Punch At The Monarchy:

Punch and the Monarchy William Davis, 1977 Mr. Punch's History of Modern England Vol. I—1841-1857 (of 4)
(Illustrations) Charles Larcom Graves ,2014-11-25 Example in this ebook The title of this work indicates at once its main source and its limitations The files of Punch have been generally admitted to be a valuable mine of information on the manners customs and fashions of the Victorian age and of the wealth of material thus provided liberal use has been made But it must not be forgotten that Punch has always been a London paper and that in so far as English life is reflected in his pages London always comes first though in this volume and especially during the Hungry Forties Lancashire comes a very good second For pictures of provincial society such for example as that given in Cranford or in the novels of Trollope or of life in Edinburgh or Dublin the chronicler of Victorian England must look outside Punch The country cousin is not forgotten but for the most part comes into view when he is on a visit to London not when he is on his native heath Yet even with these deductions the amount of material is embarrassingly rich And this is due not only to the multiplicity of subjects treated but to the manner in which they were discussed Of Punch in his early days at any rate the criticism recently applied to Victorian writers in general by a writer in Blackwood holds good They had a great deal to say and they said it sometimes in too loud a voice Such was their virtue to which their vice was akin Their vice was the vice of rhetoric They fell to the temptation of many words They wrote too often as the tub thumper speaks without much self criticism and with a too fervent desire to be heard immediately and at all costs In the forties Punch doubled the roles of jester and political pamphleteer and in the latter capacity indulged in a great deal of vehement partisan rhetoric The loudest the most passionate and moving as well as the least judicial of his spokesmen was Douglas Jerrold The choice of dividing lines between periods must always be somewhat artificial but I was confirmed in my decision to end the first volume with the year of the Indian Mutiny by the fact that it coincided with the death of Douglas Jerrold who from 1841 to 1857 had more than any other writer been responsible for the Radical and humanitarian views expressed in Punch My task would have been greatly simplified by the exclusion of politics altogether But to do that would have involved the neglect of what is after all perhaps the most interesting and in many ways the most honourable phase of Punch's history his championship of the poor and oppressed and his efforts to bridge the gap between the Two Nations the phrase which was used and justified in the finest passage of Disraeli's *Sybil* and which I have chosen as the title for the first part of the present volume To write a Social History of England at any time without reference to the political background would be difficult it is practically impossible in a chronicle based on Punch in the forties and fifties In the second part I have endeavoured to redress the balance Here one recognizes the advantages of Punch's London outlook in dealing with the Court and fashion and the acute contrasts furnished between Mayfair on the one hand and the suburbs and slums on the other No attempt has been made to represent Punch as infallible whether as a recorder a critic or a prophet He was often wrong unjust and even cruel notably in his view of Peel and Lincoln and in his conduct of the No

Popery crusade though he seldom failed to make amends even to the extent of standing in a white sheet over Lincoln's grave To be continue in this ebook Punch's pocket book for 1844 (-1881). ,1844 **Punch** Mark Lemon, Henry Mayhew, Tom Taylor, Shirley Brooks, Francis Cowley Burnand, Owen Seaman, 1887 *Mr. Punch's History of Modern England* Charles L. Graves, 2022-01-04 *Punch's History of Modern England* is a unique review of the English customs traditions education nobility courts fashion culture and personalities entirely based on the articles from *Punch* the British satirical journal As the author mentions in the preface The Files of *Punch* have been generally admitted to be a valuable mine of information of the manners customs and fashions of the Victorian age This is one of the best examples of Victorian era humor prose and gives a unique insight into the history of England outside political matters *Mr. Punch's History of Modern England Vol. II—1857-1874 (of 4) (Illustrations)* Charles Larcom Graves, 2014-11-25 Example in this ebook PART I THE NATIONAL OUTLOOK Mr PUNCH'S HISTORY OF MODERN ENGLAND THE AGE OF NON INTERVENTION Whether splendidly isolated or dangerously isolated I will not now debate but for my part I think splendidly isolated because this isolation of England comes from her superiority These words were used by Sir Wilfrid Laurier in 1896 but they were prompted by a retrospect of the Victorian age and may serve as a motto for the policy which governed England in her relations with foreign countries in the period surveyed in this volume There was serious friction with France in the early days of the Empire owing to the distrust of the Emperor's warlike preparations and his manipulation of the opportunities presented by his assistance of Italy in 1859 In the war of North and South in America England as a whole backed the wrong horse and English diplomacy mishandled the obligations of our neutrality We were on the verge of war over the Trent case and the slackness of the Government in failing to detain the Alabama burdened the country with a costly legacy of moral and intellectual damage to say nothing of pecuniary loss Popular sentiment was strongly anti Prussian in the war on Denmark in 1864 misgivings of Prussian aggression were heightened by the crushing defeat of Austria in 1866 and the French débâcle in 1870 Yet the old diplomacy whatever its shortcomings kept us out of European wars The Court as well as the Government strove hard for peace in 1859 the Queen's influence was successfully exerted to prevent interference on behalf of Denmark in 1864 which had been foreshadowed in a menacing message to Austria from Lord Palmerston After the defeat of the Austrians at Sadowna in 1866 Disraeli justified abstention from unnecessary interference in European politics on the ground that England had outgrown the European Continent and was really more of an Asiatic than a European power With Gladstone the restraining motive was economic rather than anti imperialist though his distrust of a spirited foreign policy became more pronounced in later years But under Liberals and Conservatives alike non intervention in European wars remained the unbroken rule and the only serious military operations undertaken between 1857 and 1874 were those involved in the suppression of a great revolt within our own dominions The Chinese quarrel was the only cloud on the horizon in the beginning of 1857 Parliament was dissolved as the result of the vote of censure passed in the Commons but Palmerston was returned with a strong majority

and the pacificists under Cobden lost their seats Punch expressing the hope that Cobden might be master of himself though China fall The war with China was not a glorious page in our annals it remained in abeyance during the Mutiny and was not concluded till 1860 Indirectly it was one of the means of saving India by the diversion of the troops intended for the Far East and already at Singapore to the relief of Bengal at the urgent summons of Lord Canning the Governor General of India The first mention of the outbreak in Punch followed close on the tragedy of Meerut early in May In his Essence of Parliament we read Lord Ellenborough delivered an alarmist speech about the mutinies in our Indian Army Among other terrors he was hideously afraid that Lord Canning the Governor General had been taking some step which showed that he thought Christianity a true religion but this damaging accusation was happily explained away Lord Lansdowne was almost sure that Lord Canning could not so far have misconducted himself To be continue in this ebook **August 2022 - Surplus Record Machinery & Equipment Directory** Surplus Record,2022-08-01 SURPLUS RECORD is the leading independent business directory of new and used capital equipment machine tools machinery and industrial equipment listing over 95 000 industrial assets including metalworking and fabricating machine tools chemical and process equipment cranes air compressors pumps motors circuit breakers generators transformers turbines and more Over 1 100 businesses list with the SURPLUS RECORD August 2022 issue Vol 99 No 8 Soldier King of Life Wo ZiDuiTianXiao,2020-07-10 Mercenary King Chen Qingyang returned to the city to protect his comrade s sister the goddess In the bustling city Chen Qingyang was like a fish in water carefree and at ease And to see how the previous generation s soldiers would use their iron fists and wits to build a business empire Punch ,1876 1841-1857 Charles Larcom Graves,1857
