The Music of Charlie Chaplin Jim Lochner,2018-10-16 Charlie Chaplin the actor is universally synonymous with his beloved Tramp character Chaplin the director is considered one of the great auteurs and innovators of cinema history Less well known is Chaplin the composer whose instrumental theme for *Modern Times* 1936 later became the popular standard *Smile* a Billboard hit for Nat King Cole in 1954 Chaplin was prolific yet could not read or write music It took a rotating cast of talented musicians to translate his unorthodox humming off key singing and amateur piano and violin playing into the singular orchestral vision he heard in his head Drawing on numerous transcriptions from 60 years of original scores this comprehensive study reveals the untold story of Chaplin the composer and the string of famous and not so famous musicians he employed giving fresh insight into his films and shedding new light on the man behind the icon **Only When I Laugh:**

My Autobiography Paul Merton,2014-09-25 Known for his intelligent and often surreal humour Paul Merton s weekly appearances on BBC1 s *Have I Got News For You* as well as Radio 4 s *Just A Minute* and his travel documentaries have seen him become an artfully rebellious fixture in our lives for over 25 years He also has a real story to tell In *ONLY WHEN I LAUGH* his rich and beautifully observed autobiography Paul takes us on an evocative journey from his working class Fulham childhood to the present day Whether writing about school days his run ins with the nuns and other pupils his disastrous first confession his meatpacking job taking acid leaving home to live in bedsit his early brushes with the opposite sex and not forgetting his repeated attempts to break into the world of comedy Paul s writing is always funny poignant and revealing And when his star finally ascends in the atmospherically drawn 1980s alternative cabaret scene there is a sense of excitement energy camaraderie momentum and dramatic impending success And then *CRASH* In an unflinching and brilliantly written section that defines the book we experience the disorienting and terrifying sustained manic episode that he suffered which landed him in a psychiatric hospital These and other tougher moments are written about candidly and with sensitivity and honesty Yet throughout *ONLY WHEN I LAUGH* Paul Merton succeeds in telling his life story entertainingly with warmth humour and a big bucket load of wit Ultimately uplifting it is the story of a fascinating life brilliantly told and one of the best memoirs of the year **Chaplin in the Sound Era** Eric L. Flom,2009-01-13 Charles Chaplin s sound films have often been overlooked by historians despite the fact that in these films the essential character of Chaplin more overtly asserted itself in his screen images than in his earlier silent work Each of Chaplin s seven sound films *City Lights* 1931 *Modern Times* 1936 *The Great Dictator* 1940 *Monsieur Verdoux* 1947 *Limelight* 1952 *A King in New York* 1957 and *A Countess from Hong Kong* 1967 is covered in a chapter length essay here The comedian s inspiration for the film is given along with a narrative that describes the film and offers details on behind the scenes activities There is also a full discussion of the movie s themes and contemporary critical reaction to it

Chaplin's War Trilogy Wes D. Gehring,2014-09-18 The book examines Charlie Chaplin

s evolving perspective on dark comedy in his three war films *Shoulder Arms* 1918 *The Great Dictator* 1940 and *Monsieur Verdoux* 1947 In the first he uses the genre in a groundbreaking manner but yet for a pro war cause In *Dictator* dark comedy is applied in an antiwar way In *Monsieur Verdoux* Chaplin embraces the genre as an individual in defense against a society out to destroy him All three are pivotal films in the development of the genre in film with the latter two movies being very controversial for their time

Chaplin's Music Hall Barry Anthony,2012-09-30 Charlie Chaplin grew up in and around the music hall His parents aunt and their friends all earned their precarious livings on the stage and Chaplin himself started out his career touring music halls with a dance troupe His experiences of the culture of the music hall were a major influence shaping his style of acting and the films he made most famously *Limelight* which tells the story of a failing variety performer and which evoked painful memories of his own past Chaplin was horrified to see how performers lives were ruined when their audience turned against them and he was relieved to exchange the stresses of live performance for screen comedy Barry Anthony here tells the story of the lives and careers of Chaplin s family and their music hall circle from dashing Eva Lester to the great Fred Karno and from Chaplin s parents Hannah Hill and Charles Chaplin to *The Great Calvero* himself He reveals the difficult and often tragic lives of London s variety community in the late Victorian and Edwardian years a time of great change in the music hall and entertainment scene and in doing so sheds important new light on the inspiration behind Chaplin s genius providing a fascinatingly fresh perspective on this popular cultural icon of the twentieth century

Charlie Chaplin and the Nazis Norbert Aping,2023-12-15 Until recently it was assumed that the Nazis agitated against Chaplin from 1931 to 1933 and then again from 1938 when his plan to make *The Great Dictator* became public This book demonstrates that Nazi agitation against Chaplin was in fact a constant from 1926 through the Third Reich When *The Gold Rush* was released in the Weimar Republic in 1926 the Nazis began to fight Chaplin whom they alleged to be Jewish and attempted to expose him as an intellectual property thief whose fame had faded In early 1935 the film *The Gold Rush* was explicitly banned from German theaters In 1936 the NSDAP Main Archives opened its own file on Chaplin and the same year he became entangled in the machinery of Nazi press control German diplomats were active on a variety of international levels to create a mood against *The Great Dictator* The Nazis dehumanizing attacks continued until 1944 when an opportunity to capitalize on the Joan Barry scandal arose This book paints a complicated picture of how the Nazis battled Chaplin as one of their most reviled foreign artists

Insights from Book Translations on the International Diffusion of Knowledge Isabelle Yin Fong Sin,2011 Increases in the stock of ideas possessed by societies are central to modern economic growth The implications of idea flows are striking Klenow and Rodriguez Clare 2005 estimate world production would be just 6% of its current level if countries did not share ideas Yet although theoretical economists have studied ideas and their diffusion extensively empirical studies are scarce because ideas are inherently difficult to measure Previous empirical studies of idea flows have tended to use proxies such as trade flows foreign direct investment migration and patent citations However with

the exception of the latter these measures are not pure idea flows and do not capture the key properties of ideas namely non rivalry and disembodiedness My research proposes a novel measure of idea flows namely book translations and uses it to study the factors that affect the international diffusion of ideas Book translations are an attractive way to quantify idea flows because they are both non rival and disembodied they are a pure measure of idea flows rather than a by product of a process such as trade or migration and their key purpose is to make the ideas contained in the book accessible to speakers of another language In chapter 2 I outline the economics literature on ideas and their diffusion I motivate and discuss book translations as a measure of idea flows and provide a framework for thinking about when translations are likely to occur I describe the translation data in chapter 3 The source of the data is an international bibliography of translations collected by the United Nations Educational Scientific and Cultural Organization From this bibliography I compile a data set of over 2 million translations published in 80 countries since the 1949 including detailed information on each title translated I then document the main patterns of translation flows In chapter 4 I employ a gravity framework to study how distance affects translation flows between countries This sheds light both on the barriers to international idea diffusion and on the underlying causes of the negative relationship between distance and trade Translations differ from trade in that they have zero transportation costs but they are subject to similar search and information costs and costs of forming contracts I estimate a gravity model where bilateral translation flows vary with the sizes of the countries and the distance between them and find the elasticity of translations with respect to distance to be between 0.3 and 0.5 for the 1990s these values are significantly smaller than the equivalent elasticity for trade found in the literature suggesting a significant role for transportation costs in the distance effect on trade In addition I present several pieces of evidence that suggest supply side frictions play a larger role in the distance effect on translations than do consumer preferences For instance the speed with which titles are translated which is likely to largely capture supply frictions as opposed to demand factors decreases significantly with distance Finally in joint work with Ran Abramitzky chapter 5 I study how the collapse of the Communist regime in Eastern Europe at the close of the 1980s affected the international diffusion of ideas We show that while translations between Communist languages decreased by two thirds with the collapse Western to Communist translations increased by a factor of seven and reached Western levels Convergence was full in economically beneficial fields such as sciences and only partial in culturally beneficial fields such as history The effects were larger for more Western oriented countries These findings help us understand how institutions shape the international diffusion of knowledge and demonstrate the importance of preferences in determining the type of ideas that diffuse into a country
