The Jews of Bosnia and Herzegovina* Francine Friedman, 2021-11-22 This book is the only comprehensive treatment in any language of a rather exotic Balkan Jewish community It places the Jewish community of Bosnia and Herzegovina into the context of the Jewish world but also of the world within which it existed for around five hundred years under various empires and regimes The

Bosnian Jews might have remained a mostly unknown community to the rest of the world had it not played a unique role within the Bosnian Wars of the early 1990s providing humanitarian aid to its neighbor Serbs Croats and Muslims Watch Francine Friedman's presentation on The Jews of Bosnia and Herzegovina [The Principle of Equality in Diverse States](#) Eva Maria Belser, Thea Bächler, Sandra Egli, Lawrence Zünd, 2021-05-25 This book examines different approaches by which states characterised by federal or decentralized arrangements reconcile equality and autonomy In case studies from four continents leading experts analyse the challenges of ensuring institutional social and economic equality whilst respecting the competences of regions and the rights of groups

The Europeanisation of the Western Balkans Jelena Džankić, Soeren Keil, Marko Kmezić, 2018-09-21 This volume casts a fresh look on how the political spaces of the Western Balkan states Croatia Bosnia and Herzegovina Serbia Montenegro Kosovo Macedonia and Albania are shaped governed and transformed during the EU accession process The contributors argue that EU conditionality in the Western Balkans does not work effectively in terms of social change because rule transfer remains a contested business due to veto players on the ground and strong legacies of the past The volume examines specific policy areas salient in the enlargement process and to a different degree incorporated in the accession criteria as well as EU foreign policy in the spheres of post conflict stabilisation democratization and the rule of law promotion

Illiberal Politics in Southeast Europe Damir Kapidžić, Věra Stojarová, 2021-09-30 The world is increasingly becoming less democratic and this trend has not left Southeast Europe untouched But instead of democratic breakdown what we are witnessing is a gradual decline and the rise of competitive authoritarian regimes This book aims to give a country by country overview of how illiberal politics has led to a decline in democracy and the re emergence of autocratic governance in Southeast Europe more specifically in the Western Balkans It defines illiberal politics as the everyday practices through which ruling parties undermine democratic institutions in order to remain in power Individual chapters examine recent political developments and identify practices of illiberal politics that target electoral institutions rule of law media freedom judicial independence and enable political patronage while several thematic chapters comparatively explore cross regional patterns This book addresses academics policymakers and practitioners with professional interest in Southeast Europe or democratic decline and is both timely and relevant as the European Union attempts to reengage with the countries of the Western Balkans The chapters in this book were originally published as a special issue of Southeast European and Black Sea Studies

Emerging Federal Structures in the Post-Cold War Era Soeren Keil, Sabine Kropp, 2022-05-18 This book conceives federalism not as a static institutional architecture but as a dynamic formation always in flux This may entail processes of federalization but in some cases also lead to de federalization It looks at emerging federal structures worldwide and analyses federal structures their emergence operation and categorization The contributors highlight that the emergence of these federal structures has multiple facets from the recognition of ethnic diversity to the use of federalism as a tool of conflict resolution Identifying and categorizing

processes of federalization and defederalization in a variety of cases the book provides much needed empirical and theoretical discussion on emerging federal structures and the changing nature of federalism in the post Cold War era
