 1848 saw the urgent challenges of their world as shaped profoundly by the past and saw themselves as inheritors of a revolutionary tradition Celebrated Cambridge historian Christopher Clark describes 1848 as the particle collision chamber at the center of the European nineteenth century a moment when political movements and ideas from socialism and democratic radicalism to liberalism nationalism corporatism and conservatism were tested and transformed The insurgents asked questions that sound modern to our ears What happens when demands for political or economic liberty conflict with demands for social rights How do we reconcile representative and direct forms of democracy How is capitalism connected to social inequality The revolutions of 1848 were short lived but their impact on public life and political thought throughout Europe and beyond has been profound Meticulously researched elegantly written and filled with a cast of charismatic figures including the social theorist Alexis de Tocqueville the writer George Sand and the troubled priest Félix de Lamennais who struggled to reconcile his faith with politics *Revolutionary Spring* offers a new understanding of 1848 that suggests chilling parallels to our present moment Looking back at the revolutions from the end of the first quarter of the twenty-first century it is impossible not to be struck by the resonances Clark writes If a revolution is coming for us it may look something like 1848 **Revolution** Fouad Sabry, 2024-06-03 Was ist

Revolte und Revolution in der Frühen Neuzeit Ulrich Niggemann, 2023-10-16 Das Buch untersucht das Phänomen Revolution in seiner ganzen Vielfalt Dabei behandelt es unterschiedliche Ereignisse wie etwa den Bauernkrieg die Täuferherrschaft in Münster oder die Englischen Revolutionen des 17. Jahrhunderts Es vermittelt aber nicht nur Überblickswissen sondern es demonstriert wie historisches Denken funktioniert und wie Fragen und Thesen entwickelt werden

Die Französische Revolution Susanne Lachenicht, 2016-09-12 Die Französische Revolution bildet eine entscheidende Zäsur f r die französische wie auch die europäische Geschichte Sie markiert den Beginn der Moderne und legte die Grundsteine f r Entwicklungen die unsere heutige Welt prägen Susanne Lachenicht legt eine gut lesbare und gleichzeitig aktuelle Darstellung vor die nicht nur die politische sondern auch die kulturelle und soziale Revolution in den Blick nimmt Im Fokus stehen nicht nur König Hof und Minister und das Zentrum der Macht bzw der Revolution Paris sondern auch die Départements und der ländliche Raum in dem zu dieser Zeit immer noch die meisten Bewohner lebten Deutlich wird aber auch wie durch neue politische Verhaltensweisen durch Sprache Symbole und neue Öffentlichkeiten ein Umbruch in der politischen Kultur in Frankreich stattfand der auch f r die gesamte westliche Welt entscheidende Veränderungen hervorbrachte

Europese lente Christopher Clark, 2023-09-19 In 1848 stond bijna heel Europa in brand Politieke onrust verspreidde zich in dat jaar als een lopend vuurtje over het hele continent en leidde tot grote en permanente veranderingen De opstandelingen stelden toen vragen die ons vandaag de dag ook bezighouden Wat gebeurt er als politieke of economische vrijheid botst met sociale rechten Hoe combineer je representatieve en directe vormen van democratie Wat is het verband tussen kapitalisme en sociale ongelijkheid In *Europese lente* beschrijft Christopher Clark hoe deze opstand van een continent wereldwijd fungeerde als snelkookpan voor politieke bewegingen en nieuwe ideeën Hij introduceert een fascinerende cast van charismatische figuren waarmee hij nieuwe inzichten geeft in het revolutiejaar 1848 en huiveringwekkende parallellen blootlegt met onze huidige tijd Als er in de eenentwintigste eeuw een revolutie op komst is zo stelt Clark zou die weleens op die van 1848 kunnen lijken

The Furies Arno J. Mayer, 2013-05-16 The great romance and fear of bloody revolution strange blend of idealism and terror have been superseded by blind faith in the bloodless expansion of human rights and global

capitalism Flying in the face of history violence is dismissed as rare immoral and counterproductive Arguing against this pervasive wishful thinking the distinguished historian Arno J Mayer revisits the two most tumultuous and influential revolutions of modern times the French Revolution of 1789 and the Russian Revolution of 1917 Although these two upheavals arose in different environments they followed similar courses The thought and language of Enlightenment France were the glories of western civilization those of tsarist Russia s intelligentsia were on its margins Both revolutions began as revolts vowed to fight unreason injustice and inequality both swept away old regimes and defied established religions in societies that were 85% peasant and illiterate both entailed the terrifying return of repressed vengeance Contrary to prevalent belief Mayer argues ideologies and personalities did not control events Rather the tide of violence overwhelmed the political actors who assumed power and were rudderless Even the best plans could not stem the chaos that at once benefited and swallowed them Mayer argues that we have ignored an essential part of all revolutions the resistances to revolution both domestic and foreign which help fuel the spiral of terror In his sweeping yet close comparison of the world s two transnational revolutions Mayer follows their unfolding from the French Declaration of the Rights of Man and the Bolshevik Declaration of the Rights of the Toiling and Exploited Masses the escalation of the initial violence into the reign of terror of 1793 95 and of 1918 21 the dismemberment of the hegemonic churches and religion of both societies the externalization of the terror through the Napoleonic wars and its internalization in Soviet Russia in the form of Stalin s Terror in One Country Making critical use of theory old and new Mayer breaks through unexamined assumptions and prevailing debates about the attributes of these particular revolutions to raise broader and more disturbing questions about the nature of revolutionary violence attending new foundations

Writing the Revolution Raphael Hörmann, 2011 This study investigates German and English revolutionary literary discourse between 1819 and 1848 49 Marked by dramatic socioeconomic transformations this period witnessed a pronounced transnational shift from the concept of political revolution to one of social revolution Writing the Revolution engages with literary authors radical journalists early proletarian pamphleteers and political theorists tracing their demands for social liberation as well as their struggles with the specter of proletarian revolution The book argues that these ideological battles translated into competing poetics of revolution Series Kulturgeschichtliche Perspektiven Vol 10
