Rings Through The Ages An Informal History:

Rings Through the Ages James Remington McCarthy, 1945 *The Ring of Truth and Other Myths of Sex and Jewelry*
Wendy Doniger, 2017 In *The Ring of Truth* Wendy Doniger expertly unfolds the cultural and historical significance of rings and other kinds of circular jewelry through timeless stories taken from mythology religious traditions and literature Each chapter like a separate charm on a charm bracelet considers a different constellation of stories linked by a common cluster of meanings the mutual imitation of real and fake legal and illegal marital and extra marital jewelry the circular form of rings and bracelets miming the circle of eternity which persists in the face of human ephemera Crystal Blueprint Beatriz Singer, 2019-02-05 A guide to quartz crystals from both an ancestral and scientific point of view with the mission of helping readers identify their mind patterns and wounds to reconnect with the authentic self It is estimated that 10 billion quartz crystals are used every year in electronic devices from smartphones to computers credit cards watches digital cameras TVs cars and much more When you think about it it is almost impossible to imagine life without crystals These same crystals we see in so much of our technology have been used over the course of many centuries and by many different cultures around the world for healing In fact crystal healing is alive and well today with modern day healers harnessing the energy of quartz crystals to help alleviate suffering What is it that has drawn scientists and healers around the world to crystal technology and what are the similarities between the ways these two groups have used the stones In this book crystal healer and holistic therapist Beatriz Singer answers these questions and more She takes readers on a journey to understand the many wonders of quartz crystals so that we can use their powers to bring peace and healing to ourselves and the world **Puzzles and Essays from 'The Exchange'** Charles R Anderson, 2018-10-24 Who said that When did that happen Where the heck does that thing come from Was that French or what What is that supposed to mean For 35 years librarians in the United States and other countries sent puzzles they could not solve locally to *The Exchange* a column for reference librarians appearing in *RQ* and later *RUSQ* the official journal of the Reference and User Services Division of the ALA Other readers often furnished the answers sometimes years or even decades later *Puzzles and Essays from The Exchange* organizes those perplexing questions and answers into a reader friendly reference format embellished with essays that appeared in the column over the last fifteen years of its publication This unique collection of questions and answers that stumped librarians on four continents over a 35 year period comes complete with authoritative bibliographic citations It also contains an extensive subject person and keyword index providing easy access to the material Packed with fascinating information little known trivia and hard to find facts *Puzzles and Essays from The Exchange* is a wonderful reference source answering difficult questions about the origins of common and not so common customs like giving engagement rings driving on the right or left side of the road tying yellow ribbons around trees in memory of captives leg shaving visits from the Tooth Fairy and much much more the origins of words phrases and terms that don't when taken literally make much sense the origins of popular sayings The grass is always

greener The whole nine yards It ain't over until the fat lady sings Close but no cigar Going down the tube Light at the end of the tunnel Katy bar the door Goodbye cruel world etc the sources of famous quotations both spurious and real the sources of poetry fragments and bits of verse that have become part of the popular lexicon hard to find biographical information from George Washington Carver's many uses for the peanut and the sweet potato to the name of Paul Revere's horse to the truth about the let them eat cake story attributed to Marie Antoinette trivia and miscellany how lullabies began why a yawn is contagious when a sneeze is not what the names of the monkeys in The Wizard of Oz were why pigeons bob their heads when they walk what the vital statistics of the Venus de Milo are and much more the history of The Exchange itself Puzzles and Essays from The Exchange will also challenge you with a list of so far unanswered questions unidentified quotations and popular sayings whose origins are still generally unknown Perhaps you'll be the one to answer the riddles that stumped the editors and readers of The Exchange
