Yohannan, 2011-01-01 **Missions** Gailyn Van Rheenen, 2014-07-22 In a rapidly changing world the central missionary vision of the church must be constantly renewed lest its foundations become lost in the confusion of change or its practices trapped in missionary models of the past In this second edition of *Missions* long time missionary Gailyn Van Rheenen revises and updates his classic text on Christian missions laying sound theological and strategic foundations for the missionary of today and tomorrow Van Rheenen helps renew the missionary vision by discussing areas such as The history of Christian mission and how it affects where we are today Spiritual formation for God's mission The missionary cycle Cross cultural communication The character and calling of missionaries Types of missionaries Church maturation Selecting mission fields The role of money in missions Four levels of involvement in missions But *Missions* is more than blackboard theory Written by a long time missionary it carries the conviction and insights of one who has lived his subject Accessible to students practitioners and laypeople alike *Missions* provides a primary go to resource for understanding and becoming involved in the dynamic activity of world missions *A Survey of World Missions* Robin Hadaway, 2020-05-01 Robin Hadaway presents a full survey of world missions addressing biblical theological and historical foundations as well as culture context philosophy and missions strategy **The Coming Revolution in World Missions** K. P. Yohannan, 1986

Revolution in World Missions K. P. Yohannan, 1996-07-31 He was barefoot until the age of 16 In this exciting and fast moving narrative K P Yohannan shares how God brought him from his remote jungle village to become the founder of Gospel for Asia which now supports 7 000 native missionaries in ten Asian countries He challenges Western Christians from his unique Third World perspective to examine and change their life styles in view of the millions who have never heard the gospel This book could change your thinking and your life as of 1992 **Roots and Remedies of the Dependency**

Syndrome in World Missions Robert Reese, 2010-06-17 The Christian movement is entering a new postcolonial era with centers of the faith on all continents American Christians have often felt uniquely qualified to lead this growing movement because of a long history of sending missionaries and funding mission projects Yet something is hampering the relationship between Western and non Western churches preventing the dynamic synergism that Christians might expect *Roots and Remedies of the Dependency Syndrome in World Missions* Robert Reese identifies this hindrance as the Dependency Syndrome a relic of colonial mission methods With three decades of experience in Zimbabwe Reese explains the roots of dependency and how this continues to cloud the vision of many well meaning Western Christians He documents the tragic results of relying too much on foreign ideas institutions personnel and funding that sideline non Western churches from fulfilling the Great Commission Reese addresses remedies for dependency examining healthy mission models tried and tested since the days of the apostle Paul From issues that arise from globalization to best mission practices in the twenty first century *Roots and Remedies* aims to achieve what most Christians are seeking but find elusive how all parts of the diverse

Body of Christ around the world can cooperate productively to bring Christ where He is not now known without creating dependency

Revolution in World Missions K. P. Yohannan, 2004 Young Yohannan had no idea what those words of surrender would mean for his life and for millions of others in his generation Once an insecure 16 year old he became a missionary statesman who has impacted the world of missions and whose unbending message has touched hungry hearts on every continent

The Changing Face of World Missions (Encountering Mission) Michael Pocock, Gailyn Van Rheenen, Douglas McConnell, 2005-10-01 The dramatic changes that have taken place both in global society and in the church have implications for how the church does missions in the twenty first century These trends include the rise of postmodernism the spiritual decline in the West and the advance of the gospel in the rest of the world and the impact of technology on society and missions The Changing Face of World Missions is for the mission minded church leader or lay person who wants to understand these trends Each chapter identifies and evaluates a trend examines it in light of Scripture and proposes a practical response Important terms are defined and sidebars help readers think through the issues on their own

Factors Behind the Ukrainian Evangelical Missionary Surge from 1989 to 1999 John Edward White, 2020-03-16 Throughout its history the Soviet Union was one of the most closed places in the world to missionary work As perestroika came in the late 1980s and the Soviet Union fell in 1991 a spiritual vacuum formed as massive numbers of people became interested in Christianity An unprecedented freedom allowed evangelicals to engage in missionary work Much has been written about foreign evangelical missionary work during this period but virtually nothing has been written about nationals doing ministry This book examines the remarkable surge in Ukrainian evangelical missionary work from 1989 to 1999 Both Baptists and Pentecostals engaged in a wave of missions flowing from Ukraine to the end of the earth Siberia What were these pioneering missionaries like What motivated them What enabled them to do what had been forbidden for so long What legacy did they leave for us today What can we learn from their example for future missions This book also looks at how a surge in missions takes place analyzing the factors behind the Ukrainian evangelical missionary surge by looking at different models for change Here we consider what steps can we take to help bring about new missionary surges

World Mission Robert A. Wright, 1991-12-02 Wright examines these churches historical connections with the outside world and their newly cultivated interest in international politics He argues that the clerical and missionary lite s vision of a new internationalism was burdened by essentially Victorian ideas of the inherent superiority of Protestant Christianity political democracy and Anglo Saxon race characteristics Tensions between its traditional world view and the new realities of international and inter racial relations eventually made this vision untenable According to Wright the Canadian churches of mainline Protestantism tried to find a middle ground They relaxed the link between conversion and westernization and came to accept the legitimacy of indigenous churches in Asia and Africa Although they ultimately stuck to their theme of Christian brotherhood and service they confronted the theological challenges of reconciling Christianity with other belief systems and

the intellectual revolution in the West And although they paid ritual respect to the League of Nations and collective security and accepted war in 1939 as necessary they showed keen interest in disarmament While the ambivalence of this middle ground had some tragic consequences such as the incapacity of the Canadian Protestant leadership to lobby forcefully on behalf of either European Jewish refugees in the 1930s or Japanese Canadians interred during World War II there were successes in humanitarian relief and educational work abroad The churches activities also helped shape the international role of the Christian community and their eventual acceptance of both ethnic diversity and the developing nations right to self determination laid much of the groundwork for Canada s post war approach to foreign aid and development
