Infrastructure Financing In Asia Bambang Susantono, Donghyun Park, Shu Tian, 2019-11-19 First the book documents the evolution of Asia s infrastructure over the past half century and reviews existing literature on the role of infrastructure investment in supporting growth and social development It highlights the positive impact of mass transit investments on land and property values and the possibility of taxing the increase in values to finance these investments It then examines Asia s current practices and new solutions that can help meet the infrastructure gap It discusses the role of institutions how innovation can foster energy infrastructure investments and the role of bond markets in infrastructure investments The book explores ASEAN 3 efforts in developing local currency bond markets to provide long term local financing for infrastructure investment while providing financial resilience It also examines the use of green bonds to finance sustainable growth in Asia

Public Investment Management Reference Guide Jay-Hyung Kim, Jonas Arp Fallov, Simon Groom, 2020-03-03 The Public Investment Management PIM Reference Guide aims to convey country experiences and good international practices as a basis for decisions on how to address a country specific PIM reform agenda The country references are drawn largely from previous diagnostics and technical assistance reports of the World Bank The application of

country diagnostics and assessments has revealed a need to address the following issues when undertaking a country reform in PIM Clarification of the definition and scope of public investment and public investment management Establishment of a sound legal regulatory and institutional setting for PIM making sure it is linked to the budget process Allocation of roles and responsibilities for key players in PIM across government Strengthening of guidance on project preappraisal appraisal and selection prioritization procedures and deepening of project appraisal methodologies Integration of strategic planning project appraisal selection and capital budgeting Management of multiyear capital budget allocations and commitments Efforts to address effective implementation procurement and monitoring of projects Strengthening of asset management and ex post evaluation Integration of PIM and public private partnership PPP in a unified framework Rationalization and prioritization of the existing PIM project portfolio Development of a PIM database and information technology in the form of a PIM information system The PIM Reference Guide does not seek to provide definitive answers or standard guidance for the common PIM issues facing countries Nor does it seek to provide a detailed template for replication across countries this would be impossible given the diversity of country situations Instead each chapter begins with an overview of the specific reform issue lists approaches and experiences from different countries and summarizes the references and good practices to be considered in designing country specific reform actions

New Forms of Procurement Marcus C. Jefferies, Steve Rowlinson, 2016-04-14 The last three decades have seen the evolution of Public Private Partnerships PPPs and Relationship Contracting RC as alternative procurement approaches to traditional methods of delivering public infrastructure The potential for growth in these new forms of procurement has led to an on going debate on the nature of requirements particularly in terms of policy development encouraging private investment and value for money A key argument for Governments to procure projects using PPPs and RC is that the process delivers better value for all the stakeholders including the community and asset end users This wide ranging study of such crucial procurement issues includes international historical context collaboration and risk management with a focus on sustainable procurement approaches The international significance of PPPs and RC procurement is reinforced with case study examples from the UK Europe North America South Africa and the Asia Pacific It features cutting edge research from around the world on subjects such as Reviews and reflection of the PPP approach Project Alliancing Implementation of RC in developing countries Changes in procurement policy Value for money collaboration and stakeholder involvement Growth and emergence of PPPs in Asia Risk management Including contributions from some of the world s most prominent academics and practitioners in this field it is a crucial guide to the strategic choices governments now face for the provision of infrastructure between using public or private mechanisms or a combination of the two

Licensed larceny Nicholas Hildyard, 2016-06-17 The growing wealth gap is best viewed as a proxy for how for how effectively elites have constructed institutions that extract value from the rest of society For inequality is not just a problem

of poverty and the poor it is as much a problem of wealth and the rich The provision of public services is one area which is increasingly being reconfigured to extract wealth upward to the one per cent notably through so called Public Private Partnerships PPPs The push for PPPs is not about building infrastructure for the benefit of society but about constructing new subsidies that benefit the already wealthy It is less about financing development than developing finance Understanding and exposing these processes is essential if inequality is to be challenged But equally important is the need for critical reflection on how the wealthy are getting away with it What does the wealth gap suggest about the need for new forms of organizing by those who would resist elite power *Rethinking Public Service Delivery* John Alford,Janine O'Flynn,2012-06-25 Winner of the 2014 Academy of Management Public Nonprofit PNP Division Best Book Award Many public services today are delivered by external service providers such as private firms and voluntary organizations These new ways of working including contracting partnering client co production inter governmental collaboration and volunteering pose challenges for public management This major new text assesses the ways in which public sector organizations can improve their services and outcomes by making full use of the alternative ways of getting things done *Policy Analysis in South Korea* T.J. Lah,Thomas R. Klassen,2023-02-14 This book is the first to examine the theory and practice of policy analysis in South Korea Drawing on case studies it explores the development of policy analysis and procedures for decision making at different levels of government
