Risk Child Protection Assessment Challenges:

Risk in Child Protection Martin C. Calder, 2015-12-21 Assessing risk is a key challenge in child protection work Martin C Calder presents a clear and accessible guide to understanding risk and the part it plays This book considers what risk means and how risk assessments should be defined it outlines the key challenges practitioners face day to day and offers a helpful evidence based assessment framework for use by frontline staff Calder argues that risk now has to be reconceived as a multi disciplinary activity which stretches beyond social work As such he highlights a need for a clearer shared terminology among professionals and encourages the social work profession to look to related disciplines such as criminal justice for ideas to improve practice Demystifying the complex debates around risk and showing how to deliver effective risk assessment this is an essential reference for social workers and social work students as well as lecturers The Child Welfare Challenge Peter J. Pecora, James K. Whittaker, Richard P. Barth, Sharon Borja, William Vesneski, 2018-09-03 Using both historical and contemporary contexts The Child Welfare Challenge examines major policy practice and research issues as they jointly shape child welfare practice and its future This text focuses on families and children whose primary recourse to services has been through publicly funded child welfare agencies and considers historical areas of service foster care and adoptions in home family centered services child protective services and residential treatment services where social work has an important role This fourth edition features new content on child maltreatment and prevention that is informed by key conceptual frameworks informed by brain science public health and other research This edition uses cross sector data and more sophisticated predictive and other analytical processes to enhance planning and practice design The authors have streamlined content on child protective services CPS to allow for new chapters on juvenile justice cross over youth and international innovations as well as more content on biology and brain science The fourth edition includes a glossary of terms as well as instructor and student resource papers available online *The Child Protection Handbook* Kate Wilson, Adrian L. James, 2007-04-26 This title is directed primarily towards health care professionals outside of the United States The new edition of this popular handbook gives an authoritative informative and accessible account of key areas of child protection practice Covering research policy and practice it is relevant to all professionals working in child care No other book on child protection offers such comprehensive coverage of policy and practice It provides research findings in all areas of child abuse latest policies and indications of good practice plus specialist chapters for different professionals Chapters have been contributed by known experts in the field both distinguished academics and practitioners By combining the latest factual information with sophisticated analysis it is the ideal course text for child protection programmes as well as meeting the needs of more experienced practitioners academics and trainers Practical Examines the issues grounded in reality and therefore gives the reader confidence in practice coupled with an understanding of the responsibilities of colleagues in other professions Comprehensive Covers a broad review of what constitutes child abuse and characteristics of the abused and the

abusers medical social and legal management of the process of protection the actions involved in intervention and training and new directions for research and practice Authoritative Contributors are senior professionals known nationally and internationally for their specific expertise in this area Research based All books should be but amongst the professionals most closely involved in child protection the heavy workload often means there is little time to catch up on and assimilate up to date research fully This book offers a through guide to what research and policy initiatives can give to the practice of the reader new chapters addressing issues of culture and parenting each chapter contains key messages for practitioners key websites have been listed a website on Evolve with supplementary material

The Child Protection Handbook E-Book
Rachael Clawson, Lisa Warwick, Rachel Fyson, 2024-01-03 The Child Protection Handbook explains how to recognise abuse and protect at risk children for those working with children and young people aged under 18 including in social care education health services and sport and leisure settings The book has been fully updated to incorporate the impact of new technology as well as current legal and policy frameworks that govern statutory child protection intervention in the UK It considers all aspects of child protection including organisational issues children's rights the needs of those from diverse backgrounds and the impacts of the Covid 19 pandemic on child protection work With accessible up to date information presented in an easy to navigate format the Handbook is ideal for all busy practitioners wanting to improve outcomes for children young people and their families Fully updated since the last edition in 2007 perfect for all those working with children and young people Easy to navigate and locate information suitable as a reference book for busy practitioners Illustrative boxes in each chapter drawing on practice case examples to highlight current issues and dilemmas All concepts explained in straightforward jargon free language Reflective points to encourage the reader to think about their own practice and apply new knowledge Key questions for students and teachers to check understanding and to explore concepts further Links to resources and further reading Supporting social workers in child protection practice Poverty and child protection New forms of child abuse including technology assisted child sexual abuse child sexual exploitation gangs and criminal exploitation radicalisation forced marriage of children and young people female genital mutilation and faith based abuse Focus on teenagers including child protection in adolescence leaving care safeguarding and children in conflict with the law children and young people who have displayed harmful sexual behaviour and child to parent violence and abuse Safeguarding in sport and leisure Working with parents at risk of repeat removal of their children through care proceedings

The Child Welfare Challenge, 2017-07-28 This newly revised and updated edition of a widely adopted text continues to address a broad array of issues in supporting children and strengthening families It includes key information about federal legislation as well as policy related outcomes research in child welfare The first edition of The Child Welfare Challenge was hailed by Social Work as an excellent source from which to gain an in depth understanding of the practice and policy dimensions of child maltreatment foster care and adoption and by the Journal of Sociology and Social Welfare as essential

reading for anyone interested in knowing more about child welfare practice in social work Within a historical and contemporary context this book examines major policy practice and research issues as they jointly shape current child welfare practice and possible future directions In addition to describing the major challenges facing the child welfare field the book highlights some of the service innovations that have been developed as these could be used to help address some of these challenges In child welfare the focus is on families and children whose primary recourse to services has been through publicly funded agencies The contributors consider historical areas of service foster care and adoptions in home family centered services child protective services and residential services in which social work has a legitimate long standing and important mission This is a comprehensive book but one that appreciates the fact that many areas such as daycare and early intervention invite exploration It is unique in that each chapter describes how policy initiatives and research can or should influence program design and implementation

The Child Welfare Challenge James K. Whittaker, 2017-07-12 Within a historical and contemporary context this book examines major policy practice and research issues as they jointly shape child welfare practice and its future In addition to describing the major problems facing the field the book highlights service innovations that have been developed in recent years The resulting picture is encouraging especially if certain major program reforms I are implemented and agencies are able to concentrate resources in a focused manner The volume emphasizes families and children whose primary recourse to services has been through publicly funded child welfare agencies The book considers historical areas of service foster care and adoptions in home family centered services child protective services and residential services where social work has an important role Authors address the many fields of practice in which child and family services are provided or that involve substantial numbers of social work programs such as services to adolescent parents child mental health education and juvenile justice agencies This new edition will continue to serve as a fundamen tal introduction for new practitioners as well as summary of recent developments for experienced practitioners

The Wiley Handbook of What Works in Child Maltreatment Louise Dixon, Daniel F. Perkins, Catherine Hamilton-Giachritsis, Leam A. Craig, 2017-04-11 A comprehensive guide to empirically supported approaches for child protection cases The Wiley Handbook of What Works in Child Maltreatment offers clinicians psychologists psychiatrists and other professionals an evidence based approach to best professional practice when working in the area of child protection proceedings and the provision of assessment and intervention services in order to maximize the well being of young people It brings together a wealth of knowledge from expert researchers and practitioners who provide a comprehensive overview of contemporary work informing theory assessment service provision rehabilitation and therapeutic interventions for children and families undergoing care proceedings Coverage includes theoretical perspectives insights on the prevalence and effects of child neglect and abuse assessment children s services and interventions with children victims and families [Child Protection and the Care Continuum](#) Elizabeth Fernandez, Paul Delfabbro, 2020-11-25 This important new book critically

examines the complex policy and practice issues surrounding child protection including the impact of theoretical orientations contemporary debates policy initiatives and research findings and maintains an emphasis on the ethics and values underpinning child welfare interventions The book introduces policies that are central to understanding the position and needs of children and young people and how policy and practice have been influenced by developments including the children's rights agenda It also explores the most significant issues in child welfare These include the experience of maltreatment by children the systems of child protection to safeguard them the methods and challenges of risk assessment and the wide range of policy and therapeutic interventions to respond to children's needs The book also examines family support to promote children's wellbeing before considering provision for children and young people who are looked after in out of home care There is also a final section that focuses on best practice in communicating and working with children and young people drawing on participatory rights oriented and resilience based approaches and supporting foster and adoptive carers and biological parents Contributing in a substantive and clear manner to a growing international conversation about the present function and future directions for child welfare in contemporary societies this textbook will be of interest to undergraduate and postgraduate social work students and those from allied disciplines and professionals who are engaged in child welfare services

Keeping Children and Families Safe Act of 2003 United States. Congress. Senate. Committee on Education, Labor, and Pensions, 2003

Making Sense of Child and Family Assessment Duncan Helm, 2010-04-15 The application of assessment frameworks hinges on human qualities and skills which are naturally prone to bias and inconsistency This book aims to support workers in analysing and making sense of the information gathered and increase accuracy and empathy in assessing the needs and risks for vulnerable children and young people
