Purification Offering In The Priestly Literature Its Meaning And Function:

The Purification Offering in the Priestly Literature N. Kiuchi, 1987-01-01 The aim of this incisive study is to clarify the symbolism of the so called sin hatta t offering better understood as a purification offering A major concern of the work is to explain the variety of the atonement ceremonies in Leviticus in which the purification offering appears This variety has hitherto been explained as the result of tradition historical development Janowski or in terms of degrees of uncleanness Milgrom Dr Kiuchi presents a new way of looking at the evidence for the offering with special reference to the two incidents in Leviticus 10 The concept of atonement kipper includes both purification and guilt bearing for when the priest purifies sancta he bears the guilt associated with the uncleanness The varieties of blood manipulation are determined by the occasion while the varieties of disposal of the sacrificial flesh hinge on whether the agent of the atonement is also a beneficiary of it

The Purification Offering in the Priestly Literature N. Kiuchi, 1988-02-01 The aim of this incisive study is to clarify the symbolism of the so called sin hatta t offering better understood as a purification offering A major concern of the work is to explain the variety of the atonement ceremonies in Leviticus in which the purification offering appears This variety has hitherto been explained as the result of tradition historical development Janowski or in terms of degrees of uncleanness Milgrom Dr Kiuchi presents a new way of looking at the evidence for the offering with special reference to the two incidents in Leviticus 10 The concept of atonement kipper includes both purification and guilt bearing for when the priest purifies sancta he bears the guilt associated with the uncleanness The varieties of blood manipulation are determined by the occasion while the varieties of disposal of the sacrificial flesh hinge on whether the agent of the atonement is also a beneficiary of it

A Study of Hata and Hatta't in Leviticus 4-5 Nobuyoshi Kiuchi, 2003 Through a close semantic analysis of the Hebrew terms hata and hatta t commonly translated as sin in Leviticus 4 5 this study reveals their lexical meanings unknown for two millennia both in Judaism and in Christianity Sin has been commonly understood as referring mainly to a violation of God s commandment pertaining to personal conduct However the revision Nobuyoshi Kiuchi proposes for the meanings of the terms has significant and far reaching implications for other major themes such as uncleanness and atonement meaning human salvation before God The author also provides a solution to the question of the relationship between sin and uncleanness

Ritual Words and Narrative Worlds in the Book of Leviticus Bryan D. Bibb, 2009-06-01 This book argues that literary features and ritual dynamics within the book of Leviticus enlighten each other The first two chapters establish that one may read Leviticus as a coherent literary work and define the genre of Leviticus as narrativized ritual a complex blending of descriptive narrative and prescriptive ritual In conversation with Catherine Bell they present several aspects of the text that are ritualized and show how this ritualization implies a negotiation of power relations among participants The third and fourth chapters examine the first half of Leviticus both the legal sections in Lev 1 7 and 11 15 and the narratives in Lev 8 10 and 16 These sections alternate between establishing the ritual system and exposing gaps and ambiguities in that system

Chapter 5 turns to the second half of Leviticus traditionally called the Holiness Code The ritual language found in this section is less formal and precise mirroring the way in which the concept of holiness is expanded and extended to the whole people As this material concludes the book it relativizes and democratizes the strict ritual system contained in the first half

Bridging the Gap Gerald A. Klingbeil, 2007 This volume is intended to introduce university and seminary students and scholars to the neglected field of ritual studies particularly within the larger context of biblical and theological studies At the same time the author hopes to further the discussion by interacting with numerous scholars in the field providing an extensive bibliography of relevant works Klingbeil defines the basic terms used in ritual studies and explains the concepts involved in interpreting biblical ritual He offers a broad history of the study of biblical ritual beginning with the critiques of ritual found in the Old Testament prophetic books and surveying attitudes toward ritual down to modern times Drawing on the fields of anthropology and sociology as well as his decade of work in the field Klingbeil presents a comprehensive reading strategy for biblical ritual texts In addition he explores connections between ritual studies and theological research This ground breaking study promises to generate discussion about biblical ritual and provides an excellent introduction to this growing field of study for students and scholars

The Oxford Handbook of Ritual and Worship in the Hebrew Bible Samuel E. Balentine, 2020 The conceit in the title of this volume is that ritual however expansively it may be defined is ineluctably tethered to religion and worship It has a primal connection to the idea that a transcendent order numinous and mysterious supranatural and elusive divine and wholly other gives meaning and purpose to life The construction of rites and rituals enables humans to conceive and apprehend this transcendent order to symbolize it and interact with it to postulate its truths in the face of contradicting realities and to repair them when they have been breached or diminished The focus of this Handbook is on ritual and worship from the perspective of biblical studies particularly on the Hebrew Bible and its ancient Near Eastern antecedents Within this context attention will be given to the development of ideas in Jewish Christian and Muslim thinking but only insofar as they connect with or extend the trajectory of biblical precedents The volume reflects a wide range of analytical approaches to ancient texts inscriptions iconography and ritual artifacts It examines the social history and cultural knowledge encoded in rituals and explores the way rituals shape and are shaped by politics economics ethical imperatives and religion itself Toward this end the volume is organized into six major sections Historical Contexts Interpretive Approaches Ritual Elements participants places times objects practices Underlying Cultural and Theological Perspectives History of Interpretation Social Cultural Functions and Theology and Theological Heritage

The Making of the Tabernacle and the Construction of Priestly Hegemony Nathan MacDonald, 2023-08-23 How did the Jerusalem high priests go from being cultic servants in the sixth century BCE to assuming political supremacy at some point during the third or second century The Making of the Tabernacle and the Construction of Priestly Hegemony examines how the conditions were created for the priesthood's rise to power by examining the most important ideological texts for the high priests the

description of the wilderness tabernacle and the instructions for the ordination ritual found in the Biblical books of Exodus and Leviticus. Although neglected by many modern readers who often find them technical and repetitive, the tabernacle accounts excited considerable interest amongst early scribes and readers as is evidenced by the survival of them in no fewer than four versions. Untangling this intricate compositional history helps shed light on how these chapters in the Pentateuch shaped and were shaped by the perception of the priesthood's powers and competencies during the Persian and early Hellenistic periods. The hierarchy that is developed is more nuanced and multifaceted than previously appreciated, with Israelite artisans, community leaders, Levites, and women incorporated into a complex vision of society. The ordination ritual was also transformed by scribal elites during the Persian period, appearing in no fewer than five variant forms as the role of the high priesthood and its relationship to other groups was negotiated. Using a broad plural methodological approach that incorporates insights from sociology, ritual studies, textual and literary criticism, early interpretation, manuscript studies, and philology, Nathan MacDonald's study shines new light on the historical development, theology, and ideology of priestly texts in the Pentateuch.

The Background And Contents Of Paul's Cultic Atonement Metaphors Stephen Finlan, 2004. This examination of Gentile and Jewish religious and literary descriptions of sacrificial and expulsion rituals provides a useful background to the study of Paul's metaphorical use of sacrifice and scapegoat to characterize the significance of the death of Jesus. In addition to offering an overview of Paul's use of cultic metaphors and an assessment of Paul's synthesis of martyrology and cultic metaphor, this work shows how Paul uses still other metaphors: acquittal, reconciliation, adoption, to picture the beneficial after-effects of that death. Paperback edition is available from the Society of Biblical Literature www.sbl-site.org.

The Law of Testimony in the Pentateuchal Codes Bruce Wells, 2002.

Ecological Hermeneutics David G. Horrell, Cheryl Hunt, Christopher Southgate, Francesca Stavrakopoulou, 2010-06-02. Leading scholars reflect critically on the kinds of appeal to the Bible that have been made in environmental ethics and ecotheology and engage with biblical texts with a view towards exploring their contribution to an ecological ethics. The essays explore the kind of hermeneutic necessary for such engagement to be fruitful for contemporary theology and ethics. Crucial to such broad reflection is the bringing together of a range of perspectives: biblical studies, historical theology, hermeneutics, and theological ethics. The thematic coherence of the book is provided by the running focus on the ways in which biblical texts have been or might be read. This volume is not about ecotheology but is instead about ecological hermeneutics. Indeed, some essays show where biblical texts or particular approaches in the history of interpretation represent anthropocentric or even anti-ecological moves. One of the overall aims of the book is to suggest how and why an ecological hermeneutic might be developed and the kinds of interpretive choices that are required in such a development.

Fuel your quest for knowledge with Authored by is thought-provoking masterpiece, **Purification Offering In The Priestly Literature Its Meaning And Function** . This educational ebook, conveniently sized in PDF (PDF Size: *), is a gateway to personal growth and intellectual stimulation.
