generations of outsiders channeling personalities as diverse as Aleister Crowley Arthur Machen Joe Orton Shirley Collins Bjrk and Marc Almond The story of this Hidden Reverse has necessarily remained a secret Until now This new volume contains almost 100 pages of extra material culled from Furfur a collection of interviews with musicians and artists whose careers intersected with the bands initially published alongside Strange Attractor s first limited edition of the book

The Unchained Bible Hugh S. Pyper, 2012-12-06 This volume explores a number of instances of unexpected but influential readings of the Bible in popular culture literature film music and politics The argument in all of them is that the effects of the Bible continues to have an effect on contemporary culture in ways that may surprise and sometimes dismay both religious and secular groups That the Bible was at one time chained in churches is true The subversive misreading of this enchainment as a symbol of a book in captivity to the established church is hard to suppress however Yet once released from these chains the Bible proves to be a text that gets everywhere and which undergoes surprising and sometimes contradictory metamorphoses The pious advocates of making the Bible accessible who sought to free it from the churches chains are the very people who then decry some of the results when the Bible is free to roam

Interfaces in Language 2 David Hornsby, John Partridge, 2011-09-22 This volume presents a collection of papers from the second Interfaces in Language conference hosted from 5 7 May 2009 at the University of Kent at Canterbury by the University s Centre for Language and Linguistic Studies CLLS Borne of a dissatisfaction with the rigid division of linguistics into sub disciplines Interfaces 2 offered specialists a platform to explore links between different approaches and attracted participation from ten countries on four continents addressing a wide range of themes Contributions are arranged under three thematic headings Categories and Orthodoxies Contact Conflict and Repertoire and Language and Cognition All in their different ways offer a challenge to received thinking or the rigidity of established categories The papers explore a range of linguistic interfaces probing the frontiers at the structural level between semantics and pragmatics or challenging the notion of a clear division between semantics and syntax A number of papers examine in different ways the interface between speech and writing while other contributors apply the techniques of linguistic analysis to the study of translation or to the stylistics of literature or journalism The rejection of rigid modes of

thinking has produced in *Interfaces in Language 2* an eclectic collection of thought provoking papers of rare originality and quality

Cusack, 2017-11-01 In *The Medieval Presence in the Modernist Aesthetic Unattended Moments* editors Simone Celine Marshall and Carole M Cusack have brought together essays on literary Modernism that uncover medieval themes and tropes that have previously been unattended that is neglected or ignored A historical span of a century is covered from musical modernist Richard Wagner's final opera *Parsifal* 1882 to Russell Hoban's speculative fiction *Riddley Walker* 1980 and themes of Arthurian literature scholastic philosophy Irish legends classical philology dream theory Orthodox theology and textual exegesis are brought into conversation with key Modernist writers including T S Eliot Ezra Pound Samuel Beckett Marcel Proust W B Yeats Evelyn Waugh and Eugene Ionesco These scholarly investigations are original illuminating and often delightful

The Post-Apocalyptic Novel in the Twenty-First Century H. Hicks, 2016-04-08 Since the beginning of the twenty first century major Anglophone authors have flocked to a literary form once considered lowbrow genre fiction the post apocalyptic novel Calling on her broad knowledge of the history of apocalyptic literature Hicks examines the most influential post apocalyptic novels written since the beginning of the new millennium including works by Margaret Atwood David Mitchell Cormac McCarthy Jeanette Winterson Colson Whitehead and Paolo Bacigalupi Situating her careful readings in relationship to the scholarship of a wide range of historians theorists and literary critics she argues that these texts use the post apocalyptic form to reevaluate modernity in the context of the new century's political economic and ecological challenges In the immediate wake of disaster the characters in these novels desperately scavenge the scraps of the modern world But what happens to modernity beyond these first moments of salvage In a period when postmodernism no longer defines cultural production Hicks convincingly demonstrates that these writers employ conventions of post apocalyptic genre fiction to reengage with key features of modernity from historical thinking and the institution of nationhood to rationality and the practices of literacy itself

Russell Hoban Graeme Wend-Walker, 2025-09-24 Spanning more than half a century Russell Hoban's celebrated literary career won him critical accolades and legions of admirers across multiple genres Many know him from the groundbreaking masterpiece *Riddley Walker* with its twelve year old protagonist contemplating what the ideal of us myt be from amidst the ruins of civilization Others know Hoban from the genre defying *The Mouse and His Child* or from idiosyncratic novels of floundering Londoners Still others fondly recall Frances the Badger's refusal to go to bed or share Emmet Otter with their children at Christmas This book the first consideration of Russell Hoban's literary career as a whole explores what binds these seemingly disparate works together Discovering unexpected patterns between books written from what one character describes as a perpetual state of surprise this critical study also draws on Hoban's biography from his formation as an artist under the influence of jazz in New York to the upheaval of his self reinvention as a writer as it offers its own reflection on what the idea of Russell Hoban might be
