

## New 1000 Series Model AF

# 1

## General information

### Introduction

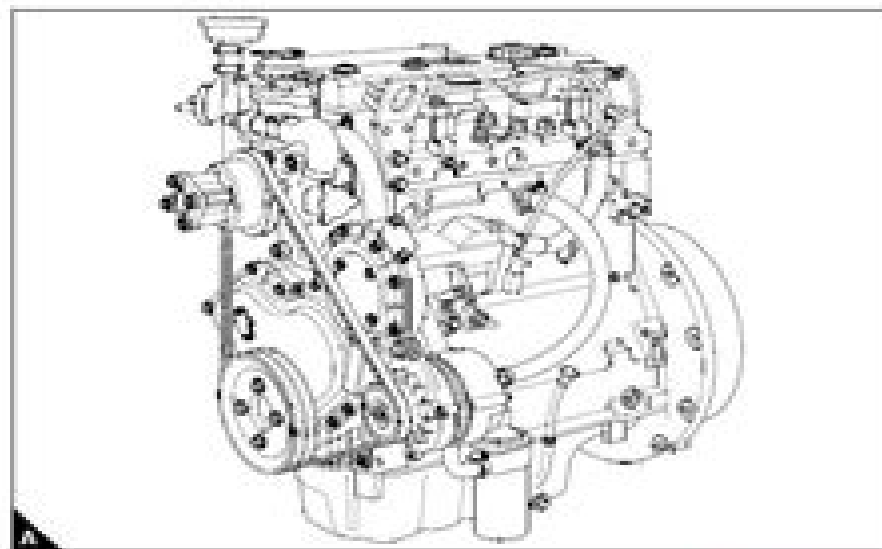

The Perkins New 1000 Series spark ignition engines for industrial applications using LPG (liquid petroleum gas) are the latest developments from Perkins Engines Company Limited. Any information about LPG engines which is not found in this publication, such as equipment to reduce gas pressure and the carburettor, can be supplied by the manufacturer of the machine or their distributor. More than sixty years of engine production experience, together with the latest technology, have been applied to the manufacture of your engine to give you reliable and economic power.

The terms "left side" and "right side" apply when the engine is seen from the flywheel end. Danger is indicated in the text by two methods:

**Warning!** This indicates that there is a possible danger to the person.

**Caution!** This indicates that there is a possible danger to the engine.

**Note:** is used where the information is important, but there is not a danger.
