Charles A. Birnbaum

Richard Haag Bloedel Reserve And Gas Works Park Landscape Views:

Richard Haag William S. Saunders, Patrick M. Condon, Gary R. Hilderbrand, 1998 The Landscape Views series was established to highlight important issues of landscape architecture Like our ever popular Pamphlet Architecture series Landscape Views packs a large amount of critical research into a small volume Examines two projects in the Pacific Northwest

To Design Landscape Catherine Dee, 2012 The book begins with a Foundations section which sets out the basis of the approach

Daniel Urban Kiley William S. Saunders, Anita Berrizbeitia, Dan Kiley, 1999 Generally considered to be America's foremost postwar landscape architect Daniel Urban Kiley's earlier work is not well known This book focuses on several of his more creative projects from the 1940s and 1950s including more elaborate alternate plans

Nature Obscura Kelly Brenner, 2020-02-26 Brenner's smart debut is ideal for those with a deep interest in nature Publishers Weekly PNBA Book Awards finalist Washington State Book Awards finalist With wonder and a sense of humor Nature Obscura author Kelly Brenner aims to help us rediscover our connection to the natural world that is just outside our front door we just need to know where to look Through explorations of a rich and varied urban landscape Brenner reveals the complex micro habitats and surprising nature found in the middle of a city In her hometown of Seattle which has plowed down hills cut through the land to connect fresh and saltwater and paved over much of the rest she exposes a diverse range of strange and unknown creatures From shore to wetland forest to neighborhood park and graveyard to backyard Brenner uncovers how our land alterations have impacted nature for good and bad through the wildlife and plants that live alongside us often unseen These stories meld together in the same way our ecosystems species and human history are interconnected across the urban environment

Shaping Seattle Architecture Jeffrey Karl Ochsner, 2016-06-01 The first edition of Shaping Seattle Architecture published in 1994 introduced readers to Seattle's architects by showcasing the work of those who were instrumental in creating the region's built environment Twenty years later the second edition updates and expands the original with new information and illustrations that provide an even richer exploration of Seattle architecture The book begins with a revised introduction that brings the story of Seattle architecture into the twenty first century and situates developments in Seattle building design within local and global contexts The book's fifty four essays present richly illustrated profiles that describe the architects careers provide an overview of their major works and explore their significance Shaping Seattle Architecture celebrates a wide range of people who helped form the region's built environment It provides updated information about many of the architects and firms profiled in the first edition Four individuals newly included in this second edition are Edwin J Ivey a leading residential designer Fred Bassetti an important contributor to Northwest regional modernism L Jane Hastings one of the region's foremost women in architecture and Richard Haag founder of the landscape architecture program at the University of Washington and designer of Gas Works Park and the Bloedel Reserve The book also includes essays on the buildings of the Coast Salish people who inhabited Puget Sound prior to Euro American settlement the

role that architects played in speculative housing developments before and after World War II and the vernacular architecture built by nonprofessionals that makes up a portion of the fabric of the city *Shaping Seattle Architecture* concludes with a substantial reference section updated to reflect the last twenty years of research and publications A locations appendix offers a geographic guide to surviving works The research section directs interested readers to further resources and the appendix Additional Significant Seattle Architects provides thumbnail sketches of nearly 250 important figures not included in the main text **The Architects' Journal** ,1999 *Greater Perfections* John Dixon Hunt,2000 *Greater Perfections* explores the meanings of garden and its relationship to other interventions into the natural world But above all it offers a new and challenging account of the role of representation in garden art Journal **Meaning in Landscape Architecture and Gardens** Marc Treib,2011-03-01 While we all live our lives in designed landscapes of various types only on occasion do we consider what these landscapes mean to us and how they have acquired that significance Can a landscape architect or garden designer really imbue new settings with meaning or does meaning evolve over time created by those who perceive and use these landscapes What role does the selection and arrangement of plants and hard materials play in this process and just where does the passage of time enter into the equation These questions collectively provide the core material for *Meaning in Landscape Architecture and Gardens* a compendium of four landmark essays written over a period of twenty years by leading scholars in the field of landscape architecture New commentaries by the authors accompany each of the essays and reflect on the thinking behind them as well as the evolution of the author s thoughts since their original publication Although the central theme of these writings is landscape architecture broadly taken the principal subject of several essays and commentaries is the garden a subject historically plentiful in allusions and metaphors As a whole *Meaning in Landscape Architecture and Gardens* offers the general reader as well as the professional a rich source of ideas about the designed landscape and the ways by which we perceive consider react and dwell within them and what they mean to us The essays have been perennial favorites in landscape courses since their original publication in *Landscape Journal* Bringing them together bolstered by the new commentaries creates a book valuable to all those creating gardens and landscapes as well as those teaching and studying these subjects **Land Forum** ,1999 *Preserving Modern Landscape Architecture* Charles A. Birnbaum,1999 Academics designers and managers in the nonprofit sector provide valuable information to students of historic preservation and landscape history and to a more general public that as editor Charles Birnbaum says must be educated about the value of modern landscape design
