Person-Centred Practice in Nursing and Health Care Brendan McCormack, Tanya McCance, 2016-07-20 Person centred Practice in Nursing and Health Care is a comprehensive and practical resource for all nurses and healthcare practitioners who want to develop person centred ways of working This second edition which builds on the original text Person Centred Nursing has been significantly revised and expanded to provide a timely and topical exploration of an important subject which underpins all nursing and healthcare edited by internationally renowned experts in the field Person centred Practice in Nursing and Health Care looks at the importance of person centred practice PCP from a variety of practice strategic and policy angles exploring how the principles of PCP underpin a variety of perspectives including within leadership and in the curriculum The book explores not only a range of methodologies but also covers a variety of different healthcare settings and contexts including working within mental health services acute care nursing homes the community and working with children and people with disabilities Key features Significantly updated and expanded since the previous edition taking into account the considerable changes in recent health care advancements including the Francis report Builds on previous perspectives of person centredness in nursing and applies them in a broader nursing and health care context Includes a stronger exploration on the role of the service user Shows the use of life story and narrative approaches as a way of putting the individual s identity at the heart of the care relationship Includes learning features such as links to current practice developments and reflective questions **Preparing for Professional Practice in Health and Social Care** Anita Atwal, Mandy Jones, 2009-09-08 Preparing for Professional Practice in Health and Social Care is the ultimate companion for students and newly qualified practitioners in occupational therapy physiotherapy and other allied health professions A multi professional team of qualified and experienced contributors explain key concepts in professional practice within the contexts of health social care and education systems Topics range from law ethics and client centred practice to interprofessional

working team building communication skills and reflective practice Further chapters provide practical guidance on writing a CV applying for jobs and interview technique as well as offering advice on career planning and continuing professional development

KEY FEATURES clear definitions of key concepts case studies and examples from clinical practice summaries of key points self assessment exercises references and further reading

Occupational Therapy for People Experiencing Illness, Injury or Impairment E-Book (previously entitled Occupational Therapy and Physical Dysfunction) Michael Curtin, Mary Egan, Jo Adams, 2016-12-16 The sixth edition of this classic book remains a key text for occupational therapists supporting their practice in working with people with physical impairments stimulating reflection on the knowledge skills and attitudes which inform practice and encouraging the development of occupation focused practice Within this book the editors have addressed the call by leaders within the profession to ensure that an occupational perspective shapes the skills and strategies used within occupational therapy practice Rather than focusing on discrete diagnostic categories the book presents a range of strategies that with the use of professional reasoning can be transferred across practice settings The new editors have radically updated the book in response to the numerous internal and external influences on the profession illustrating how an occupational perspective underpins occupational therapy practice A global outlook is intrinsic to this edition of the book as demonstrated by the large number of contributors recruited from across the world Covers everything the student needs within the physical disorders part of their course Links theory of principles to practice and management Written and edited by a team of internationally experienced OT teachers clinicians and managers Gives key references and further reading lists for more detailed study Written within a framework of lifespan development in line with current teaching and practice Includes practice scenarios and case studies Focuses on strategies New title echoes the contemporary strength based and occupation focused nature of occupational therapy practice which involves working with people and not medical conditions and diagnoses Content and structure reviewed and shaped by an international panel of students new graduates 22 additional chapters 100 expert international contributors Evolve Resources evolve elsevier com Curtin OT contains 3 bonus interactive practice stories with reflective videos 360 MCQs 200 reflective questions 250 downloadable images Critical discussion of the ICF in the context of promoting occupation and participation Pedagogical features summaries key points and multiple choice and short answer reflective questions

Working with People with Learning Disabilities Honor Woods, David Thomas, 2003-02-20 A comprehensive introduction to working with people with learning disabilities this guide provides the theoretical understanding needed to inform good practice and to help improve the quality of life of people within this group Using accessible language and case examples the authors discuss both psychological and practical theories

Interprofessional Collaboration in Social Work Practice Karin Crawford, 2011-10-03 How can social workers be more effective in collaborative work What are the skills knowledge and values required for collaborative practice How does collaborative social work practice impact on the experience of service users and carers

These questions are faced by social workers every day and interprofessional collaborative practice is high on the policy agenda for trainees and practitioners. Written primarily for social work students and practitioners although having relevance across the wider range of stakeholders, this book explores the issues, benefits and challenges that interprofessional collaborative practice can raise. Chapter by chapter, the book will encourage the reader to critically examine the political, legal, social and economic context of interprofessional practice. It also explores how social workers can work effectively and collaboratively with other professions while retaining their own values and identity. Key features include activities to illustrate the ways in which collaborative working can impact upon the experiences of service users, carers and practitioners; discussions looking at the different people and organisations with whom social workers might work in practice; examples of research and knowledge for practice; a glossary to act as a useful quick reference point for the reader; a companion website. Engaging and well written, each chapter also includes case studies, reflective questions and links to further reading and sources of information. *Interprofessional Collaboration in Social Work Practice* will be essential reading for social work qualifying students and for practitioners.

Person-Centred Healthcare Research Brendan McCormack, Sandra van Dulmen, Hilde Eide, Kirsti Skovdahl, Tom Eide, 2017-09-05. *Person Centred Healthcare Research* provides an innovative and novel approach to exploring a range of research designs and methodological approaches aimed at investigating person centred healthcare practice within and across healthcare disciplines. With contributions from internationally renowned experts in the field, this engaging resource challenges existing research and development methodologies and their relevance to advancing person centred knowledge generation, dissemination, translation, implementation and use. It also explores new developments in research methods and practices that open up new avenues for advancing the field of person centred practice. *Person Centred Healthcare Research* Enables students, practitioners, managers and researchers to gain a solid understanding of the complexity of person centred thinking in research designs and methods. Explores the theories and practices underpinning a topical subject within current healthcare practice. Is edited by an internationally recognised team who are at the forefront of person centred healthcare research. Foundations for Practice in Occupational Therapy E-BOOK Edward A. S. Duncan, 2020-05-22. Now in its sixth edition, the internationally acclaimed *Foundations for Practice in Occupational Therapy* continues to provide a practical reference tool which is both an indispensable guide to undergraduates and a practical reference tool for clinicians in the application of models and theories to practice. Underlining the importance and clinical relevance of theory to practice, the text provides an excellent introduction to the theoretical basis of occupational therapy. Contributions are given by both academics and expert clinicians. All chapters have been revised and

updated new ones have been written and some pre existing chapters have new authors A refined structure uses highlight boxes to indicate the key themes and issues of each chapter and useful reflective questions to help the reader review the issues raised in the chapter Discusses evidence based practices and established theories but also includes contemporary developments Range of expert contributors provide an international perspective of practice Case studies highlighting the application of theory to practice Details of the latest developments and debates in the field Chapters on the various conceptual models Highlight boxes throughout indicating key themes issues Reflective questions at the end of each chapter

Evidence Based Practice Across the Health Professions Tammy Hoffmann, Sally Bennett, Chris Del Mar, 2009 Provides a foundation in the knowledge and skills necessary to perform and understand the implications of evidence based practice within a healthcare environment Hoffmann and Bennett University of Queensland Del Mar Bond University Australia
