The Cambridge Guide to Literature in English Dominic Head, 2006-01-26 This illustrated and fully updated Third Edition of *The Cambridge Guide to Literature in English* is the most authoritative and international survey of world literature in English available. The Guide covers everything from Old English to contemporary writing from all over the English speaking world. There are entries on writers from Britain and Ireland, the USA, Canada, India, Africa, South Africa, New Zealand, the South Pacific and Australia, as well as on many important poems, novels, literary journals and plays. This new edition has been brought completely up to date with more than 280 new author entries, most of them for living authors. The general reader will find it fascinating to browse and to discover many new writers and works, while students will find it an invaluable resource for daily use. This is a unique work of reference for the twenty-first century that no reader or library should be without.

The Oxford Companion to Twentieth-Century Literature in English Jenny Stringer, 1996-09-26 This is a unique new reference book to English language writers and writing throughout the present century in all major genres and from all around the world, from Joseph Conrad to Will Self, Virginia Woolf to David Mamet, Ezra Pound to Peter Carey, James Joyce to Amy Tan. The survivors of the Victorian age who feature in *The Oxford Companion to Twentieth-Century Literature in English* writers such as Thomas Hardy, Olive Schreiner, Rabindranath Tagore, Henry James could hardly have imagined how richly diverse Literature in English would become by the end of the century. Fiction, plays, poetry and a whole range of non-fictional writing are celebrated in this informative, readable and catholic reference book which includes entries on literary movements, periodicals and over 400 individual works as well as articles on some 2,400 authors. All the great literary figures are included, whether American or Australian, British, Irish or Indian, African or Canadian or Caribbean, among them Samuel Beckett, Edith Wharton, Patrick White, T.S. Eliot, Derek Walcott, D.H. Lawrence, Tennessee Williams, Vladimir Nabokov, Wole Soyinka, Sylvia Plath, as well as a wealth of less obviously canonical writers from Anaïs Nin to L.M. Montgomery, Bob Dylan to Terry Pratchett. The book comes right up to date with contemporary figures such as Toni Morrison, Ben Okri, Salman Rushdie, Carol Shields, Tim Winton, Nadine Gordimer, Vikram Seth, Don DeLillo and many others. Title entries range from Aaron's Rod to *The Zoo*. Story topics from *Angry Young Men*, Bestsellers and Concrete Poetry to Soap Opera, Vietnam Writing and Westerns. A lively introduction by John Sutherland highlights the various and sometimes contradictory canons that have emerged over the century and the increasingly international sources of writing in English which the Companion records. Catering for all literary tastes, this is the most comprehensive single volume guide to modern and postmodern literature.

Fiction Masaomi Kobayashi, 2022-11-15 The Multiverse of Office Fiction liberates Herman Melville's 1853 classic *Bartleby the Scrivener* from a microcosm of Melville studies namely the so called *Bartleby Industry* This book aims to illuminate office fiction featuring office workers such as clerks civil servants and company employees as an underexplored genre of fiction by addressing relevant issues such as evolution of office work integration of work and life exploitation of women office

workers and representation of the Post Office In achieving this goal Bartleby plays an essential role not as one of the most eccentric characters in literary fiction but rather as one of the most generic characters in office fiction Overall this book demonstrates that Bartleby is a generative figure by incorporating a wide diversity of his cousins as Bartlebys It offers fresh contexts in which to place these characters so that it can ultimately contribute to an ever evolving poetics of the office
