Persistent Forms Explorations Historical Poetics:

Persistent Forms Ilya Kliger, Boris Maslov, 2015-12-14 Since the mid 1980s attempts to think history and literature together have produced much exciting work in the humanities Indeed some form of historicism can be said to inform most of the current scholarship in literary studies including work in poetics yet much of this scholarship remains undertheorized Envisioning a revitalized and more expansive historicism this volume builds on the tradition of Historical Poetics pioneered by Alexander Veselovsky 1838 1906 and developed in various fruitful directions by the Russian Formalists Mikhail Bakhtin and Olga Freidenberg The volume includes previously untranslated texts of some of the major scholars in this critical tradition as well as original contributions which place that tradition in dialogue with other thinkers who have approached literature in a globally comparatist and evolutionary historical spirit The contributors seek to challenge and complement a historicism that stresses proximate sociopolitical contexts through an engagement with the *longue dur e* of literary forms and institutions In particular Historical Poetics aims to uncover deep historical stratifications and asynchronicities in which formal solutions may display elective affinities with other chronologically distant solutions to analogous social and political problems By recovering the traditional nexus of philology and history *Persistent Forms* seeks to reinvigorate poetics as a theoretical discipline that would respond to such critical and intellectual developments as Marxism New Historicism the study of world literature practices of distant reading and a renewed attention to ritual oral poetics and genre **Persistent**

Forms Ilya Kliger, Boris Maslov, 2016 Drawing inspiration from the Russian and Soviet tradition of historical poetics the contributors to the volume seek to challenge and complement the historicism that stresses proximate socio political contexts as well as the more recent and salutary concern with understanding literary production and reception on a global scale with the perspective of the *longue dur e* of literary forms and institutions *The Cambridge Companion to World Literature* Ben Etherington, Jarad Zimble, 2018-11-22 This Companion presents lucid and exemplary critical essays introducing readers to the major ideas and practices of world literary studies **Revolutions in Verse** Isobel Palmer, 2024-11-15 How modernist

interartistic experimentation and the proliferation of new media technologies inspired fresh insights into poetry Isobel Palmer spotlights Russian modernist poets and formalist theorists conscious engagement with formal convention showing how their efforts were tied up with broader attempts in the early Soviet era to understand and articulate the nature of poetry and its most characteristic devices Returning to critical debates around poetic encounters with three key aesthetic categories rhythm image and voice Palmer unpacks the period s deeper interest in the material bases of poetic speech itself Through fresh incisive readings of canonical poets and theorists from Andrei Bely and Vladimir Mayakovsky to Yury Tynianov and Viktor Shklovsky *Revolutions in Verse The Medium of Russian Modernism* explores the proliferation of interartistic experiments and the emergence of new media technologies that made poetry visible as a medium in its own right *The Paradox of Authenticity* Joseph Feinberg, 2018-07-24 A theoretically rich and vividly written ethnography of folklore revival

and performance in Eastern Europe that provocatively embraces larger questions of social theory authenticity and philosophy

The Cambridge Introduction to Mikhail Bakhtin Ken Hirschkop, 2021-11-04 A concise readable and up to date introduction to Bakhtin which provides students with an accessible but sophisticated guide to his work Maoist Laughter Ping Zhu, Zhuoyi Wang, Jason McGrath, 2019-08-01 WINNER 2020 Choice s Outstanding Academic Title During the Mao years laughter in China was serious business Simultaneously an outlet for frustrations and grievances a vehicle for socialist education and an object of official study laughter brought together the political the personal the aesthetic the ethical the affective the physical the aural and the visual The ten essays in Maoist Laughter convincingly demonstrate that the connection between laughter and political culture was far more complex than conventional conceptions of communist indoctrination can explain Their sophisticated readings of a variety of genres including dance cartoon children s literature comedy regional oral performance film and fiction uncover many nuanced innovations and experiments with laughter during what has been too often misinterpreted as an unrelentingly bleak period In Mao s China laughter helped to regulate both political and popular culture and often served as an indicator of shifting values alliances and political campaigns In exploring this phenomenon Maoist Laughter is a significant correction to conventional depictions of socialist China Maoist Laughter brings together prominent scholars of contemporary China to make a timely and original contribution to the burgeoning field of Maoist literature and culture One of its main strengths lies in the sheer number of genres covered including dance traditional Chinese performance visual arts film and literature The focus on humor in the Maoist period gives an exciting new perspective from which to understand cultural production in twentieth century China Krista Van Fleit University of South Carolina An illuminating study of the culture of laughter in the Maoist period Focusing on much neglected topics such as satire jokes and humor this book is an essential contribution to our understanding of how socialist culture actually worked as a coherent dynamic and constructive life experience The chapters show that traditional culture could almost blend perfectly with revolutionary mission Xiaomei Chen University of California Davis **From 1989, Or European Music and the Modernist Unconscious** Seth Brodsky, 2017-01-24 Roth Family Foundation music in America imprint *Of Stigmatology* Peter Szendy, 2018-01-09 What if our existence is a product of its interruptions What if the words that structure our lives are themselves governed by the periods and commas that bring them to a close or our images by the cinematic cuts that mark them off Are we like Chekhov s clerk who dreams of being pursued by angry exclamation marks or Scorsese s Jake LaMotta bloodied by one violently edited fight after another the products of punctuation or as Peter Szendy asks us to think of it punctuation *Of Stigmatology* elaborates for the first time a general theory of punctuation Beginning with punctuation marks in the common sense Peter Szendy goes on to trace the effects of punctuation more broadly arguing that looking and hearing are not passive acts of reception but themselves punctuate the images and sounds they take in Szendy reads an astonishing range of texts and traditions from medical auscultation to literature Chekhov Sterne Kafka philosophy Hegel Nietzsche

Heidegger Derrida psychoanalysis Lacan and film Raging Bull The Trial Fight Club Repeatedly what Szendy finds in these works is a punctuation that marks experience itself that seeks and ultimately fails to bind the subject to itself This is the stigmatology of the punctuation mark on the page that structures texts from ancient to digital as well as the punctuation of experience as though at the hands of a boxer

An Atmospherics of the City Ross Chambers, 2015-04-01 What happens to poetic beauty when history turns the poet from one who contemplates natural beauty and the sublime to one who attempts to reconcile the practice of art with the hustle and noise of the city An Atmospherics of the City traces Charles Baudelaire's evolution from a writer who practices a form of fetishizing aesthetics in which poetry works to beautify the ordinary to one who perceives background noise and disorder the city's version of a transcendent atmosphere as evidence of the malign work of a transcendent god of time history and ultimate destruction Analyzing this shift particularly as evidenced in *Tableaux parisiens* and *Le Spleen de Paris* Ross Chambers shows how Baudelaire's disenchantment with the politics of his day and the coincident rise of overpopulation poverty and Haussmann's modernization of Paris influenced the poet's work to conceive a poetry of allegory one with the power to alert and disalienate its otherwise inattentive reader whose senses have long been dulled by the din of his environment Providing a completely new and original understanding of both Baudelaire's ethics and his aesthetics Chambers reveals how the shift from themes of the supernatural in Baudelaire to ones of alienation allowed a new way for him to articulate and for his fellow Parisians to comprehend the rapidly changing conditions of the city and in the process to invent a modern beauty from the realm of suffering and the abject as they embodied forms of urban experience
