Managing the Unthinkable Gretchen M. Bataille, Diana I. Cordova, 2023-07-03 Crises are no strangers on campuses whether the deaths of students severe weather events athletic wrongdoing crime or student or employee malfeasance How leaders respond can save lives strengthen the institution and comfort the community or compromise reputations and result in scandal Risk management and readiness are not often at the top of the list of what presidents and their boards must do but in a time of ongoing change instantaneous communication and media scrutiny they risk their jobs and their institutional reputation if they do not heed the messages conveyed in this book Gretchen Bataille and Diana Cordova with extensive and varied experiences that include a university presidency directing senior leadership programs and counseling presidents and senior administrators faced with critical campus events together with 22 presidents seasoned

leaders in higher education and media experts provide forthright firsthand advice on preparing for and managing a crisis as well on handling the emotional and often long term toll that can result from dramatic events on campus Through the examples of those who have successfully managed crises this book provides expert insights and guidance on preparedness assigning roles and responsibilities and planning for contingencies ahead of time so that in the moment when there is pressure for immediate response that will be scrutinized by the media by the public and by the local constituencies leaders can act with confidence The contributors emphasize the crucial importance of ethical behavior the need for clear protocols for how all employees should handle problematic issues and the need for mechanisms that allow employees and students to report problems without fear of retribution Creating an atmosphere of transparency accountability and ethical behavior isn't something a leader does when a scandal strikes to protect a reputation it's what leaders must do to reinforce their good name every day For senior leaders and board members not in the throes of managing a crisis this book outlines what needs to be done to be prepared and offers extensive resources for further reading **University Keywords** Andy

Hines,2025-09-09 This book analyzes 27 key terms central to American higher education focusing on their historical structural and functional roles while examining shifts in academic priorities influenced by policy activism and institutional practices **High-Impact Leadership in Catholic Education** Judith A. Dwyer,2024-10-01 A guide to the high impact leadership that is essential for realizing successful vibrant Catholic K 12 schools colleges and universities Recent studies by educational organizations such as the National Association of Independent Schools have found that aspiring leaders believe they lack preparation in areas such as financial planning and fundraising human resource and legal issues trustee governance risk management and addressing polarization within their school community High Impact Leadership in Catholic Education proposes that contemporary Catholic K 12 college and university leaders embrace a fundamental high impact approach to all aspects of the academic organization This high impact model examines the centrality of the Catholic mission the strategic plan as an institutional road map steps to foster a safe vibrant community with a financially sound future the critical importance of risk assessment and crisis management the unique role of trustees and the qualities that characterize high impact leadership On the basis of Dwyer's extensive experience in teaching and administration in American Catholic universities and independent schools each chapter also includes critical questions for reflection and a hypothetical case study This book is aimed at leaders in Catholic education at K 12 and higher education levels It will be particularly interesting to administrators of Catholic institutions who aspire to be presidents principals heads of school and senior leaders
